CHARLESTON ELECTION RIOTS.

One Man Killed and Four Injured as a Result.

Charleston, Oct. 15.—Sidney J. Cohen, a reporter for the Charleston Evening Post, was killed and four men were injured, one of them seriously, this afternoon while the city Democratic executive committee was in session to canvass the returns of the municipal primary election held last Tuesday.

Immediately after the riot Governor Manning ordered out the militia, instructing Col. E. M. Blythe to take charge, and 100 of the National Guard marched to the scene on the corner of King and George streets and restored quiet.

Injured to Hospital.

The four men who were injured were rushed to a hospital. Three of them are reported to have been only slightly injured, while the fourth is wounded in the lungs. It is feared that he will not recover. The report that Jos. A. Black, chairman of the committee, had been wounded was incorrect.

The disorder occurred inside the room where the executive committee was in session following a fight on the outside between several persons in a large crowd that had gathered to hear the result of the election. Until this time there had been no intimation of a riot. Following the difficulty on the outside it is stated that an argument on the inside, made more heated by the excitement on the street, caused the shooting of the reporter and the wounding of the four other men.

Box Protested.

Some trouble was feared when it was reported that one box in which the Grace faction claimed 80 votes would be protested at the committee meeting to-day. Without this box Major Hyde had a majority of 109. The Grace supporters claimed that their candidate had 80-odd votes in the box.

Another unpleasant feature that the managers had to face was a number of challenged votes, but little trouble was expected on account of this in view of the fact that the number was divided almost equally between the two factions.

Hyde Declared Nominee.

(News and Courier, 17th.) Major Tristram T. Hyde is the nominee of the Democrats of Charleston for mayor. He was so declared by the city Democratic executive committee about 7 o'clock yesterday afternoon, after a session which had lasted continuously from 11.45 o'clock in the forenoon. The box for Club 2, of Ward 10, was thrown out. A request for a recount of the votes was voted down, the minority faction having already quit the room when this action was taken, leaving in a body when the Ward 10, Club 2, box was thrown out. Had the Ward 10, Club 2, box not been thrown out, Major Hyde's majority would have stood at 38 votes on the basis of the action taken by the committee on the challenged votes. On the basis of the returns as declared by the committee, the vote stood: Grace, 2,981; Hyde, 3,105.

The general election, in which city registration certificates are required, will be held Tuesday, December 14.

Militia Vigilant.

Strict military guard was maintained around all sides of the German Artillery Hall, where the meeting was held. No persons were permitted to enter Wentworth street without credentials by the vigilant militiamen on guard, and every person entering the hall was carefully searched before being allowed to enter the committee room. Col. E. M. Blythe, commanding the 2d regiment of South Carolina National Guard, was in command of the local military and naval militia organizations, which were entrusted with the duty of preventing disorder around the building.

Mayor Grace was relieved of a revolver before he was permitted to enter the committee room, although he at first objected to the action of the military authorities. He was searched, after he placed his weapon on a table. Chief of Police Jas. R. Cantwell was also searched and disarmed before he was permitted to enter the committee room. Late in the afternoon, when Sheriff J. Elmore Martin had occasion to visit

WOMEN PERISH IN FLAMES.

Three Dead and Others Injured in Atlanta Fire.

Atlanta, Ga., Oct. 16.—Two women are dead, one other probably fatally injured and four other persons more or less seriously injured as the result of a fire which destroyed the offices of the Mutual Film Corporation on the second floor of the Mion building here to-day. A number of other persons suffered minor injuries when they jumped from windows to the street.

The dead are Miss Clara Westbrook, body found in film room; Miss Lottie Ham, died at City Hospital.

The injured: Miss Lucile Davis, probably fatally burned; Miss Beulah Yows, burned about face and hands; injured in jumping; H. Matthews, broken leg; J. E. Carlisle, fireman, burned about face and hands; G. B. Adams, burned about face and hands; bruised in jumping.

The Third Victim.

(Atlanta Constitution, 18th.) A third death was added to the Mutual Film disaster list yesterday morning at 8.30 o'clock when Miss Lucile Davis, one of the girls trapped in the second story supply room, died at Grady Hospital, to which she had been carried in an unconscious condition.

