DEATHS.

Miss Brown. Died, at the home of her son-in-law, Mr. Willis Moore, in Midway, on February 1st, 1890, from chronic dysentery. Mrs. Abigail Brown, aged 78 years. Her husband predeceased her many years ago. She was a lady of many excellent traits of character and was greatly esteemed by those who knew her. She was a consistent member of the Wallhalla Baptist church, having connected herself with that denomination some years ago. She leaves two children surviving her—Mr. Robert Brown, of Anderson, and Mrs. Mary E. Moore, of Midway. Her funeral services will take place at the Baptist cemetery in this place at 4 o'clock this afternoon. Our sincere condolences are extended to the sorrowing relatives and friends.

County Auditor J. O. Adams. We regret that we are called upon to announce the death of Mr. J. O. Adams, which occurred at his home in Wallhalla, S. C., on February 1st, 1890, at five o'clock P. M. The immediate cause of his death was grip and pneumonia. He was born in Oconee county, South Carolina, on the 20th day of November, 1835, and was the son of Mr. and Mrs. John Adams, of this county. He was married to Nancy S. Pickens in 1858. He was appointed to the office of County Auditor for Oconee county in the beginning of 1887, and was re-elected for reappointment in the last primary election. Mr. Adams leaves a wife and four little children to mourn his untimely death. Our sympathies go out to the widow and orphan children in their great affliction. As we go to press the family have not decided the time and place of burial. It is probable, however, that he will be buried at Rock Springs cemetery, on the Tuesday, to-morrow some time.

W. T. Jaynes. It is with profound sorrow that we are called upon to chronicle the death of Mrs. Della S. Jaynes, wife of Mr. W. T. Jaynes. Mrs. Jaynes died at the old homestead at Richland this (Thursday) morning at half past six o'clock, after a brief illness from pneumonia, aged sixty-five years, three months and four days. She had been a patient sufferer for many years, and when the end came she met it with the same calm resignation which had all the while characterized her suffering. Trusting in the God of her life, her death was calm and peaceful. In early life she connected herself with the Methodist denomination and spent her entire useful life in the service of God in that church. Of recent years she had been a member of the Rock Springs church, where she leaves many tender friends.

On August 24, 1890, she was happily married to Mr. Waddy T. Jaynes, who, with four children, three sons and one daughter, survives her. It can well be said of Mrs. Jaynes that she was a devoted wife, affectionate mother, kind friend and neighbor. A good woman has gone to her reward.

She lived to see her greatest aspirations fulfilled—to see all her children reared, educated and made good citizens with promise of much usefulness. Her only daughter, Miss Fannie, married Rev. S. C. White, and now resides at Sampit, S. C. Her sons are: Our associate, R. T. Jaynes, Esq., W. B. Jaynes, Esq., now of Washington, D. C., and Mr. C. W. Jaynes, of this place. The sympathies of this office and community go out to the grief-stricken family in their bereavement. Alas! who can estimate the loss of a mother.

The funeral will be at Richland Presbyterian church cemetery to-morrow (Friday) afternoon at 2 o'clock.

Do You Doubt that hundreds of cases of consumption that have been cured by Dr. Pierce's Golden Medical Discovery were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in misrepresenting them, and who are not to be bribed or intimidated and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses in curative power any other remedy, and all other medicines with which they are acquainted. Nasty cod-liver oil had been tried in nearly all these cases and had done nothing but to hasten death, or had seemed to benefit a little for a short time.

The photographs of a large number of those cured by Dr. Pierce's Golden Medical Discovery, showing the progress of the disease, the sufferer's condition, and the cure, are all on hand, and will be sent you on receipt of ten cents. Address: World's Dispensary Medical Association, Buffalo, N. Y.

The Governor Very Ill. A Columbia dispatch received on February 1st, says: Governor Elberbe is seriously ill and fears are entertained as to his recovery, but at 1 o'clock he was resting easily. He is very weak and has had several hemorrhages in the last few days.

Heavy snow storms have been reported throughout the North-west during the past week. The drop in the temperature has been the lowest in years. Business has been practically suspended in places.

