—Pleasant and profitable employment for women, girls and boys. Apply to Hetrick Hosiery Mills, Walhalla, S. C. t. f.-adv.

—Mrs. Margie Saunders, of Chattanooga, Tenn., is spending a while in Walhalla visiting at the home of Capt. and Mrs. S. K. Dendy. Mrs. Saunders is pleasantly remembered here by many as Miss Margie Roberts. She is a niece of Mrs. Dendy.

—Marvin J. Smith, of Columbia, was a recent visitor at the home of his mother, Mrs. Kate O. Smith. His friends were glad to welcome him to Walhalla again. Mr. Smith is one of the Southern's conductors, running between Greenville and Spartanburg.

—Something for nothing is worth while—\$8 worth of ware for nothing is worth your time to investigate. See our big ad. in this paper. Moss & Ansel, Walhalla. adv.

—Miss Carrie Alexander and Rev. Wm. Lloyd Ramsay were married last Thursday afternoon at the home of the bride's parents in the mill village. Rev. W. T. Duncan officiating. The groom is a minister of the Wesleyan faith. The young couple have the good wishes of numerous friends.

—Read Moss & Ansel's advertisement on the fifth page this week. Those who recall their range demonstration a year ago will take pleasure in hearing testimony to the good qualities of the ranges sold by this enterprising firm. The demonstration will open next Monday, March 10th, and close Saturday night following. Don't miss it. Everybody invited.

—The friends of Mr. and Mrs. Redmond Rowland, of West End, Walhalla, sympathize with them in the death of their two-year-old son, Huber, which occurred at their home last Thursday. The little one had been sick for several days, but hopes of its recovery were entertained. The interment took place at the Neville burying ground, near Walhalla, on Saturday. Services were conducted by Rev. L. M. Lyda.

—Farm to Rent—New 7-room dwelling and one tenant house; three-horse crop for cultivation. Half mile from town. Mrs. S. H. Coe, Richland, S. C. adv.-9-12

—The residence of J. R. Earle, Esq., in Midway, had a narrow escape from destruction by fire last Sunday morning about 8 o'clock. A large fire had been made in the house, and it is thought sparks from the stove fire lodged on the roof and were blown into the shingles. When first noticed there was already a large place burned in the roof. Neighbors responded readily and the flames were soon extinguished. The loss, we understand, is covered by insurance.

—For Sale—Three good horses, cheap for cash. See J. Arthur Moody, at his store. adv.

—John T. Dyar, one of the most prosperous of Oconee's farmers, was in Walhalla for a short while last Friday. Mr. Dyar resides on Rural Route No. 2 from Seneca and is farming extensively. He is not only studying, but is giving practical demonstration of deep and thorough plowing. This year he proposes to turn his hand deep, using two horses to each turn plow, this being followed by a "clay-buster," which will go just behind the turn plow. He says he is getting the results of three acres on every acre he cultivates by following this method. The best evidence of the correctness of his theory is his prosperity.

—\$8 worth of ware will be given away FREE with every Majestic range sold at our demonstration. One week only, Monday, March 10, to Saturday night, March 15th. Moss & Ansel, Walhalla. adv.

—Born, on February 27th, unto Dr. and Mrs. H. Fred Thode, a son. —Representative Frank H. Shirley, of Westminster, spent Monday in Walhalla among friends.

—Rev. L. M. Lyda, of Walhalla, has been appointed as vice president of the State Mission Board for the Beaverdam Baptist Association.

—We have just unloaded car of fine mules and horses; weigh from 950 to 1,100 pounds. See us at once. E. C. Marett & Co., Westminster, S. C.

—W. Pat Dickson, of Oakway, was among the visitors in Walhalla Monday. He was looking after matters of business and at the same time mingling among old friends, of whom he has a host in and around Walhalla.

—Geo. L. Wilson spent parts of Saturday and Sunday in Walhalla with his family and among friends. Mr. Wilson is now traveling for a manufacturer of moving picture films, covering a wide territory embracing most of the Southern States.

—Mrs. J. M. Morgan and family moved to Walhalla last Monday from their home on Rural Route No. 4 from Seneca. They are cordially welcomed to our midst. They are residing at the village of the Hetrick Hosiery Mill, where members of the family will be employed.

—R. B. Ballenger, who at one time resided in Walhalla, but later moved to Georgia, has returned with his family to this vicinity. He is residing on the farm of Enoch Breazale, about four miles from town. He has many friends in this section who gladly welcome him and his back to this vicinity.

—We congratulate our young friend, Waddy Duncan, on his success at his first appearance in the county oratorical contest, in which he took first place at the meeting at Westminster last Friday night. Waddy will represent the Oconee Oratorical Association at the meeting of the Piedmont Association, here's success to him!

—Household economy—the main spring to reduce the high cost of living. Start at the vital point—your range. See our ad. in this issue. Moss & Ansel, Walhalla. adv.

—The friends of Miss Hattie Rutledge will be glad to know that her health is improving somewhat. She has been quite sick since the early part of last summer, when she suffered a general breakdown in health. She is now able to be up and around part of the time, though still far from well. We hope for her early complete recovery.

