The place to get bargains in Crookery, China, Glass and any other kind of ware used in the household, is at Messrs. Kingsland & Heath's store, in Columbia, under the Columbia Hotel. The stock is large, and so various that every taste and necessity can be supplied. Look in and examine when in the city, or send orders which will be satisfactorily filled.

Dickens' Restaurant is open for the season. 36—tf.

When Edward Scholtz repairs your clock or watch it is warranted for one year. Try him. Satisfaction guaranteed. 15-ly.

THOMPSON, Dentist, over Pfister's Store. 35-ly.

See card of F. Weber, Jr., Deputy Surveyor.

For all sins of omission as well as commission in last week's issue of the HERALD we offer an explanation of deep interest in the election. Very little else could be thought of.

Just Received—a fine lot of Northern Apples. B. H. CLINE & CO. It.

Another Labor Reform Association endorses the action of the merchants in regard to refusing credit to political enemies. See the resolution in another column.

Messrs. McCreey, Love & Co. of the Grand Central Dry Goods House, offer unprecedented attractions in all goods in their various lines, and are able to fit a lady or gentleman out from the sole of the foot to the top of the head in the latest and most approved style, and at about half the price it could have been done one year ago. Wholesale or retail; they are prepared for anything that offers, either in the way of filling a store or furnishing a wardrobe. 46—tf.

There is something grand and inspiring in the shouts of redeemed and liberated people. Ground down by tyranny of the most debasing sort for long weary years—the tyranny of ignorance and corruption—it is almost more than we can bear to have such a flood of joy and happiness poured into our hearts and souls. The scene on the Court House square Thursday when Judge Pope announced the good news from Columbia was enough to put life into a dead man.

ASSIGNEE'S NOTICE.

All persons having Watches or Clocks in my hands as Assignee of John F. Speck, are notified that they must call and pay charges and take them away by the 25th of this month, otherwise they will be sold on SALE-DAY IN DECEMBER, at Auction. JOHN O. PEOPLES, Assignee. Nov. 13, 1876—46, 31.

THE COLUMBIA HOTEL.—The traveling public will be glad to learn that this popular house is now open, after having undergone thorough repair and renovation in every part and parcel. With refitted rooms and improved appointments, attentive waiters and competent officers, the Columbia is well given to receive guests and will give them all the comfort and satisfaction they can possibly desire. Mr. Owen Day and Mr. John Gorman both know how to keep a hotel, and they will do their best, we are satisfied.

The readers of the HERALD and the friends of Mr. C. F. Jackson will be pleased to learn that the popular loved priced store, of which we have spoken so often in the past, is full to the brim of new, seasonable and cheap goods—that is if not all sold since the reception of his new card. His facilities are so favorable and his energies so great, however, that if he should be sold out in one week he would be filled up by the next, so that no one need be under apprehension of not getting what is needed. Call on him when in Columbia, or send him an order, and you may be sure of satisfaction.

Whoever heard of double-breasted overcoats? In making up some fashion notes these weeks ago, we said: "Both overcoats and basques are made double-breasted." Several of our exchanges have copied the "notes" and made the same mistake, among them our old friend of the Press and Banner. Now, he ought to know better than that, being a man of many years and much experience. We set up the double-breasted overcoat as a matter of course for our readers; but we can't find it. We intend to obey the old adage hereafter: "Let the shoemaker stick to his last."

THE BIG SHOW.—As the time approaches for the coming of old John, great anxiety is evinced among his patrons to hear the opinion expressed by our exchanges. From among a host of laudatory notices we clip the following from the Rome Daily News, in which place the Big Show gave its exhibition recently: "We were fortunate enough to be numbered among the four thousand under the large tents of Robinson's circus, menagerie and aquarium yesterday. How did well in this city but Robinson did better. Every available space was occupied by anxious, confiding spectators, nor was their confidence wasted on the desert air. Everything was done so glowingly portrayed on the boards of the city really existed under the immense tents. Beasts, birds, reptiles and members of the finny tribe from all countries, were presented to view. The ring performance was equally as good as the menagerie. Vaudeville artists, dancers, and singers, and above all Lowly the clown, were all there. The female gymnast, and the child acrobat, were especially good and caused much applause. It is needless for us to advise our friends not to fail to see Old John's show, for everybody well knows that he is to be relied on. In conclusion we must state that the performance was chaste and orderly in every particular."

SINGULAR FACT! It is not strange that people run off after strange things, when they could do better at home? Nearly every man, woman and child in the country knows Ayer's, Pills, and very few know Dr. Jas. L. Gilder's Liver Pills; and yet, we venture the assertion, that any one buying and using a single box of Dr. Gilder's Pills, will never buy one of another manufacture. Dr. S. F. Fant sells them. 26-31.

ABOUT THE TOWN AND COUNTY.

The State election was a regular Bull Run victory. Not a drop of blood was shed. Chloroform Carpenter has received the news. The man who does most has the least time to talk about what he does. Attention is called to the advertisement of the store room to rent by Mr. Pratt.

Now that the election is over every man should go to work with a vim and make up the time. The citizens of Newberry find it hard to get down to business since the election.

Mr. Geo. A. Langford deserves special commendation for the good work he did for the democracy during the campaign.

We were sorry to see so many persons under the influence of liquor Thursday. In a time like this, especially, it behooves every man to be sober, and to keep his head level.

