Three new candidates in this week's paper—two for School Commissioner and one for Sheriff.

James Seaborn, Esq., of Fair Play, has been re-appointed, by Gov. Simpson, Trial Justice for the county of Oconee.

We had a call from young Dr. Henry Elrod, of Anderson County, on Wednesday. He is visiting our commencement and is the guest of Mr. Wesley Pitchford.

The weather is becoming very dry. Corn and cotton will soon be needing rain badly.

Mrs. S. E. Porter, of Austin, Texas, is visiting relatives in our town. It is expected that she will write up our commencement exercises for the Austin papers.

John K. P. Battle, President of the University of Carolina, is the guest of Rev. H. Strong and J. S. Verner, Esq.

Rev. W. G. White, of Glasgow, Kentucky, is here, and is the guest of Rev. Hugh Strong. It is expected he will be appointed traveling agent of Adger College to secure an additional endowment fund.

We understand that several of our energetic and progressive farmers have finished laying by their corn crops. Corn is looking fine and vigorous, and begins to need rain.

Mr. Wm. G. Perry and wife are in attendance upon our commencements, and visiting relatives and friends here. Mr. Perry is the very efficient book-keeper and secretary of the Piedmont Factory.

E. P. Verner, Esq., informs us that he has been eating roasting ears for the past ten or twelve days. He procured his corn seed from the Agricultural Department at Washington.

Our office was besieged on last Tuesday afternoon by a crowd of young ladies. They made the acquaintance of the "devil", who explained to them the mysteries of the art-preservative of arts. Come again, young ladies.

Mr. Williams Thomas and wife, formerly from Oconee county, but now of Lexington, Holmes county, Mississippi, are registered at Biemann's hotel. They come here to spend a few months and enjoy our delightful climate and drink our cool and pure mountain water.

Mr. Richards, of the Greenville Daily News made us a "pop" call on Tuesday. He is looking after our college commencements and the interests of his excellent daily. The Daily News reaches Wallhalla several hours in advance of the Columbia and Charleston papers and contains full telegraphic and market reports.

We give to our readers this week the admirable letter of Mr. Tilden, which is a virtual withdrawal of his name from the list of Presidential candidates. Mr. Tilden has shown more strength than any man in the Democratic party since the war. He was a true reformer and had more strength with the people than with the politicians.

The following is the programme of exercises of Adger College to-day (Thursday, 24th.) Prayer; Music; Salutatory—J. F. Cooper; True Greatness—T. E. Stribling; Right Choice of Books—J. L. McLees; The Development of Man's Aesthetic Nature—B. F. Smith; Shall Our Laurels Withere?—J. F. Cooper; Anniversary Oration—Hon. Kemp P. Battle; Conferring Degrees; Valedictory—J. P. Carey; Benediction.

We have had laid upon our table, this week, two cotton blooms. One of them was from the farm of Mr. Frank Graham, near Seneca City, and the other from the farm of Mr. Harbin, on Nubbin Ridge. Both these blooms were found on Saturday, the 19th instant. The stalk of cotton from which Mr. Harbin pulled his bloom had on it twenty five well-formed squares. We call this quite early for blooms in this county, the 4th of July always being considered early for them. We should not be surprised to see the day come when cotton will be grown to perfection on the top of the Blue Ridge mountains.

Seneca City Items.

JUNE 21, 1880.

A member of the French Academy of Sciences, appointed by that body to obtain historical and geographical facts in the U. S. for publication by the French government, stopped at Coleman's hotel recently. He will visit every State in the Union and receive \$20,000 as compensation for his services.

A body of newspaper men passed over the Air-Line Saturday en route to Cincinnati. Luther C. Harbin, only child and son of Mr. and Mrs. W. L. Harbin, died on Saturday evening, June 13th.

At the quarterly meeting at Friendship, on Sunday, the 20th, the Rev. Mr. Jones preached to a large and appreciative audience from a text in 1st Cor., 10th chap. and 13th verse.

We have had several cool days. We are needing rain some. Crops are looking well. There will be an excursion to Atlanta on the 7th of July. Round trip from Seneca and Westminster \$2.00. A good chance to visit the Gate City.

The charades on Friday night were very interesting and well attended. We put down master Willie Thompson as the champion actor of the evening.