OUR WESTMINSTER WIDOW.

CONDUCTED BY A. J. GOSSETT. WASHINGTON, February 1.—In our last week's letter the writer and the correspondent made some mistakes. Where we said "this year" in the paragraph concerning Mr. Simpson and the Jackson household, we should have said "last year." We think by referring to the manuscript, you will see that we wrote "on the acre planted" instead of "on three acres planted" as appeared in print. The first car load of timber was shipped to the Southern Shuttle and Robbin Company last week. It is peraminon and came from Pickens Co. H.

Miss Regina Duff has returned from Anderson. Mr. W. E. Rhyne, of Lexington, N. C., after a sojourn of several weeks in Westminster, returned home last Thursday. Dr. W. R. Harris, who has been visiting his former home at Warrenton the past week, is expected to return to Westminster today.

Two brothers by the name of Love stole two bicycles from Mr. J. E. Gaines last Wednesday night. They were caught about thirty-six hours later near Toccoa, Ga., brought back and committed to jail. Mr. J. C. P. J. Miller died at Silver Shoals, Ga., on Saturday, January 21, aged about 63 years. He leaves a widow and several children. Mr. Miller was a veteran of the Civil War and was badly wounded at Gaines' Mill during the seven days fight around Richmond. He was shot in thirteen different places at one time. He never fully recovered from his wounds and at times he suffered much.

In 1892 he was elected Supervisor of the late John Mills, was a member of the Legislature before Pickens and Oconee were divided. Mr. Miller had spent nearly all his life in Oconee county, where he had many connections. He was a clever man and his friends and comrades will learn of his death with regret. His body was buried in Georgia.

Rev. W. S. Hamiter, of Seneca, filled his appointment in the Presbyterian church here last Sunday. He also conducted services in the evening. Both sermons were very edifying and instructive. Mr. Hamiter's visits to Westminster are enjoyed as well as his sermons. He is greatly beloved by our people.

RECOLLECTED. On last Sunday afternoon, January 29, 1890, the home of Mr. and Mrs. M. A. Terrell, about one mile from Westminster, was the scene of a happy event. The marriage of their daughter, Miss Sallie Terrell, to Mr. Laymon L. Echols, of Mt. Airy, Ga., was solemnized at 4 o'clock. Many friends and relatives of the contracting parties were present to witness the nuptials. A few minutes before the hour arrived everybody was quiet. Directly the youthful groom came in with his lovely bride leaning on his arm. They were met by the Rev. D. W. Hoyt, of Townville, who performed the marriage ceremony. The ceremony was brief, but to the point. The young couple went from the parlor immediately, but were hunted up by their friends, who brought congratulations. The bride wore a blue traveling dress, with white trimmings and white lace. Her refreshments were served in abundance. The groom is a popular salesman in the store of his brother-in-law, Mr. A. M. Kinsey, of Mt. Airy. He was accompanied by his wedding trip by his sister, Miss Nettie Echols, and Mr. John Ayer. He is fortunate indeed in winning such a treasure as Miss Terrell. Her cheerful and genial disposition will always win friends wherever she goes. Mr. and Mrs. Terrell claim Mr. Echols as their third son-in-law. The bridal party at the evening train Sunday for Mt. Airy, where the future home of Mr. and Mrs. Echols will be. Many friends and admirers wish them a happy and prosperous journey through life.

Miss Maggie Sheldon, after serving as saleslady in the store of J. & J. S. Carter for more than four years, retired on January 31st. She served in a very acceptable manner in the department assigned to her care and her absence hereafter will be noted with regret by many friends and customers. After spending a few days more in town she will go to her home, near South Union. In the departure from Westminster of Miss Sheldon we feel the loss of a most excellent young lady, not only from the store, but from Sunday school, church and society.

At the congregational meeting, held in the Presbyterian church last Sabbath, a unanimous call was made for the service of Rev. S. L. Wilson, of Meyersville, Ga., who preached here Sunday before last. Mr. Wilson is a man of fine pastoral qualities. If he accepts the call he will take charge of the work in a few weeks.

