BLUESTONE, for sale cheap, at Dr. W. F. Pratt's Drug Store. 44-2t.

Newberry as a cotton market—5,067 bales of cotton were shipped from this place during the month of October.

FIRE.—Mr. Mike Buzzard had his gin house, with five bales of cotton and a large quantity of cotton seed, burned Sunday night. There is no doubt that it was the work of an incendiary.

The weather has been so dry that our farmers have been unable to sow their small grain. This is unfortunate, as they intend this fall to sow more largely in grain than usual, depending less on cotton.

BUSHWHACKED.—A young man by the name of Lindsay was shot from ambush by some party unknown somewhere near Prosperity Sunday afternoon while riding along the road. Two shots took effect, one in the back. The wounds are considered mortal.

Col. W. D. Simpson was present at the Democratic Club meeting last Friday night and delivered a fine speech. The Colonel is one of the first orators of the country, and has an abundance of good sense and learning to back up his eloquence. It is a real pleasure to listen to him.

RELIGIOUS.—The Fourth Quarterly Conference met in the Methodist Church Friday evening. Presiding Elder Manning Brown was present, and the meeting continued till Sunday night.

Dr. W. M. Grier, President of Due West College, preached at Thompson Street Church Saturday and Sunday last.

Dr. Hugh H. Toland, a former resident of Newberry, is on a visit to his relatives and friends in the country. Dr. T. is about 70 years of age, though he looks much younger. He first practiced medicine in this country, then went to Columbia, where he enjoyed a lucrative practice, and about twenty-five years ago moved to San Francisco, California. The Doctor has his wife and little daughter with him.

CLUBS.—We suggest to the gentlemen of the town, that as the campaign is now over and they cannot discuss politics any longer, they organize a literary or debating club. Newberry ought to have a Lyceum, Reading Room, Club Hall, or something of the kind, with a library and the best daily papers. If the men of the place will unite together they will soon have this. Who will move first?

The granite pavement laid by Messrs. Wright & Copcock on the sidewalk of Mollohon Row is a great improvement. It extends in front of the stores occupied by W. T. Tarrant, Wright & Copcock and S. P. Boozer. The work was superintended by Mr. L. M. Speers, who deserves praise for the creditable manner in which it has been performed. This is a sidewalk that is going to last till the next Centennial.

Messrs. Keene & Austin have had a pretty sign placed in front of their store, just underneath the big tin horn. We predict a prosperous business for these young gentlemen; they are starting right. It is time merchants had learned that people, in this fast and busy age, are not going to run around to hunt a man and inquire what he has. They will go where the sign-boards point. Painters' signs and printers' ink are the best sign-boards in the world on the road to business.

THE STATE FAIR.—Is Newberry County going to do anything for the Fair? We know that every thought and energy has been concentrated on the canvass—politics have been in the ascendant. But now it is over, and the people of Newberry should lend some assistance either by contributing articles for display or by their presence. Both will be better. Our farmers and mechanics can surely show something, and the ladies can do very much in a cause which will not only afford great pleasure, but will advance the material interests of the State. The postponement of the fair until the 28th was wise, as it will give ample time to prepare. The G. & C. R. R. will give a liberal rate of passage, and the hotels in Columbia will reduce the charges for board and lodging, and besides this the citizens generally of the city will afford every accommodation in their means and power to make the season a pleasant one. Let everybody go who can.

VETERAN VOTERS.—Among the veteran voters who came in on Tuesday to help by their ballots to redeem the State, we noticed the venerable Uncle Tom Chandler and Mike Kinard, who have not been to the Court House in several years. Mr. Martin, the aged father of Mr. J. N. Martin, also turned out on this memorable occasion. That there were many others we have no doubt, and it would afford us pleasure to record their names if we knew who they were, as it is all honor to be given them.

Trial Justice W. H. Thomas, late candidate for the Legislature, said, in a public speech in Moon Township last Thursday, "The Democratic party is a devilish, infernal mob, to crush out rights and liberties." These are his exact words, taken down at the time by a responsible gentleman. We do not state this as a charge against the republican party of the county, for many members of that party condemn it as heartily as we do; his language met with no sympathy in the minds of his republican hearers. But we desire to show the good people of Newberry what sort of a man he is—a nice character for a legislator, truly.

CONJUGAL INFELICITY.—Yesterday when everybody had voted, and matters were growing somewhat monotonous, a colored woman appeared on the scene and made things lively for a while. Having learned that her worse half had voted the Democratic ticket, she came out on the public square, seized him by the collar and proceeded to dress him off with a big stick, when the police interfered in his behalf. Another colored man was told by one of his brethren that his wife would kick up a fuss when she heard he had voted the Democratic ticket. He said: "Look here, I'm the boss of my family—I run that concern. If my wife wants to kick up a fuss, let her kick—if she wants to quit me, let her quit; there are two more gals up there waiting for me."