Married, on the morning of the 16th, at the residence of the bride's mother, Mrs. Lawrence, Mr. Warren Oigilliant and Miss Sue Lawrence. The happy couple left on the morning train for Marietta, Georgia, where they will remain for a while.

Mr. A. G. Sligh, the enumerator, has just worked up our town in his line.

Distinctions in Adger College.

The following pupils deserve honorable mention for distinguished success in Adger College during the session of 1879-1880.

James M. Broyles, James P. Carey, James R. T. James, Julian Legare, James O. Lewis, Richard L. Lenhardt, A. B. Marion, G. McBride, S. R. Riley, R. R. Tolbert, Sr., J. W. Wickliffe, Marshal S. Stribling.

The Court of General Sessions

Was convened on Monday morning last, his Honor, Judge Wallace, presiding. After the organization of the Grand Jury, His Honor charged the Jury briefly as to their duties and certain bills of indictment presented by Mr. Solicitor Cottrhan.

Only three bills of indictment were handed out—two for murder—the State vs. Bradberry and the State vs. June Smith. The Grand Jury found no bill against Bradberry. Our people are familiar with this case. A true bill was found against June Smith. He was put on his trial. The court appointed J. S. Verner, Esq., and J. W. Shelor, Esq., to defend the prisoner. These gentlemen conducted the defence ably, and had the success to reduce the killing to manslaughter and thereby save the prisoner's neck. Smith was sentenced to imprisonment in the penitentiary for a term of five years.

The only other case presented by the Grand Jury was the State vs. David Neal for burglary. The prisoner was defended by Mr. S. P. Denny. The jury, notwithstanding the able charge, found the prisoner guilty. The charge was for breaking into Major Beni ... and after being found guilty, the prisoner was sentenced to one year of hard labor in the penitentiary.

There were other cases on the Sessions Docket of minor importance, and the parties being on bail, the cases were continued. Judge Wallace, by his universal kindness, courtesy and firmness, has made a fine impression on our people. He has been in Wallhalla for the past week, and though suffering some from sickness incurred by the heated term at Abbeville, when he came, he is now re-invigorated by our cool nights and bracing climate.

Col. J. S. Cottrhan appears at his post of duty with fine health, good humor and a generous heart, which he always carries in his bosom. His discharge of duty in the past is a good claim to his re-election.

Najor Earle, of Greenville, and Mr. H. G. Seudday, of Anderson, were the only gentlemen from a distance in attendance upon our court.

The Sessions adjourned Tuesday morning early. A few civil matters were heard at chambers, but nothing of great importance was done.

Judge Wallace and Mr. Cottrhan will remain a day or so in attendance upon the exercises of the colleges.

Musical Convention. Notice is hereby given that the Oconee Singing Convention will meet at South Union on Friday, the 9th of July, and continue in session until Sunday.

It is hoped that every singing choir and Sabbath-school in the county will be represented in the Convention.

Addresses are expected to be made by Revs. H. M. Barton and B. Holder. W. T. BEARDEN, Pres. W. W. LEATHERS, Sec'y.

From Texas. We have been kindly permitted to make the following extracts from a private letter from Austin, Texas, dated June 11th, 1880, to Mrs. S. E. Porter, who is on a visit to relatives in our town from that State:

"The coming year bids fair to be a very prosperous one, the result of good crops and the immense amount of money spent in the State by the railroad contractors and builders.

"Recent good rains and other favorable circumstances have put the agriculturists all in smiles, and the balance of the community, schools included, will come in for a share of the harvest.

"The Democrats are jubilant over the recent nomination at Chicago, and we expect to clean out all the Federal office holders in Texas."

SPARTANBURG, June 20.—Yesterday was a bloody day for Spartanburg. William H. Burnett and Joseph Vinson got into a difficulty last evening near Boiling Springs, in which Burnett was killed by Vinson with a shot gun, the fatal lead taking effect in the breast, followed by almost instant death. The cause of the difficulty is unknown, but it is thought that Vinson, who is still at large, acted purely in self defence. Burnett is reported to have been a man of violent character, he having been tried at the last term of the court for assault and battery with intent to kill.

News has also been received from Gaffney's that a negro while robbing a house was killed by the police in their attempt to arrest him.

An alteration also occurred here last night between John Serier and Robert Nicholson, in which Serier received two painful wounds, one in the head and the other in the back, inflicted with a butcher knife. The wounds, while severe, are not considered mortal.

