

The Herald.

T. F. GRENEKER, GEO. B. CROMER, EDITORS.

NEWBERRY, S. C. THURSDAY FEB. 28, 1884.

A PAPER FOR THE PEOPLE.

The Herald is in the highest respect a Family Newspaper, devoted to the material interests of the people of this County and the State.

AVAILABILITY.

The course of American politics is availability, or, more properly, that which subordinates capability and integrity to mere availability.

It has been regarded as noteworthy by foreign students of our political institutions, that the statesmen of our country who bear the stamp of personal integrity and are endowed with a high degree of wisdom and political foresight, are not the men who are called to the presidency.

Each political party is looking for a "light-weight champion" who has no "surplus" record to carry in the race, but who is backed by a heavy electoral vote; the first, and the last, question always—Is he available?

W. B. Cash, son of Col. E. B. C. Duellist Cash, is not disposed to let the public lose sight of him.

This is indeed an astounding announcement for a City so famed as Columbia has always been, for a due regard to all the rules of propriety. Do put pants on them or keep them in doors.

For several weeks the County Commissioners have called the attention of landowners to the law requiring them to remove from the running streams on their lands "all trash, trees, rafts and timber during the months of March and September in each year."

The channels of our running streams should not be so choked with brush and trees as to impede the flow of the water, and it is important that the timbers and trash already accumulated in them should be removed.

STOLE A LOCOMOTIVE AND KILLED HIMSELF.

The following appeared in the News and Courier.

"The party who was killed in a private row at the Vaudeville Theatre last night during the performance has been identified as Warren Davis, alias James W. Walker of Newberry, S. C. The verdict of the jury pronounced it a case of suicide.

PEN AND SCISSORS.

Col. John T. Sloan, Sr. will be a candidate for Secretary of State. Liquor is sold at only two towns in Edgefield County—Edgefield and Trenton.

Dr. J. M. Klein, Walterboro, S. C., says: "Brown's Iron Bitters have given universal satisfaction. They are famous."

On the 24th inst. there was a fire at Johnston in Edgefield County. Three or four buildings were destroyed and the stocks of goods lost. Partly insured.

The National Dem. Convention has appointed Tuesday, the 8th day of July next, as the time, and has chosen the City of Chicago as the place of holding the National Dem. Convention.

The latest news from Africa is that the Zulu King has the croup; this news is doubted by many, but notwithstanding, the friends of the king have sent him a case of Dr. Bull's Cough Syrup and consequently know his cure is certain.

The bill for the government of Alaska has passed the Senate. It simply creates an Executive and Judiciary for that distant land. It extends the laws of Oregon over it.

Jenkins says those Oregon laws must be awful elastic. A committee was on a hunt yesterday afternoon for the new pants for the policemen, but had not found them at dark.

Strength to vigorously push a business, strength to study for a profession, strength to regulate a household, strength to do a day's labor without physical pain. Do you desire strength? If you are broken down, have no energy, feel as if life was hardly worth living, you can be relieved and restored to robust health and strength by taking Brown's Iron Bitters, a sure cure for dyspepsia, malaria, weakness and all diseases requiring a true, reliable, non-alcoholic tonic.

FOR THE HERALD.

To the Readers of the Herald.

This is election year. Already the busy candidate has begun his hand-shaking—his extra politeness—his scheming—his wire pulling—cajoling and his taffy—has donned his stale, chronic smile.

Now this is a Republican Government, the people are supreme, and it is through the ballot-box, and through the ballot-box alone, that they can be heard, and make their power felt.

The men are in office by our suffrage. We have voted for one man because we liked him personally, he is a whole souled jovial fellow; we have not enquired, even if he is at all qualified for the position, much less if he is the very best man available.

It is a matter of very great importance that we have good laws enacted by our Legislature; and that we have faithful, competent officers to execute them. Then by all means let's select the very best men we can get, not simply the best man who solicits the place, but the best man available.

Very truly we can not recall the misspent hour of our boyhood days, but we can take, and read, the newspapers, and keep posted on the current news of the day, think over well, what we read, and study its bearings.

When we were under the Radical yoke, we had to resort to questionable methods and trust questionable men to get from under it; but now we are out of the woods, and we want good, clean work done.

The Constitution needs alteration. Our statute-book needs pruning, (we have had enough child-play and blundering.) We must have skilled workmen if it is to be well done.

These are homely ideas, crudely exposed, nevertheless, they are the ideas of GRANGER.

FOR THE HERALD.

DEAR HERALD—Your last paper says that the colored people are full of enthusiasm as to their educational progress. It seems that they esteem their present teacher. If they had had but the two teachers at Tranquil who performed their duties, I hope that the present teacher will try to cultivate the minds of their pupils and teach them to consider that this country is their home.

MURDERED FOR MARRYING.

NEWBERRY, February 22.—A negro by the name of Frank Jamison stabbed and killed another negro by the name of Suber near Goldville, Laurens County, last night. It seems that Suber had eloped with Jamison's daughter and married her. When Jamison next saw Suber he attacked him with a knife and killed him almost instantly. Jamison has fled and is still at large.
