

# MILLINERY OPENING

On Friday and Saturday of this week, April 7 and 8, we will have our Millinery Opening.

We are well prepared to make a good showing, and invite one and all to visit our store on these days.

Our 5 and 10-cent department is well loaded with values for Saturday's selling.

When you visit our opening see our line of Dry Goods and Ladies' and Children's Oxfords.

Yours truly,

**C. G. JAYNES.**

This space is the property of The Peden & Anderson Banking Company, Westminster, S. C. In it we expect to have a few things to say to the readers of The Courier. Our talk will be mostly about dollars and how to keep them mixed with a few other things that we hope will be of interest to you. And in the very beginning we wish to extend to all the readers of this good old paper a cordial invitation to visit us at our Banking House when in Westminster.

Yours truly,  
WM. P. ANDERSON,  
President.

## NEW ERA PAINT, ACME BRAND

Is the name of the paint we sell. Every gallon is guaranteed to hold a standard United States government gallon of 231 cubic inches. It will weigh 17 1/2 pounds to the gallon. Just weigh and measure some of the cheap paints offered and see how they can do it.

We give a certificate of purity with every gallon. Two gallons of our paint and one gallon of linseed oil makes three gallons of paint. Reduces the cost. See?

We have it for all purposes, for painting anything from a wheelbarrow to a mansion. It's pure paint, every atom of it.

For the above reasons we cannot make as much money on our paint as we have made by handling other brands, but we prefer to give our patrons their money's worth, and keep our reputation for handling

THE BEST IN EVERYTHING.

—Last Sunday morning lightning played a curious prank on the farm of F. H. Barnett at Oak Grove. It struck a large tree near the house, jumping from one to another until five had been struck and two bursted completely open. The lightning then played about the residence, tore off a section of Mr. Barnett's chicken house, finally losing its force in the ground by it tearing up about thirty yards of earth. The track left is described as very much the same as a locomotive would make when derailed and running on the ground.

A Daredevil Ride often ends in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve. "A deep wound in my foot, from an accident," writes Theodore Schuele, of Columbus, Ohio, "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Soothers and heals burns like magic. 25c. at all druggists.

## THE NEWS FROM SENECA.

Seneca, April 11.—The ladies all wear a broad smile now. The park has been receiving a generous share of the attention of the new council the past week.

We have not heard anything about a spitting ordinance, however. If it were not that the council supplies spittoons at convenient distances along the sidewalk, we would be in a sad fix. But the said spittoons, being stationary, there will naturally come a day when they will refuse to do duty as such.

There will be no services at the Presbyterian church next Sabbath, the pastor being absent at Presbytery. The church is represented by Dr. E. A. Hines, with J. W. Todd as alternate.

On Thursday evening next, after prayer meeting, at the Presbyterian church, the Men's Missionary Society will be organized, if the way be clear.

J. F. Hinkle, who has served faithfully in the capacity of town marshal for ten years, has resigned, and is succeeded by J. F. Giguilliat. Thomas Grant was elected night watchman.

On last Tuesday, the 4th instant, the Oconee Medical Association met in Seneca. The meeting was held in the parlors of the Palmetto House, and was a full one.

The millinery opening of the R. Phillips-Cochran Co. last Friday and Saturday was a most attractive one, and drew a large number of feminine shoppers from this and adjoining towns. Hunter, Dendy & Co. likewise displayed an elegant line of millinery, and there was a rush in this line of business that is unprecedented.

Spring cleaning, that dreaded ordeal to house-keepers, is on hand, and it has been truly said that man, in escaping this bete noire alone has enough to make him truly thankful that he is not born a house-keeper.

To the house-keepers who are struggling with the effort to make their Saratoga potatoes crisp and delicately brown, at this season, when the old crop of potatoes stubbornly resists their efforts, we suggest the use of boiling water poured over them after they are sliced, which extracts the starch, and then proceeding as usual with cold water and salt. The result will be most satisfactory.

The use of the bill of fare was recently introduced at the Palmetto House, which has proved highly satisfactory in every particular.

Mrs. Nell Giguilliat Trimmer is visiting at the home of her parents, Mr. and Mrs. J. F. Giguilliat.

Mrs. D. C. Rogers, of Selma, Ala., will arrive in Seneca to-day for a few days' visit to her sister, Mrs. L. J. Colburn, at the Palmetto House.