Miss Davis was dragged to fresh air by Fireman John Abbott, one of the first to reach the supply room when the fire department arrived upon the scene. She was lying upon a work bench at the window opening on an alley in the rear of the building. Evidently she had attempted to jump, when her dress caught in a workman's vise near the window.

The two other girls, Miss Westbrook and Miss Ham, found in the same room with her, were either dead or dying. Miss Westbrook, stenographer, was dragged from the building dead, while Miss Lottie Ham, in a dying condition, was carried down the ladder and a vain attempt made to resuscitate her.

Miss Yost Recovering.

Miss Beulah Yost, one of the most seriously injured, is fast recovering at Grady Hospital. Physicians say that there is little doubt of her recovery. She had jumped from the second story window, sustaining a broken leg in the leap.

The police have satisfied themselves that the fire was unavoidable. Although nothing can be obtained showing the origin of the blaze, it is generally accepted that it originated from a spark from the electric renovator used on the first floor, on which the films are stored.

SIXTEEN KILLED IN WRECK.

Union Pacific Car Plunges Through Bridge—Many Injured.

Randolph, Kan., Oct. 16.—Sixteen persons are believed to have lost their lives when a passenger car of a Union Pacific motor train plunged through a bridge into Fancy Creek, near here, to-day. Ten bodies had been recovered to-night and at least six more were believed to be in the mud and water which almost filled the car. Of the 65 passengers in the car only four escaped unhurt. Most of the dead were drowned.

Many passengers were women school teachers. All went into a heap when the car struck the bridge, which, weakened by three inches of rain, fell in the swollen creek, carrying the car with it.

The rescue of the passengers was extremely difficult and many were badly injured before they were extricated.

No occupant of the smoking compartment at the forward end of the car has yet been discovered among the survivors.

Card of Thanks.

Oakway, Oct. 18.—Editor Keowee Courier: We ask space in your valuable paper to express our heartfelt thanks to our many friends for their kindness shown us during the sickness and death of our darling little daughter, Curtis. May the richest of God's blessings be showered on all of them in our prayer.

Mr. and Mrs. A. N. Jaynes.

the hall, he also was searched and relieved of his weapon. The weapons were returned to the officers when they left the building.

COURT OF COMMON PLEAS.

No Jury Cases Yet Tried—Judge Moore Busy, However.

The Court of Common Pleas for Oconee convened in Walhalla Monday last, but so far no jury cases have been heard or decided. The jurors were dismissed Monday about noon, none having then been used, and Judge Moore found that the remainder of the day would be occupied with matters not requiring the presence of the jurors.

Court was convened Tuesday, with still nothing in sight for the jurors, and they were again dismissed after the brief formal use of one panel in which a consent verdict was handed in. The jurymen were instructed to report this morning.

It is reported that the case of Cantrell vs. Holden (land suit) has been compromised. This case has been to the Supreme Court on two occasions, and the Circuit Court was reversed in each instance. The case was first called in 1908 or 1909.

Stenographer Clyde Smith is at his post ready for duty whenever his services are required, but so far he has been enjoying a rest.

The jurors drawn for the second week of Civil Court have all been notified that attendance next Monday will be unnecessary. If there should be any business at all for a second week it will be of such nature that a jury will not be needed, and it is more than probable that the session will close before the end of this week.

Criminal Court.

will convene here on Monday, November 1st. One week is all that is allotted for the November term in Oconee. The following gentlemen have been drawn for this term, and these will be required to be on hand promptly Monday morning, November 1st.

MAN CRUSHED UNDER TRAIN.

Attempted to "Swing" Rear Coach of Excursion Train.

Yorkville, Oct. 17.—Both Jackson was drawn under the wheels of a passenger train at Clover yesterday morning while he was attempting to swing on when the train was in motion, and killed. There was a circus billed to exhibit at Gastonia yesterday and the management of the Carolina and Northwestern railroad advertised that it would operate an excursion train between Chester and Gastonia. After reaching Yorkville, owing to the fact that the five or six coaches making up the train were filled to overflowing, it was decided that it would not take on any more between here and Gastonia, and as a result it did not stop or slacken its speed at either Filbert or Clover, where there were possibly would-be passengers waiting.

