INDEX TO NEW ADVERTISEMENTS. Clothing—M. L. Kinard. Cows for Sale—M. M. Buford. Notice, Board of County Assessors—Auditor. Notice, Board of Equalization—Auditor. Music! Music!! at the New Book Store. Examination. The yearly examination of the Newberry Female Academy will be on the 17 & 18, which we are informed the parents and trustees are invited to attend.

Register if you want to Vote. Those who have lost their registration certificates should have them renewed, and those who are 21 years old but have not registered should register, on Saturday in July. The Supervisor's office will be open on that day.

Clothing. We call special attention to the advertisement of Mr. M. L. Kinard, in this week's issue, in which he offers rare bargains; read it, and be convinced of the fact. He offers a watch for every cash purchase of \$12.00. Those going to Columbia next week will do well to call on him.

Puzzle. Where Flynn buys his goods is a puzzle to us and to every merchant in the upper part of the State, but there is one thing that is certain, you can buy as many goods from him for \$10 as you can get elsewhere for nearly double the money. Go and see him with the cash and you will be convinced that we speak the truth.

Religious. The protracted meeting of the Methodist church closed Sunday night. The services were all well attended, and much good accomplished. The preachers have decided not to close the churches as stated last Sunday, but will have union services through the summer months. There will be preaching at the Baptist church Sunday night.

Exhibition. The closing exercises of the Female Academy will be next Thursday night the 19th, consisting of vocal and instrumental music, calisthenics, Jacob's ladder, and several other features that we do not know of yet. This promises to be one of the best Exhibitions that the Academy has ever given. We learn that there are several prizes to be awarded, one to the music pupils, and one in the calisthenics drill.

For the Herald. LIBERTY HALL WHIRLWIND. MESSRS. EDITORS:—A whirlwind visited No. 4 Township last Thursday, between eleven and twelve o'clock, it struck Lewis Gaskins a clock of Henry Arthur's, while he was working in the field, and lifted him some distance in the air, first his feet were toward the ground then his head, but luckily he caught hold of a bush. Then came Henry Arthur's time, it upset him and carried him up a little ways, too, and while he was up in the air he cried out to the rest of the boys in the field to get him his hat, and not let it get away. Warren Arthur was present when this took place, but soon took his leave, when he saw what was going on. Lewis said "I wouldn't be caryed so much but I'd give ten dollars for five dollars." These were all colored.

S. J. McCrackin, our industrious colored farmer, has just recovered from a long spell of pneumonia. Z.

What We See, and What We Would Like To See.

"By the Old One."

We would like to see a more general taking to the hot water regimen of which very much has been said of late. Although our learned doctors "pooh, pooh" at the idea, we believe it to be good, that the man or woman who drinks a cup full of hot water a half hour, or an hour before meals, if at all despicible, will receive benefit. Taken at that time it acts as a scourer or cleanser of the stomach and prepares it for the food which soon will follow. The "old one", who recommends its use, will take it from this present writing.

There is a science even in the way of borrowing. Every one does not know how to approach a man of whom a dollar is hoped to be borrowed. You may perhaps have read of "Jeremy Diddler's" effort to inveigle a shillin' from the pocket of Sam, the waiter at an Inn. If so you know how signally he failed. "Sam", said the Diddler in his most insinuating tones, "Sam, have you got a shillin'?" "Yes, sir," said Sam putting his fingers in his vest pocket, and suiting the action to the word, "I means to keep um, sir," as he drew his fingers out again. This is one way, but it is an unsuccessful one. The better way is to approach a man when he is surrounded by friends, and ask him for the loan of a dollar for a few minutes or a day. The chances are that he will not refuse you, he would not have the courage to do so. We give this advice to those who are forced through impetuosity to "raise the wind" by borrowing, but the best plan in our opinion is not to borrow at all.

