Stephen Denaro, a lunatic in the Asylum at Columbia, killed Dr. Charles Kerahaw, another lunatic, on the 30th of March. How is it that dangerous lunatics are allowed to "run at large" in the institution, and kill innocent lunatics? There must be carelessness somewhere.

There was an interesting debate in the Senate, on the last day of March, on the subject of pensions. The "dependent pension" bill was under consideration, and Senators were agreed that it would cost \$600,000,000 in the year. Senator Hawley stated that the pension expenditures of the Government in the year 1889, and that no action in the world had ever appropriated for itself a sum that could compare to that. The "dependent pension" bill received nine votes out of more than eighty in the Senate, and failed to become a part of the pension law.

Sergeant Dunn, of the weather bureau, says the Mississippi river will flood all places tributary to it, and also destroy New Orleans. That the highest water ever known in the river will be seen in that city in two weeks. Meantime the river is slowly rising generally. Many levees have been broken, and many portions of the low country have been flooded. The people are moving out. Much stock has been drowned, and great loss is entailed on the people of that region.

The greatest storm of the year occurred on the 27th of March. The Valley of the Mississippi and beyond was visited with this great scourge. In the "far West" the storm was one of rain, sleet, snow and fierce winds. A cyclone originated in Indiana and struck Louisville, Kentucky. Fourteen hundred houses were destroyed. One hundred persons were killed and very many injured—some fatally. The loss of property is estimated at \$3,000,000. The fury of the storm also raged in Tennessee, where fifty persons were killed and many injured. The loss of property is also great in all the region mentioned. The heavy rain, sleet and snow will also swell the Mississippi River, and add greatly to its terrors and loss of life and property.

Our Westminster Correspondence.

WESTMINSTER, S. C., April 1, 1890. DEAR COURIER: It has been sometime since we saw any dots upon your welcome face from our town.

Well, we are all jolly and in a good humor. The merchants and business men are anything else but "blue" (or green) and our mechanics are doing a good business in their line. The carpenters, too, are wearing a "long smile," for there will soon be plenty for them to do.

The saw mill men are doing a good business and their large supply is not near equal to the demand.

The Farmers' Alliance store is in full blast now and having a good trade.

Farm work of all kinds is well advanced and all who till the soil are well pleased with their prospect.

We learn of some sickness in the surrounding country, but the inhabitants of our town never enjoyed better health than at present and may it continue so.

Our local paper, the Banner, is in a flourishing mood and is wuffed and welcomed into many households.

T. N. Carter & Co., who are among the liberal advertisers of our town, carry a large stock of goods and are doing a thriving business.

Dots from Tugaloo.

TUGALOO, March 28, 1890.—Spring has come and the farmers are busily engaged in putting in their gunnans and preparing for another crop of cotton.

The Alliance is holding its hand with the merchants. They have just got to buy them instead of going to merchants to buy them and let him make an enormous profit on them. We say, "Go ahead Alliance, your head is level on that."

There will be preaching at South Union on the fifth Sundays by Rev. W. W. Lenthers, the pastor, for the remaining year. Rev. H. T. Smith having resigned, he was called in his stead.

Mr. J. B. Dickson has a flourishing school at South Union. We think he is trying to teach the "young idea how to shoot."

Mr. Joe Vickery, of Franklin Co., Ga., died on the sixteenth of March. He was known throughout Franklin. He owned several plantations on Tugaloo River. He lived to a good old age.

Bill Powers and a man by the name of Johnson, near Fair Play, got to drinking, and in the time of it, Johnson accused Powers of being a chicken thief. Powers drew his pistol and began to fire at him, but bystanders took it from Powers. Powers is just from the Penitentiary. A warrant has been issued for him.

A Drove of Young Donkeys Lined.

(Special to the Greenville Daily News.) COLUMBIA, S. C., March 27.—After the adjournment of the convention to-night a crowd of students of the South Carolina University, numbering fifty or a hundred, marched down street. In front of the Grand Central Hotel, where Tillman's headquarters are, they halted and began dancing and ridiculing the convention's nominee for Governor. They gave "three groans for Tillman" and sang "With hang him Tillman on a sour apple tree!" besides indulging in numerous loud and uncomplimentary epithets. While they were gathered on the sidewalk near the hotel Captain Tillman came by when the crowd shouted "Catch Bob Tillman! Down him! Hang him!" and other like expressions. The exhibition was regarded with disgust by the farmer delegates who saw it and who gazed in wonder at the behavior of the young men. Friends of Captain Tillman who were with him at the time claim that they actually feared the mob would do him bodily harm. T. E. H.

We are especially anxious that every man, young and old, will call and price our stock of Ready-Made Clothing. The style and quality alone would sell them, but when backed by our low prices, we feel doubly confident of selling you.

To insure and bring your wife and daughters with you when you come to town and let them see our beautiful line of Dress Goods. T. N. Carter & Co.

Mr. Edison has a new novelty on which he is working—a clock to talk the time. Instead of a blank sound, it will say "One," "Two," etc., at the proper hours. For an alarm it will say, in so many words, "Get up," in a stentorian and commanding voice.