As the train passed Clover station, Jackson, when he realized that it would not stop, it is said, undertook to "swing" the last coach, but missed his footing, was drawn under the rear wheels and his body was cut almost in two. The train crew knew nothing of the accident and the train did not stop. The man was instantly killed. The accident occurred about 11 o'clock, and the body lay where the train left it until about 1 o'clock, when it was removed by instructions of the sheriff. No inquest was held.

Jersey Defeats Woman Suffrage.

Announcement comes from New Jersey that Mrs. Fricke, leader of the suffrage movement in that State, concedes defeat of woman suffrage. Complete returns from 285 out of 1,819 districts, scattered in every section, give a total of 20,010 for woman suffrage, 27,591 against.

Greenville, are visiting the former's brother's family, W. P. Simmons.

Mrs. Eugene Runion has returned from a visit of several weeks to her mother in Mississippi. Mrs. Runion will return to her mother this week unless there is an improvement in her condition.

Last Saturday was said by our business men to be the busiest day for months in Seneca. The streets were crowded and the people seemed on business bent. The merchants did a big business, both in trade and collections.

Mr. and Mrs. W. K. Livingston visited Mrs. T. B. Jones at Lowndesville last week.

At a recent congregational meeting of the Presbyterian church W. S. Hunter and O. F. Bacon were elected elders and will be installed to this office next Sunday at the morning service.

An interesting program is being arranged for Christian Endeavor Sunday night. Dr. E. C. Doyle will make the address on the subject "Politics in the Church."

To Teach a Class in Short-
hand and Typewriting
at Walhalla, S. C.

For the reason that a large number of young men and young ladies have requested me to teach them Shorthand and Typewriting, I have decided to take a class of 20 to begin November 1st, 1915. My charges for the complete course will be \$50, in advance.

I teach the famous Eclectic System, which I used successfully as Official Court Stenographer for 14 years. Any one who will apply himself can easily complete the full course within two months. Three young men whom I taught are now Official Court Stenographers, earning \$2,500 per year, and others are drawing good salaries.

Now is the opportunity for any young man or young lady in Oconee county who desires to take a practical business course in Shorthand and Typewriting.

Carson Resigns.

London, Oct. 18.—Sir Edward Carson, Attorney General, has resigned from the British cabinet.

There have been rumors for a week that the Attorney General would resign, as he was understood to be dissatisfied with certain matters in regard to the conduct of the war.

Sir Edward Carson became Attorney General when the coalition ministry was formed. He was the leader of the Ulster Unionists in their fight against home rule for Ireland.

SCHOONER IS DASHED ON ROCKS

Eight of Crew and Passengers Are Swept to Death.

Point Arena, Cal., Oct. 18.—One after another, seven men and two women, who had fought their way on Mal Pass rocks, after escaping to-day from the wrecked gasoline schooner Alliance No. 2, were dragged back into the sea by pursuing combbers. Eight were swept to death. Rafael Medinosa was flung ashore alive. H. R. Jones, of Vancouver, the mate, was the only other member of the ship's company of ten that was saved.

When the schooner, which sailed from Vancouver, B. C., October 9, for Mazatlan, Sinaloa, piled up on Mal Pass rocks, 12 miles north of here, early to-day, she had on board Capt. Delouchery, F. E. Harrington, chief engineer; J. S. Walsh, second engineer; H. R. Jones, mate; A. Alan, cook; —, —, Bailie, purser; Miguel Abila, owner; Mrs. Abila, Miss Miller and Rafael Medinosa, Abila's servant.

The two women and all the men, except Jones, who remained on the vessel, aided one another over the side as the schooner was being smashed to pieces, but could not mount high enough on the wave-wrecked rocks to escape the clutch of the sea.

Soon afterward the pounding bulk broke in two, flinging Jones into the sea. The ship's dory floated within his reach and he climbed into it. There he was found exhausted hours later. Medinosa was tossed upon the beach unconscious.

Abila, the owner, was said to be a close friend of Gen. Carranza and was taking the vessel to Mexico for use in Carranza's service.