Two robberies also occurred here last night one in the Central Hotel, the other in the residence of Dr. Benj. Wofford. The amount of property stolen is unknown. Both offenders are still at large.

Messrs. Editors: The Board of Trustees of Adger College request you to publish the two following resolutions this day passed by the Board:

Resolved, (1.) That while this Board rejoices with and congratulates Prof. Benj. Sloan upon his promotion to a higher and larger field of usefulness as Professor of Mathematics and Mechanics in the South Carolina University, we deeply regret the severance of his connection with this college, in which he has labored with such marked efficiency and success from its foundation, and would hereby record our very high appreciation of him as an instructor and a gentleman.

Resolved, (2.) That, to fill the place which has been heretofore occupied by Prof. Sloan, this Board hereby elect Mr. W. S. Moore, a distinguished graduate of Davidson College and at present a student of John Hopkins University, Baltimore, Md., who comes before us most highly recommended and endorsed.

J. W. STRIBLING, Sec'y Board of Trustees Adger College. WALLHALLA, S. C., June 22, 1880.

The Democratic Convention at Cincinnati.

Tuesday last the National Democratic Convention assembled in Cincinnati, for the purpose of nominating candidates for President and Vice President of the United States. The great chiefs of the Democratic party from all sections of the country are in Cincinnati for the purpose of selecting suitable candidates to represent the party in the coming struggle.

CINCINNATI, June 21.—The South Carolina delegation met this morning, all the members being present, and elected Wade Hampton chairman of the delegation, M. O. Butler, vice-president of the convention, from the State of South Carolina, and Samuel Dibble, F. W. Dawson and T. G. Barker as the S. C. members of the Convention committees on credentials, organization and platform respectively. J. R. Abney was elected secretary from South Carolina. The roll of the delegates was called and the whole were found to be in favor of Bayard. No unit rule was adopted and each delegate is free to vote as he pleases, but they all please to vote for Bayard.

The Hon. James H. Rion, a member of the National Democratic Executive Committee, being prevented by professional engagements from attending the meeting, the committee have appointed Gen. John Bratt to act in his stead.

It is now pretty certain, notwithstanding the threatening attitude of the Indiana delegation, that no Western man as such will be nominated. New York, with New Jersey and Connecticut, and the 138 votes from the South will elect the Democratic candidate, or Connecticut can be dispensed with, if Oregon be won. There is no question, however, as to Indiana, the second place on the ticket, and it is believed he can and will carry his State.

The Field party appears to be breaking and I am told that a majority of the Oregon delegation will vote for Bayard on the first ballot.

Tilden is exerting himself to convey to Payne, of Ohio, his whole vote, and the Payne men count 250 delegates, or 125 votes, to begin with. This is a wild estimate, and as Ohio is given up to the Republicans in both October and November, and as Payne is weak in Connecticut and New Jersey, I consider him out of the race as a winner, even without allowing for the hostile influence of Speaker Randall.

Lewitt, who is counted as a New York man, holds his own, and is among the rather remote probabilities.

Bayard's strength develops rapidly and his nomination is now looked for on the second or third ballot. The only point made against him is his Dover speech, and in his favor it is urged that if his loyalty can be questioned no Democratic candidate can hope to pass muster. The truth is that with thinking men the Dover speech is taken for what it really was, a plea for peace and Union, and the stalwarts' vote the Democracy cannot expect to get.

Charles O'Connor writes to say that Bayard can carry New York by a large majority than any other candidate who has been named, and before the Presidential bee got into his own bonnet Judge Field held the same opinion. Hampton and Butler are working fully and effectively for Bayard, and the South Carolina delegation generally have made many friends by their declaration that they have a preference but no prejudice, which aptly defines their position.

Some telling blows have been put in for Bayard since last night, but his nomination must not be relied on. In case he cannot be nominated, ex-Gov. English, of Connecticut, with McDonald, of Indiana, for Vice President, looks like the coming man. It is said that English has never been defeated, and he can rivet Connecticut and New Jersey to the Democracy. New York is considered safe with any of the prominent Eastern candidates.

The South Carolina delegation were handed some letters from the Highland House on the heights to-night, there being a concert and display of fireworks.