Pool's boat wall was slightly demoralized by the mountain howitzer on Thursday, and wheeling suddenly threw the driver, Mr. Harp, from the buggy. Damage done was slight.

Scott Thompson, colored democrat, was assaulted by a mob of colored republicans, mostly women, on Thursday and received a knife wound.

Three colored wenches from rotten road had the temerity to cut up republican diabolism in a crowd of exhilarated democrats the other day, but fortunately for them they received no injury.

Don't forget that the HERALD has given every energy and worked hard during the late struggle for redemption, and that a few more subscribers would be a great help.

If there is a fat office in the gift of the county it should be given to George Cannon. His throat is torn to pieces hurrahing for "Rampton."

It is amusing to hear the different expressions of the colored democrats—one was heard to say that the moral doom of the republican niggers was busted all to pieces.

Jeremy Taylor it was said: No man is poor who does not think himself so. But in a full fortune, with impatience he desires more, he proclaims his wants and his beggarly condition.

Farmers are advised to make arrangements to shelter their cattle. Winter is on hand and soon the sharp winds will blow. Humanity demands that care be taken of the dumb animals. Warm shelter saves food.

Mr. Daniel Buzzhardt and Mr. George Hipp have laid out our table fine specimens of Flat Dutch and Winter turnips. The samples are an average of their crop. Who next?

"Send me a kiss in a letter"—is a beautiful idea, but to our taste just now \$2.50 in a letter to pay for the HERALD is of a more sublime and elevating character.

The circus trains passed through Newberry on Sunday last. There were two heavily loaded trains. The company will perform here on next Saturday.

Grant's bayonets left Newberry on Friday last. The fighting done is scarcely worth mentioning. The army is now concentrated in Florida.

No man in Newberry County should consider himself too poor to take his county paper, and if ever there was a time to keep posted, now is the time.

During the last two weeks of political excitement very few subscribers to the HERALD came in to pay—nor did we look for them to do otherwise. Now, however, they are expected to settle, for money is needed. Don't delay to settle your dues.

Several subscribers who commenced early in the year and promised to pay in the fall have not complied. We will wait a short while longer, and then if they fail look out for squalls.

The Abbeville Medium has gone into a new business—it has a "fine cow and calf" at the office for sale. We are not so fortunate and would like to buy a good one. Have you one for sale?

That staunch democrat, Gourdin, deserves well at the hands of the citizens of Newberry. He has been straight out all the time.

The seven days' wonder is what has come over the farmers who used to bring in wood. There is a great demand for the article now. The printers need some as well as others.

Now that political articles are out of date the readers of the HERALD are requested to send in all the news that they have. Remember that the HERALD circulates all over the county, and people want to know what is going on.

Now is the best time to subscribe for the county paper. What with a new President and a new Governor, both for the people there will be good news all the time—and then it can be had fresh every week for only \$2.50. Everybody ought to take it.

Deservingly popular. We mean Dr. Bull's Cough Syrup, for it never fails. Physicians recommend it.

ADVICE GRATIS. The Hon. Alexander H. Stevens says: "The Globe Flower Cough Syrup has proven a most valuable remedy to me."

Gov. James M. Smith, of Georgia, says: "I shall always use it with perfect confidence, and I commend it to the public as a remedy which will afford that satisfaction and relief which no other medicine affords."

Ex-Gov. Brown, of Ga. says: "He finds the Globe Flower Cough Syrup a most excellent remedy."

Such endorsement by our great and good men deserves the attention of the afflicted. Those suffering from coughs, colds and lung affections should use the Globe Flower Cough Syrup. It will positively cure consumption. For sale by S. F. FANT.

An Unanswerable Argument. The strongest argument which can be urged against the advisability of administering such corrosive and nerve-destroying poisons as arsenic and quinine for intermittent and remittent fevers, is the vast superior success in the prevention and cure of such diseases of a medicine which is the very antidote of the above named drugs, both in respect of its composition and the results wrought by it.

Latest Telegrams from the Recorder.

WASHINGTON, D. C., November 12.—The returns of the popular vote show that Tilden has a majority of 275,000. It is claimed that if H-yes should be elected by one electoral vote he would be the only President who went into office as a minority President. But a majority over the other candidates, while Tilden has a popular majority of over a quarter of a million over Hayes and Cooper.

New York, November 11.—Figures received at Democratic headquarters to-night give a Democratic majority of over 6,000 in Louisiana.

New York, November 12.—The contents of the journals are unchanged in tone to-day. The Sun and World remain in the election of Tilden, and claim for him 203 votes against 165 for Hayes. The Times regards the election of Hayes as settled and certain.

Herold is anxiously awaiting the result, and gives some details of Northern men going South to hurry up the returning boards.

New York, November 13.—The Herold still gives Hayes 160 electoral votes and Tilden 184, with 19 doubtful. It says, referring to the doubtful States, so far as additional detailed returns go, they point as before to Democratic success.

CHARLESTON, November 13.—The Democrats to-day filed a protest against the election in Charleston County. They allege that the whole county was controlled by intimidation and terrorism, and that no opportunity to vote was given the qualified voters; also, that large numbers who desired to vote were prevented from voting the Democratic ticket; also, that the legal number of polls was not opened.
