## FANT'S LIVER REGULATOR.

OPERATES chiefly on the intestinal canal and abdominal viscera, augmenting all the secretions and excretions. It is by no means merely purgative, but alterative, changing and improving the whole assimilative process. Hence it is of great use in obstinate derangement of the Digestive Functions, in Obstructions and Enlargements of the Liver, the Mesenteric Glands, and other viscera of the abdomen, in irregular circulation, particularly of the vena portæ, in diseases of the Bladder and of the Uterus. From its ener getic action upon the organs and functions just named, it proves eminently efficacions in most forms of Indigestion, in obstinate Costiveness and Billious Affections, in acidity of the Prima Vice and Heart Burn, in Jaundice and Gall Stones, in some species of Cutaneous Diseases, in Chronic Cough and Asthma from Indigestion. Prepared only by