Dr. Pierce's Pleasant Pellets—a gentle laxative, two to three are cathartic, all dealers.

Not a Trace of Mr. Kelly. The disappearance of the Rev. Alken Kelly still continues to be an impenetrable mystery. His relatives and friends, however, are not actively in search of him and no efforts are being spared to ascertain his whereabouts. It is six weeks now since he disappeared, and during that time nothing definite has been heard from him. There have been a number of false trails on which his friends have worked. These searches were always started on information received that someone resembling the missing man had been seen at such and such places. Thorough investigations always proved these theories incorrect, and to-day those who are anxious to locate the young man are as far as at sea as they were when the case first began. For some reason or other it is believed that Mr. Kelly is in Augusta, and around that city most of the inquiries have revolved and still continue to revolve. The friends and relatives of the young man in this city know nothing more than has already been published, but there seems to be hope on the part of some friends that he is still in Augusta or that neighborhood.—Charleston News and Courier.

Grip's Ravages Doomed. So much misery and so many deaths have been caused by the grip that every one should know what a wonderful remedy has been discovered in Dr. King's New Discovery. That distressing stubborn cough that inflames your throat, robs you of sleep, weakens your system and paves the way for consumption is quickly stopped by this marvellous cure. If you have chills and fever, pain in the back of the head, soreness in the throat and chest, a sore throat, or a cough that grips your throat like a vice, you need Dr. King's New Discovery to cure your grip, and prevent pneumonia and other troubles. Price, 50 cents and \$1. Money back if not cured. A trial bottle free at J. W. Bell's, W. J. Lunney's and H. B. Zimmerman's drug stores.

Governor Elberbe will feel rather lonely in Columbia after Colonel Neal leaves the city.

A Family Tree.

It is not every one who has had the privilege and pleasure of seeing a family tree, or who can appreciate the magnitude of its proportions. The writer enjoyed such a privilege while on a recent visit to the home of Dr. and Mrs. Burt Mitchell, of Westminster, South Carolina. Mrs. Mitchell being a lover of her own "folks," conceived the plan and began the work some seven years ago, of developing a family tree, and now has nearly completed one of the most extensive and interesting trees to be found. It begins with Sir Matthew Hale, one of the greatest and noblest of the Lord Chief Justices of England, an ancestor of her mother, who was a Hale, as the root from which the tree, composed of sixteen generations, has been constructed.

From such a root one can form some idea of the beauty and grandeur of the tree. History informs us that Sir Matthew was of noble birth, and one of the brightest ornaments of his time, strong in mind, learned in intellect and great and good such characters as Dr. Edward Everett Hale, the famous American author, who, though ninety-two years of age, still enjoys a home among the surviving of the friends of his long life in his native State.

When completed the tree will be an object of beauty and admiration, both because it is composed of a good and noble family, and on account of the magnitude of the labor bestowed upon it, as well as the artistic skill displayed in its arrangement. The names now attached to it number about four thousand and still the end has not been reached. Notwithstanding this labor and the expense necessarily incident to the task, Mrs. Mitchell has never faltered, but with intense interest she is adding the finishing touches, and will soon place it, together with a little book of notes and biographies, in the hands of a lithographer and publisher. Who can describe the pleasure and interest with which this vast family will review the work accomplished through her labor of love, a work which will bring to its completion somewhat of the praises so so truly merits?

It is impossible for every family to have a "tree," covering so great a period of time or treating of so many eminent characters, yet a lesson can be drawn from this example worthy the attention of every one. We should know and think more of our ancestors; such knowledge would help us in shaping our individual destinies.

In this connection it might not be amiss to mention the fact that Mrs. John VanLonsdale, of New York, has recently published a book entitled "New Yorkers of the Nineteenth Century," wherein she endeavors to establish the identity of the descendants of the early settlers of New York, giving what might be termed family trees for the descendants of about twenty of the most prominent early settlers of that community. Her work serves to demonstrate the contemporary interest taken in this new field of thoughtful investigation.