—The men's meeting at St. John's Lutheran church last Sunday afternoon was greatly enjoyed by a large congregation. Rev. C. E. Croak, of Columbia, addressed the meeting, and his discourse was one of depth and interest. He will be warmly welcomed here by many on a return to Walhalla at any time. Sunday night he occupied the pulpit of the Presbyterian church, preaching to a good congregation.

—We have received a very exhaustive bulletin, edited by J. Coke Rampley, and issued from Clemson Agricultural College, on the "Home Mixing of Fertilizers." The bulletin contains 31 pages, prominent in the contents of which are formulas for the home mixing of fertilizers for almost every individual crop. It appears to be a most complete treatise on the subject covered. It is known as "Circular No. 10," and we presume can be secured free on application to J. N. Harper, director of the experiment station at Clemson College. It appears to be invaluable to the farmer, whether he buys fertilizers ready mixed or prefers to mix his own goods.

—Education consists in knowing things—know how a range is made, inside and outside. Call at our store during our special Majestic range demonstration—week of March 10th to 15th. Moss & Ansel, adv.

—A marriage that surprised many friends of the bride and groom was solemnized last Wednesday afternoon at 1 o'clock, when Miss Nora Beatty and Fred Brown were joined in wedlock at the Presbyterian manse, Rev. Geo. M. Wilcox officiating. Only members of the families of the contracting parties were present at the ceremony, the young couple taking their friends completely by surprise. The bride is a daughter of Mrs. C. W. Beatty, who resides a short distance from town, the groom being a son of Mr. and Mrs. W. M. Brown, of Walhalla. We join with a host of friends of the young couple in extending to them every good wish for a bright and prosperous future. Immediately after the ceremony Mr. and Mrs. Brown left for Seneca, going from there to Atlanta and other points to spend a few days. They returned Monday and will make their home in Walhalla.

—Many friends over the county will be grieved to learn of the death of Mrs. Elizabeth Colley, which occurred this morning at the home of her son, J. S. Colley, in Walhalla. Mrs. Colley had been ill for a week, but was not thought to be seriously so, and yesterday was seized with a stroke of paralysis, which brought the end this morning. Mrs. Colley was 79 years of age, having been born January 24, 1824, in Pickens county. Before marriage she was Miss Elizabeth Sargeant, and on December 13, 1866, she was happily married to Rev. J. B. Colley, of Pickens, who died November 12, 1908. To this union five children were born—S. S. Colley (deceased), Mrs. W. H. Talley and Mrs. R. E. Smith, of Salina; Mrs. John H. Lee, of Poplar, and J. S. Colley, of Walhalla. The bereaved ones have the sympathy of a host of friends in all parts of Oconee, where the deceased was well known and universally beloved. She was an excellent woman and a devout Christian. Funeral services will be conducted to-morrow (Thursday) afternoon at 2 o'clock at the Salem church, the interment following immediately after the service, which will be conducted by Rev. L. M. Lyda, of the Baptist church.

—Chamberlain's Cough Remedy has won its great reputation and extensive sale by its remarkable cures of coughs, colds and croup. It can be depended upon. Try it. Sold by all dealers. adv.

WALHALLA SCHOOL NOTES.

Every one is proud of the success of our representative in the oratorical contest held at Westminster last Friday evening. Out of eight speakers Waddy Duncan, a member of the ninth grade, was awarded first place and received the medal offered by Supt. and Mrs. Taylor, of Westminster. Second place was awarded to Bruce Stribling, of the Richland school.

Quite an enthusiastic crowd was present, representing every section of the county, and a good deal of friendly rivalry was displayed. The meeting was the most successful held since the organization of the association three years ago.

The basket ball game on Friday afternoon at Westminster between the Walhalla and Westminster teams resulted in a tie, the score at the end of the game being 11 to 11. At the end of the first half the score was 7 to 4 in favor of the Walhalla team. The second half of the game was not played under official rules, consequently our girls were handicapped. Each member of the team, however, played a splendid game, despite this handicap and the fact that they were on their opponents' ground.

The annual track meet between the High School and the Grammar School will be held on Friday afternoon beginning at 3.30 o'clock. The teams will contest for the large banner now held by the High School. Each school has now won the banner, which is held by the winning team for one year. Upon the showing made at this meet a team will be selected to represent the school at the county track meet, to be held at Seneca about the first of April. Several prizes have been offered as follows: A jersey, in the school colors, by Supt. H. W. Gasque; a pocket knife by Moss & Ansel; cone shirt, by C. W. Pitchford; necktie, by C. W. & J. E. Banknight.

The order of events will be: (1) 100-yard dash; (2) running high jump; (3) half-mile run; (4) discus throw; (5) 220-yard run; (6) pole vault; (7) standing broad jump; (8) running broad jump; (9) 440-yard dash; (10) shot-put; (11) standing high jump.

The High School team is composed of Marion Moss, captain; George Kaufmann, Mason DuPre, Luther Davis, Alex Lewis and Willie Kay. Sponsor, Miss Fannie Isbell. Colors, Purple and gold.

The Grammar School team is: Robert Macaulay, captain; Furman Hill, John Edwards, Marvin Burley, James Badger, Henry King and Eugene Abbott. Sponsor, Miss Myrtle Brown. Colors, Red and white.