It has been very warm to-day, and the city is bubbling over with excitement. Strains of music are heard in every direction and the streets are alive with delegates and their friends.

Tilden's letter has had a good effect, and, as said before, the back of our difficulty is broken in the belief that New York is now ours to count on.

The United States Marshal, located in New York city, does not hesitate to declare that the plan of bulldozing and bribing the electors by the use and employment of an army of election deputy marshals will be carried out. The object of the veto message of the de facto President now becomes so plain that he who runs can read. The mere fact that Congress did not provide for the payment of these electioneering agents out of the public treasury will not stand in the way of their appointment and free use at the polls. The cheek and audacity of the Republican party are unmeasured, and nothing short of a Waterloo will ever bring them within honest and decent limits.—At. Constitution.

COLUMBIA, June 20.—The Jury in the case of Judge Clark, charged with the murder of W. S. Hook in Lexington county, agreed upon a verdict of guilty yesterday morning after an all-night session. A motion for a new trial was made, argued and overruled by Judge Hudson, who sentenced Clark to be hanged on July 30. Counsel then gave notice of an appeal on various grounds, and the case will be heard before the Supreme Court at the next term.

The Democratic Convention at Cincinnati will be made up of 728 delegates, the territories being unrepresented. Each delegate will give one-half a vote, Massachusetts having twenty-six delegates and thirteen votes. If the traditional practice of the party is adhered to, it will require a two-thirds vote to nominate. The total number of votes will be 360, the number necessary to a choice 246.

ATHENS, June 20.—The Greek Government is taking measures to increase the army from 12,300 to 40,000 men. A number of officers have gone to France, Italy, Hungary, Algiers and Syria to purchase horses, ammunition and clothing. Infantry are to be provided with 1,500 cartidges apiece.

Texas is a good State—to stay out of. It has too many insane persons—disease from whiskey and loaded down with concealed weapons—large, and between its petty jurors and governor there does not seem to be any disposition to lessen the number. The Currie verdict, like the Currie case, belongs to Texas.—At. Constitution.

John H. Ighenberger, the "iron-king", of Pittsburg, was married on last Tuesday evening, and gave his bride a check for \$1,000,000 as a wedding present.

A train on the Savannah and Charleston Railroad was thrown from the track by a mule on Saturday, and a fireman and engineer severely scalded.

Col. Cole has been elected President of the Memphis and Charleston Railroad, and now has control of the consolidated line from Memphis to Bristol, Tenn.

The Chicago Convention was held in the dark of the moon.

Two great pests in one year—the army worm and the Presidential election.

Great Britain will take its census next year.

The Air Line Railroad, always with an eye to the improvement of the county, has created a cotton press at Greenville. This will improve the cotton market of our growing mountain city.

SPECIAL NOTICES.

Messrs. Hutchinson & Bro.—Having thoroughly tested your "Neuralgine" in my case, I cheerfully recommend it to all who suffer with neuralgia. THOS. M. WOOD, of Howard, Wood & Co.

Neuralgine—this is an internal Remedy that never fails to cure Neuralgia and headache. It contains no Quinine, Opium, Morphine, Chloral or narcotic of any kind. Quick and perfectly safe in its action. It commends itself to the afflicted. HUNT, RANKIN & LAMAR, Wholesale Agents, Atlanta, Ga.

MAYOR'S OFFICE, LEESBURG, Va., April 19, 1879.

Messrs. Hutchinson & Bro.—It affords me pleasure to testify to the great virtues of your "Neuralgine" for the cure of neuralgia and sick headache. It is the best remedy for these most distressing complaints I have ever used. It should be in every family in the country. Yours truly, GEORGE R. HEAD, Mayor of Leesburg, Va.

MANY COMBINATIONS have been tried, but none with such happy results as Rankin's Extract of Buchu and Juniper. If you are suffering from any derangement of the kidneys or bladder, gravel, pain or weakness in the back or hip, get a bottle—one or two will relieve you. This article has been before the public for nearly ten years, and its sale is constantly increasing—and that with very little advertising—which proves it to be an article of merit. We have testimonials from some of the leading physicians of Georgia, South Carolina and Florida, and other States, in regard to its reliability as a diuretic and a remedy for the diseases for which it is recommended. Prepared only by Hunt, Rankin & Lamar, druggists, Atlanta, Ga., and for sale by R. E. Norman & Bro.