Even if we are not smart we know what to do when troubled with a cough or cold. No doctor bills for us. We take a 25 cent cure, go to the nearest drug store and buy a bottle of Dr. Ball's Cough Syrup. One dose relieves us and one bottle cures us entirely.

The Singing Class of Miss Mattie Boyd closed its session on Thursday night, at the residence of Mr. John Chapman, with a musical soiree. The occasion, we are pleased to say, was a delightful one, and was enjoyed by a large number of interested persons. The class was out in force and did itself and its amiable and accomplished teacher great credit. At the conclusion of the concert Mr. A. C. Jones, at the request of Miss Mattie, in a neat little speech returned thanks to the class for its uniform good behavior and earnest attention, and her deep regret that the session was closed teacher and pupils had to separate. During the remarks of Mr. J. some of the boys had to hurrah for Hampton. This was not intended as a discourtesy, however, and we mention it to show that Hampton fills the mind and heart so completely that from their abundance the name is always escaping. We will not be surprised to hear next some good church brother, instead of his usual earnest Amen, say "hurrah for Hampton."

The troops in garrison at Newberry were disposed of as follows on Tuesday: Twelve men under Lieut. Todd at Prosperity, six men under Lieut. Patton at Williams' Store, and the remainder, about twenty-five, under command of Lieut. Bates in convenient distance of the Court House box, where it was supposed the stubbornest fight would be made by the "shot-gun" Democracy. An officer, with a private holding a bugle, watched the human mass of white and black voters, prepared to sound the call to action—but the crisis did not present. There was no need of governmental interposition to stop the flow of blood which Chamberlain made believe would deluge the streets of Newberry—and although there was cause sufficient to arouse the vengeance of the "shot-gun" Democracy, who were prepared for any emergency, forbearance was the watchword, and the consequence was that the day passed off in perfect peace—there was not the slightest jar to interrupt the general harmony.

Dr. S. F. Fant is giving away a handsome book entitled "Pearls for the People," containing much valuable information and many interesting articles. It also contains a history of the discovery of the "Hepatitis," for diseases of the liver, dyspepsia, constipation and indigestion, etc., and gives positive assurance that when the Hepatitis is used it effects a permanent and lasting cure for these diseases, which prevail to such an alarming extent in our country. Take the Hepatitis for all diseases of the liver. 44-tf.

THE BIG SHOW.—As the time approaches for the coming of Old John, great anxiety is evinced among his patrons to hear the opinion expressed by our exchanges. From among a host of laudatory notices we clip the following from the Rome Daily News, at which place the Big Show gave its exhibition recently:

"We were fortunate enough to be numbered among the throngs that gathered for the large tent of Robinson's circus, and members of the funny tribe from all Lowland the clown, were all there. In the female gymnast, and the child equestrian, were especially good and caused much applause. It is needless for us to advise our friends not to fail to see Old John's show, for everybody knew that he is to be relied on. In conclusion we must state that the performance was chaste and orderly in every particular."

ABOUT THE TOWN AND COUNTY.

The weather last week was just as fine as could be desired.

Lindsay's bridge is impassable for wagons.

Diphtheria still prevails to some extent in this county.

The "creetur companies" of this county are in lively condition.

Job printing executed with neatness and dispatch at moderate prices.

Sow oats, sow oats and then sow oats.

Stationery is very stationary just now.

There is a good stock at the HERALD Book Store, suffering for buyers.

Look at the new advertisements in this week's paper. It will be seen that some of our merchants have goods.

Now that the campaign is over we expect to chronicle a few marriages.

We hear of one shortly to come off.

Have not heard anything of the turnip crop of Newberry. Generally before this time reports have been made.

The sweet potato crop is unusually large. Farmers who heretofore have not made enough for home use, now have potatoes for sale.

Three old fellows went to a baited hole for suckers one day last week. They had better been at home attending to business. They did not catch a "bait."

Subscribers are coming in—thanks. There is room for a few more. Be sure to bring cash or its equivalent. Printers cannot live on air, or on promises.

Wright & Copcock's new granite side walk on Mollohon Row will be ahead of anything yet done in Newberry.

On Friday last a distinguished fisher of suckers fell into Mendenhall's pond. It was a huge fall—as the individual weighs about 230 lbs.

The oldest man says he never saw the like in cotton. Buyers are roused from their slumbers early in the morning and are kept busy till nightfall.

One was asked if he were getting rich—the reply was mournfully in the negative. He said he was only two weeks off from the poor house. We think he was romantic.

If the ladies of Newberry desire to be in the fashion they will encase their feet in Foot's box-toed, side-buttoned shoes. Reliable says they are just the thing.

A merchant went off the other day to recreate, as business was dull, and on his return he found his clerks had nearly sold him out of goods. Trade was brisk that day.

It is comforting to know that the farmers of Newberry County are sowing largely of oats for next summer, and barley for spring use. You cannot put in too much.