Mrs. John Livingston, of Cordele, Ga., and Mrs. D. P. Thompson, of Gaffney, S. C., are visitors at the home of Mrs. C. K. Livingston.

Miss Mattie Hull, of Westminster, spent last Sabbath with the family of Rev. C. Wardlaw.

Rev. J. R. Moore, of Westminster, is in Seneca to-day.

Miss Sallie Shelor, the accomplished daughter of Hon. J. W. Shelor, spent last Saturday and Sunday with relatives here.

Miss Willie Cherry leaves on the 14th for Birmingham, Ala., where she will attend commencement of her alma mater and also take a post-graduate course in the school of expression of that institution.

Miss Anna Hunter, of Townville, who has been visiting the family of W. S. Hunter, returned to her home last Saturday.

It is said that a wedding, in which one of Seneca's young men is to figure conspicuously, will occur in a few days. However, "mum's the word."

The Palmetto House is receiving the last coat of paint, and when blinds are added will be one of the most comfortable hotels in the up-country.

T. M. Lowery is handling a lot of very handsome Kentucky horses.

Remember the ice cream and strawberry festival next Friday afternoon.

The Methodist ladies will be in charge and the affair will be held in the new store room adjoining the Citizens' Bank.

Mrs. E. M. Brooks is with Mrs. Geo. Benedict, whose friends will be pleased to know that she is in Seneca again.

The friends of Mr. and Mrs. H. J. Giguilliat regret to know that they are both confined to their rooms by illness. They hope to see them quite themselves again soon.

Major J. J. Lewis, of Pickens, is visiting his daughter, Mrs. W. S. Hunter.

We presume that George has taken a rear seat, the all-absorbing question now being, "Have you saw the new bride?"

Lorenzo Smith, of Washington, Ga., has accepted a position with R. Anderson.

A tent meeting, with colored performers, is attracting the attention of our colored population at present.

The "Flying Jenny" has not drawn the usual crowd here, we suppose, on account of its remote location.

A few Seneca people took in the ball game at Clemson last Saturday.

A DELIGHTFUL OCCASION.

The meeting of the Once-a-Week Club, on last Thursday afternoon, at the home of Mrs. S. K. Dendy, was a charming one. Apropos of the fact that the club has studied German literature this past year, the afternoon was devoted to a study of German composers of music, with a brilliant program of classical music. It is an unusual thing to find so many accomplished musicians in a small place as assisted the hostess on this occasion, the selections, as will be seen, being from old masters, were faultlessly rendered. The parlor showed a touch of

the club colors here and there, the same being used in the use of tiny bouquets of violets, tied with the club colors, which were distributed among the guests as the delicious refreshments were served. The hostess is rarely gifted in arranging and executing such affairs, and this delightful occasion proved no exception. Following is the program provided by Mrs. Dendy:

Piano solo, Freischutz (VonWeber)—Mrs. Dendy.

Duet, Il Trovatore—Mrs. Babes and Mrs. Dendy.

Piano solo, La Galante—Rondo—Hummel—Miss Eloise Hamilton.

Vocal duet, Home to Our Mountains—Mrs. Dendy and Mrs. Stribling.

Piano solo, Sonata in D Major (Hayden)—Mrs. Babes.

Piano solo, Schubert's Serenade—Mrs. Anderson.

Song, The Foolish Little Maiden—Miss Ethel Kirkpatrick.

## We Trust Doctors

If you are suffering from impure blood, thin blood, debility, nervousness, exhaustion, you should begin at once with Ayer's Sarsaparilla, the Sarsaparilla you have known all your life. Your doctor knows it, too. Ask him about it.

You must look well after the condition of your liver and bowels. Unless there is daily action of the bowels, poisonous products are absorbed, causing headache, biliousness, nausea, dyspepsia, and thus preventing the Sarsaparilla from doing its best work. Ayer's Pills are liver pills. Act gently, all vegetable. The dose is only one pill at bedtime.

Made by J. C. Ayer Co., Lowell, Mass. Also manufacturers of

A Card of Thanks.

The pupils of the Bear Swamp school desire, through the columns of The Courier, to tender their sincerest thanks to their esteemed teacher, Miss Mary E. Ansel, who for the past five months has worked so patiently and faithfully with them. They are deeply grateful to her for her untiring efforts in their behalf and wish for her a delightful vacation.