To Mrs. Mitchell great credit is due for her design and the effort which she is making deserves the greatest commendation. N. L. D. Waco, Texas, January 23, 1890.

Dangers of the Grip. The greatest danger from a gripe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for a gripe we have yet to learn a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventive of that dangerous disease. It will cure a gripe in less than time than any other treatment. It is pleasant and safe to take. For sale by J. W. Bell, Wallhalla; W. J. Lunney, Seneca, and H. B. Zimmerman, Westminster.

Salem Striffling. SALEM, S. C., January 31.—The health of this community seems to be improving. On the 28th instant snow fell to the depth of one and one-half inches, but it soon melted away.

Mr. Dolphus Robertson, of Little River, killed a turkey hen recently. One of the 23rd instant Mr. W. M. Perry, of this place, killed two fine gobblers at one shot and crippled another one, which Mr. W. H. Lusk captured soon after. A friend advised trying "Electric Bitters," and to my great joy and surprise, the first bottle made a decided improvement. I continued to use for three weeks and am now a well man. I know they saved my life and robbed the grave of another victim. No one should fail to try them. Get 60 cents per bottle at J. W. Bell's, Wallhalla, W. J. Lunney's, Seneca, and H. B. Zimmerman's, Westminster, drug stores.

WASHINGTON CONQUERED.

GRIP TAKES THE CITY IN ITS IRON GRASP. Government Machinery Almost at a Standstill—Enormous Percentage of Employees Stricken with La Grippe—Capital at the Mercy of the Plague. The grip epidemic is raging in the Capital City, and fully one-third of the government employees are sick or suffering from the dread disease. Violent headaches, fevers and chills, sneezing and running at the eyes and nose, together with the bone-racking aches and pains and a general exhaustion, are the rule rather than the exception. The best way to fight the grip is to strengthen the nerves and build up the relative powers so as to throw off the deadly disease germs, and nothing will do this so quickly and surely as Dr. Miles' Nervine. It has restored health to thousands of grip sufferers after every other remedy had failed.

"When the grip took me," I was taken down week, both mental and physical. My nerves were completely unstrung, my appetite failed, could not sleep and became so depressed that I despaired of ever getting well. I began to improve with the first bottle of Dr. Miles' Nervine, and when I had taken seven bottles I was completely cured. I have been strong and well ever since and weigh more than I ever did before."

DR. MILES' NERVINE. All druggists are authorized to sell Dr. Miles' Nervine on a guarantee that first bottle benefits or money refunded. Be sure and get Dr. Miles' Nervine. It is sold on heart and nerves sent free. Address DR. MILES' MEDICAL CO., Elkhart, Ind.

OUR SENECA BUDGET. CONDUCTED BY MISS MARY E. SWANN. SENECA, January 31.—Rev. W. T. Capers preached, on Sunday at the Episcopal church, a series of two sermons; subject—Man a Religious Egotist. The morning's sermon treated of the division of the subject, "Every man his own judge"; the afternoon's, "Reciprocal love's necessary to salvation." Both sermons were excellent, the one in the afternoon being largely psychological.

My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. A friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued to use for three weeks and am now a well man. IMPORTANT TO THE PEOPLE OF OCONEE COUNTY. WE realize that, on account of the extremely low price of cotton and shortage of crops, Goods must be sold at a very short profit. Therefore we have marked all of our goods down, and are going to share losses with those who buy from us. Space will not permit us to list any of our low prices, but we will mention a few in Dry Goods. All other lines will be sold accordingly.

Best Colors in Calceos, 4 to 6c. yard; Heavy Cotton Checks, 4 to 6c; 200 yards Cotton Plaid Suitings at 5c. per yard; Heavy Outings, 8, 10 and 12c. yard. A fine line of Plain and Brocaded Black Satteens, Wool and Henrietta Finish, 8, 10, 12, 15 and 20c. per yard.

Our Woolen Dress Goods, in Plain and Brocaded Blacks and Colors, are just beautiful, and at prices that won't be undersold. Men's, Women's and Children's Shoes in abundance at very low prices. We have an up to date line of Men's and Boys' Hats and Caps.
