### UPPER CAROLINA CONFERENCE.

Session Held Last Week at Union. Appointments of Interest.

Union, Nov. 8.—The Upper South Carolina Methodist Annual Conference began formal sessions here last Thursday, with devotional exercises and the Sacrament of the Lord's Supper. The sessions throughout were well attended, and a deep spiritual feeling pervaded the conference.

Practically every minister in the conference was present. The first session began at 9.30 o'clock, and Bishop U. V. W. Darlington, of Huntington, W. Va., presided.

Rev. B. R. Turnipseed, of Greenwood, was re-elected secretary.

Those ministers in the supernumerary and superannuated classes were passed, as were also the men in the first, third and fourth classes, except one in the first year, who had not completed his course of study.

A special collection, amounting to more than \$400, was taken for Rev. J. R. Copeland, of Blackstock, as he has been in very bad health for several months.

The evening session was devoted to Sunday school work, with an address by Miss Kennedy, of Nashville, Tenn.

President Wilson was tendered the affection and sympathy of the conference by the adoption of a resolution offered by Hon. C. C. Featherstone.

Dr. J. S. Guilds, the newly elected president of Columbia College, was presented to the conference and made a short address.

Rev. J. T. Laurens, of the Baptist church, was received into the Methodist church.

On Sunday the pulpits of the city are to be filled by the ministers of the conference.

The conference went on record, by resolution, as favoring and urging a strict censorship of motion pictures to be accomplished by act of the State Legislature.

### AGAIN "THE SALE OF SEALS."

Not a New Movement—Sale of Seals was Established in 1907.

Columbia, Nov. 9.—Special: The 1920 Christmas Seal Sale is not a new movement, says a statement issued by the executive committee of the South Carolina Tuberculosis Association. Since 1907 they have been sold to support anti-tuberculosis activities.

"We realize," says the association, "that the people are tired of 'drives' and 'campaigns.' Many organizations, since the war, are raising great amounts of money through drives and campaigns. The Christmas Seal sale is not a new movement. The people know these little seals and are anxious to buy them."

"Ninety-five per cent of the money realized from the sale of the seals and health bonds will remain in our own State of South Carolina. The remaining five per cent goes to the National Tuberculosis Association, with which the South Carolina Tuberculosis Association is affiliated."

"Of the 95 per cent that remains in South Carolina a very large per cent of this is divided among the county associations."

"The five per cent that goes to the National Tuberculosis Association is used all around the globe. Wherever the flag of the United States flies, whether in the Philippines, Porto Rico, Hawaii, Alaska, Maine or California, the double-barred cross and the National Tuberculosis Association are there."

"It is an inspiration to feel that South Carolina, along with other States and Territories of Uncle Sam, stands shoulder to shoulder in a solid front against the tubercle bacillus. This tiny germ, so insignificant and invisible, and yet so powerful, is being gradually controlled, and we may look forward to the day when it will be completely under the sway of man. Until that time comes South Carolina has a mission not only to her own citizens, but to the citizens of the world."

—Prayer meetings to-night.

### CARD FOUND WITH McLAURIN'S

Name on It—Son of Ex-Senator Not Seen for Number of Hours.

Bennettsville, Nov. 8.—A coat, hat and pair of shoes were found near Blewett Falls, a few miles from Rockingham, N. C., this afternoon, and nearby was a card, one side bearing the words, "I thought it best to do this," and on the other, "T. B. McLaurin, President Mutual Savings Bank, Bennettsville, S. C."

This news was received in Bennettsville to-night from the sheriff of Rockingham. A son of the sheriff, while out hunting, found the articles and the card. A large power plant is located at Blewett Falls.

Mr. McLaurin left Bennettsville this afternoon in a public car. Up until a late hour to-night he had not returned.

Mr. McLaurin is also president of a large cotton warehouse here. He is a son of former Senator John L. McLaurin and has a wife and one child. He is about 36 years of age.

### Brandlett Case Halted Again.

Greenville, Nov. 4.—Because of inability to secure a full jury of 12 men, a mistrial was ordered by Judge J. W. Devore in Court of General Sessions in the case of Hugh T. Brandlett, charged with the murder of his mother-in-law, Mrs. L. C. McHugh. The mistrial was ordered over the objection of counsel for the defendant, who waived his right in writing to a jury of twelve and agreed to a trial by the ten already sworn. This right cannot be waived, the court held. The exhaustion of the jury panel caused a lack of jurors and brought about a situation unusual. Court has recessed until January.

### Lost—Gold Watch and Chain, with

knife attached. Double Case, medium size, with initials "C.W.P." engraved in large letters on front of case. Chain is a small Gold Chain. Knife attached is a small Gold Knife with initial "C.P." engraved on the handle. Finder please return to C. W. PITCHFORD, JR., Walhalla, S. C., and get reward.

Mr. and Mrs. J. B. Shanklin and daughter, Miss Mary Julia, and two sons, J. B., Jr., and Bill, of Anderson, were guests Sunday of Mrs. Julia D. Shanklin.

### COTTON EXPORT MEETINGS.

Gen. Bonham Has Been Requested to Address Meeting at Walhalla.

Gen. M. L. Bonham, of Anderson, has been requested to speak at Walhalla, next Monday, Nov. 15, in behalf of the Cotton Export Corporation. On Tuesday, Nov. 16, there will be a meeting at Westminster at 11 a. m., and at Seneca at 3 p. m.

The meeting at Walhalla will be held in the Court House; at Westminster, in city park, and at Seneca, in the Chamber of Commerce hall.

Meetings are being held in every county over the entire State on these two days in a final wind-up of the campaign of the American Products Export and Import Corporation. This final campaign is being conducted by the extension service of Clemson College in the service of the cotton farmer.

The co-operative features of the export corporation should prove very attractive to farmers. It proposes to pay those who furnish business for it—namely, the farmers—one-half of the dividends in excess of eight per cent. Besides this co-operative feature it plans to create a direct market from the producer to the markets of Central Europe. In this lies the greatest hope for the cotton producer.

Everybody come out to these meetings and inform yourselves as to this worthy organization.

Geo. R. Briggs, County Agent.
