Capitola! Capitola!

FOOT UP THE FLOUR BILL

At the end of the year, and you'll note it to be a very important feature in the year's expense—a fact that housekeepers readily acknowledge. Naturally it is important that you

BUY CAPITOLA,

for it is the best Flour on the market. It is endorsed by numbers of Walhalla's best housekeepers—it was the Flour that won the prizes at the Georgia and South Carolina State Fairs this fall—it was an easy winner over all other brands, of which there were a number.

The test of Good Flour is in the baking—the kind of bread you get. If it is white and flaky, light and appetizing,

IT'S GOOD FLOUR,

and you buy it again and again, with pleasure and satisfaction.

The experience of many customers demonstrates Capitola to be the best—that the result is always the sweetest and whitest bread—the kind the housekeepers approve.