W. H. Thomas, ex-reverend and present Trial Justice, told the colored people at the radical speaking at Cedar Grove last week that the worst republican is better than the best democrat.

A young lady got to putting on airs at the Post Office the other day. She asked for stamps and the clerk gave her green ones. She said she wanted pink; her stationery was pink, and she wanted stamps to match.

It is an indisputable fact that everybody reads the newspaper and yet only about one-half the number subscribe, and half of this number get mad when asked to settle. It's enough to make a saint swear.

The reader will please excuse us for copying the following from the *Carolina Argus*—"The Newberry HERALD is one of the best country papers in the South."

If it were not that several others have the same opinion we would not give the item a place.

The editor of the *Abbeville Medium* goes after delinquent subscribers with a shot gun. As we have been disorganized by Chamberlain and cannot adopt the shot gun policy, we hope our delinquents will come up of their own accord.

Mr. L. C. Moore has been one of the most active men in the campaign. He puts his shoulder to the wheel in everything he undertakes. He is first in peace, first in war, and first in the hearts of his countrymen. Besides this he keeps a first rate stock of goods.

Bush river has been subjected to a severe test during the last ten or fifteen days, and although the fish caught have been few in number there are a few piscatorial disciples who rush there every day in hope of a bite if they get no fish.

Maj. Delaney deserves the gratitude of the good people of Newberry for his able and efficient work for Hampton. He spent the whole of last week in travelling throughout the county, making speeches to the colored people in the interest of reform and good government.

She used to meet him at the gate with a kiss, and a smile like morning light, but now she comes to the door in a dingy calico wrapper, and shoes down at the heel, shades her eyes with her hand, looks earnestly to make sure it's him, and as he walks up to the house, tired and careworn, inquires with a voice that seems to need oiling: "did you bring that butter?"

GARDEN WORK FOR NOVEMBER.—"Begin to plant and prune fruit trees. The earlier the vine is pruned after killing frosts the better. Gather and bank sweet potatoes. Beets, turnips, etc., will generally stand our Winters without injury, but it is best, for security, to put up a portion of them in bins, like potatoes, ready for use, in case the Winter should be unusually severe. English broad beans and early English peas may be planted this month. Thyme, horse radish, etc., may be taken up and divided, strawberry beds planted, and the ground manured and prepared for Spring work."

FOR THE HERALD.

Be Right!

"Be right; trust to the justice of your cause, for surely the time cannot be far distant when every American who truly loves his liberty will not fail to recognize his own cause in the case of Constitutional Government in Louisiana."—CARL SAUND.

Be Right! Thy God will still the strife, That glooms our lovely Land, And break the strength that lifts the sword In a rude Tyrant's hand.

Be calm! For they who wrongly rule Must mourn the fatal hour That lured them in the mask of Hope To wield the despot power!

Be Strong! Ah, He who is for aye, With His unchanging might Will crush the creature, man that dares To stain with Wrong the Right.

Be True! Oh, Southern men, be true! Stay thou the crimson flow, The traitor he who binds the chain And strikes the fallen foe.

ESMERALDA BOYLE.
Washington, D. C., January 13th, 1876.

FOR THE HERALD.

The Golden Locket.

'Twas only a locket of rare old gold, Chased so quaintly queer, But it gleamed on the throat of a maiden fair, With soul-lit eyes and curling hair, And form of peerless grace.

To her it was a priceless gem, Her talisman of light, For concealed within its golden case A proud and handsome manly face For four long years had been.

As she stood alone in her beauty bright, And kissed with ruby lips That handsome face with its genius rare, She dropped a tear and breathed a prayer For a star which had suddenly set.

Then softly she loosed the ribbon blue Which held her treasure dear, And passionately pressed it to her breast, Then tenderly laid it away to rest, Till graves give up their dead.

ADVICE GRATIS.

The Hon. Alexander B. Stevens says:—"The Globe Flower Cough Syrup has proven a most valuable remedy to me."

Gov. James M. Smith, of Georgia, says:—"I shall always use it with perfect confidence, and recommend it to the public as a remedy which will afford that satisfaction experienced by me and mine. It excels everything for coughs, colds and obstinate lung affections."

Ex-Gov. Brown, of Ga., says:—"He finds the Globe Flower Cough Syrup a most excellent remedy."

Such endorsement by our great and good men deserves the attention of the afflicted. Those suffering from coughs, colds and lung affections should use the Globe Flower Cough Syrup. It will positively cure consumption.

SINGULAR FACT!

Is it strange that people run off after strange things, when they could do better at home? Nearly every man, woman and child in the country knows Ayer's, Jayne's, Wright's, Radway's or Tuff's Pills, and very few know Dr. Jas. L. Glider's Liver Pills; and yet, we venture the assertion, that one buying and using a single box of Dr. Glider's Pills, will never buy of another manufacturer. Dr. S. F. Fant sells them. 26-5t.