DOGS FEEL TOO BIG! A frog was a-singing, 'v'on day in der brook (Id was beddier mine friends, you don't feel too big) And he svelled mit pride, and he say, "shust look, Don't sing dose beautiful songs like a book" (Id was beddier, mine friends, you don't feel too big) A fish came a-shwimming along dot way (Id was beddier mine friends, you don't feel too big) "Til I take you out of der vet" he say: Und der leedle froggie vas shlowed away. (Id was beddier mine friends you don't feel too big) A hawk flew down, und der fish took in (Id was beddier mine friends, you don't feel too big) Und der hawk he dink dot der shmardest vin Ven he stnuck his claws in dot fish's shkin (Id was beddier mine friends, you don't feel too big) A hunter vas out mit his gun around (Id was beddier mine friends, you don't feel too big) Und he say ven der hawk vas brought to der ground Und der fish und der leedle frog vas found. ("Id was beddier mine friends, you don't feel too big")

One of the things we like to see is the large interest shown in the Herald by Dots from the various Prosperity correspondents, two weeks ago. This is right and eminently proper. Build up your town and localities by telling the people who you are, and what you are, and what you have got. Hiding your light under a bushel never yet brought anything to light, or resulted in any good. We should like to hear from Pomaria, from Smoky Town, from Beth Eden, from Whitlaine's, from Liberty Hall, from Boston, a little more from Jalapa, and in short from every part of the County. It would do good, it would wake the people up. The Herald shall be sent free to every man or woman who sends us a communication at least once a month or oftener.

It was our good fortune and great pleasure to meet a lady the other day, who we think the equal if not the superior to the one mentioned in the Herald, a month or two ago as having a tin foot-tub which had been in use for 25 years. She was wearing the bonnet she had worn for nearly the same number of years. Well, this most estimable lady says that not a pound of lard has entered her house in fifteen years. What think you of that good lady readers? Is it not remarkable and yet it is a true bill, we know a number of others who would not use the vile grease under any consideration. This lady uses butter; and the fat of beef stewed down; She does not use mutton or kid grease, but beef fat, and she says that the oldest and the poorest butter can be made good and sweet by boiling out the impurities. Is this not a secret worth knowing and preserving. Too much lard, and too much hog meat are used in the land, and when their use is discontinued the health of our people will improve, and doctor's bills will be lessened in size. We will be a happier as well as healthier people.

"Talking of old shoes" said the doctor, as he lit off the end of one the reporter's cigars, "they come handy in various ways. Old boots and shoes are made into Jamaica runs also into the richest of jellies. Not only are old shoes utilized but cast-off linen is used to make coffee and sugar."

"All these years, while you have imagined that you were sipping coffee from Brazil and rum from the West Indies, you have simply been drinking cast-off shoes and worn-out linen."

"Go to!" "Fact!" The jelly spoken of is made by boiling an old boot and shoe in soda, under a pressure of about two atmospheres. The tannic acid in leather, combined with salt

Mr. Henry Long, an aged and respected citizen living a few miles from town, died this (Tuesday) morning at 5 o'clock. Aged 83 years.

Our Town and surrounding country was visited by a beautiful shower on Monday evening. Cotton and corn is beginning to grow nicely.

Misses Lillie Luther, Mary Wheeler, Lillie Slight and Minnie Cannon who have been going to the Hagerstown Seminary, arrived home, on the up train, Monday.

We are glad to see the old shed near the Market House has been removed. Mr. Levi Slawson's large two-story wood shop is to occupy the same ground.

Mr. Robby Bruce and family returned home from Kingsville Monday, where they had gone to visit relatives. Bob reports that he had a pleasant visit.

The farmers are finishing cutting their grain this week, and they are happy in the prospect of eating biscuits at any and all times for the next twelve months. We that have to buy are hoping that flour will be cheaper than corn.

The Commencement Exercises of the Prosperity High School began last Sunday night, by a sermon by Rev. J. E. Bushnell, in Grace church, to the Students of the school. There was a very large congregation out, and more than one hundred of the pupils in attendance; they occupied the middle row of pews. It was a beautiful sight to witness so many youthful faces, turned towards the minister eager to hear what he would say, that would interest them. The Rev. gentleman took an appropriate text from Daniel and drew out a lesson that the children of to day should learn from some of the captive Jewish youths, and we hope this lesson will make a lasting impression upon the youthful hearers, and be the means of stimulating them to make useful men and women, wherever they shall be in after life. The Examination commenced on Monday morning. It was our pleasure and privilege to witness some of the classes drill in the different studies, and we were well pleased by what we saw and heard, by it we have had our conviction strengthened that we have a school we may well be proud of, and that we have a corps of Professors in every way competent to fill the positions they occupy. While we were there we heard the little boys reading and spelling, then a large class in mathematics, and then a still higher class talking about the earth freezing up, the stars, moon and the sun. Now a good deal of this was just a huckle berry above my persimmon. The Examinations are still going on to day.

The Prosperity High School Association met in the Academy building Monday night and elected officers for the ensuing year: President, A. H. Wheeler; Vice-President, B. L. Dominick; Secretary, A. M. Wyse, and C. F. Boyd, Treasurer. The President's report showed that the school was in a very flourishing condition; 119 students on the roll; the average attendance good. The amount of tuition for the year, was \$1868.93-100, which we think a splendid showing. As six of the old board of Trustees held over there were only three new ones elected, viz: R. L. Luther, J. M. Wheeler and H. S. Booser. After paying off the teachers, there will be an overplus greater than the deficit was the year before, and as the Trustees took the money out of their own pockets to pay the deficit, we think the Association did a good thing when they ordered the treasurer to pay back to each trustee the amount he payed of the deficit. Err.

The delightful nights, how refreshing they are, how restful the sleep which they afford. And the waking to the delicious morning, and the cool, early atmosphere, ere the sun in all his majesty and power heats the world in which we live. Our soul expands with joy and gratitude to the author and giver of all good for his blessing. We appreciate the blessing of sleep and we enjoy the waking and our heart goes out to the all-wise dispenser of favors large and small.

The Chicago Republican Convention opened on the 3rd, and it was an immense opening. It was a joyful occasion to the Republicans, and the delegates marched into the immense Hall under the inspiring influence of martial music and waving banners. Blaine was nominated for the Presidency and Logan for the Vice-Presidency. God grant that the ticket may be defeated, and the country delivered from Radical misrule.

Sunson's Legs and Locks. When Delilah clipped off Samson's locks that mighty athlete at once became "as other men." If it could be proved that the possession of luxuriant hair would enable men to tear open lion's jaws, Hirscox & Co., would be driven wild in the effort to supply enough of Parker's Hair Balsam to meet the demand. As it is the Balsam prevents your hair from falling out, and restores the original color if faded or gray. Besides it is a great addition to the toilet table as a dressing. June 1-1m.

Lace collars, ties and fichues in stock at half their former prices. Corsets are bound to go if 45c. on the dollar will clear them; it is strange how this can be done but we are determined to do it and clear the decks to gain our point. White lawn 48 inches wide marked down from 15c. to 8 1-2 c. fine white laces at 10, 12 1-2, 15, 18, 20, 22 1-2, reduced from 18c. to 35, 40 and 50. Ladies Under-vests 35, 40 and 50, from 50, 75 and 1.00. Hosiery in plain and fancy colors, full and regular made at a forced sale reduction this means business.

In Clothing we make competitors stand from under, but as our space is limited we cannot quote the prices. Cassimeres, Bleaching, Towels, Table Linen, Shoes, Shirts, Collars, Ties, and in fact every thing that completes the stock of a first class store to be found on our counters, at the same proportion of slaughter prices as the above mentioned goods. If customers will see to their interest they will call at once where they can buy as many goods for a ten dollar note as can be had elsewhere for \$18.00.

Respectfully,
