The Commissioners were in session last Monday, 28th, but did nothing except to approve some claims.

Union Meeting.
The Union meeting of the second division of the Twelve Mile River Association convened with the Keowee church on 29th April 1893. The introductory sermon was preached by Rev. J. T. Birdline. After an expression of one hour for dinner the Union was called to order by Rev. W. C. Seaborn and was organized by electing Bro. J. E. Borongas, Moderator and Rev. C. L. Craig, Clerk.

The following queries were then discussed:

- 1st. Is it good discipline for a church to grant letters of dismission to members when the fellowship of the church does not exist? On motion the query was tabled.
- 2nd. Is it good discipline for a church to invite to the communion table members of other churches that allow their members to engage in things that she would discipline her own members for? The answer was "No."
- 3rd. Should ministers and deacons be members of our deliberative bodies? If not sent as delegates from their churches? The answer was "No."
- 4th. Which has the right to deal with an erring minister, the church or the presbytery? Answer: "The church."

On motion the Association was authorized to appoint an executive committee, which included as follows: Rev. W. C. Maubili, P. C. Parsons and A. M. Garrett. The Moderator was also authorized to appoint a committee to draw up a constitution and by-laws, which he did as follows: Rev. W. C. Seaborn, Rev. W. G. Maudlin and J. E. Borongas. The committee to report at next meeting.

Sunday Services.
Rev. J. T. Birdline delivered a lecture on Sabbath schools at 10th St., which was followed with an address by Rev. W. C. Seaborn on the past independence of the Association. At 11 o'clock Rev. W. C. Maubili preached the missionary sermon to a large and attentive assembly, after which a collection was taken on the past independence of the Association.

The executive committee will fix the time and place of the next meeting.

C. L. Craig, Clerk.

From Texas.
DEAR SENTINEL: I desire space in your columns to let your readers know my whereabouts. My mission here is to seek a home and to see if Texas was not a place where old Carolina I landed here the 24th of March. Fisher county has no railroad. I am at my cousin's, hired at 75 cents per day. I have promised to stay with him till the 15th of June. I have here a look around and stay till July 15th. I think this is a healthy country and is as pretty a country as I ever looked at.

We had a sand storm last week. It is very dry here now. Land is cheap here, prices ranging from \$2. to \$5. per acre on easy terms.

This is a good stock country. They do well here on the range in the winter without feed. I see many advantages this country has over ours. The land is easier cultivated and you can cultivate more of it. Land is rich. It is not necessary to use manure.

I want to speak of the society here. I find it much better than I expected in a new country. The schools are good all over the country. The free schools last from six to eight months. I find churches and Sabbath schools well attended every Sabbath. So far so good that I am sure in a few years I will keep my mind will stay here till July.

HARPER HAVES.
Reaves, Fisher County, Texas.

From Central.
Mr. W. H. Garfield, a prominent cotton buyer of Greenville, was in Central Sunday.

Messrs. John Wernock and James Knox, visited the family of Rev. N. G. Ballenger at Eastley Saturday.

Mr. Ryland, the efficient manager of the Central Hotel, paid Charlotte a flying visit Sunday.

The ladies of the Presbyterian church will give an entertainment on the 15th inst. in the Synner's building. They will serve ice cream, strawberries, etc.

There were no services in the Presbyterian church Sunday as the pastor, Dr. J. T. McDevie, was called away to preach memorial services in the church of the late Dr. Pearson of the West.

The O. R. C. will run an excursion to Talulah Falls, Ga., on the 19th instant.

Notice.
The Pensioners will call and get their money. I have \$25 for each one.

J. M. STEWART.

—It is said that during the campaign last year a Tilden man proposed to a Shepard man that if Tilden was elected and there was no federal census law, he would have been before he would treat to a gallon of good corn juice. Not long since the Tilden man sent for the Shepard man to come and get his treat; that he had given up and that the times now laws were any better.

—Another lynching took place at Kilsheer, Williamsburg county, last Saturday. A negro by the name of Sam Gililand, a convict, and who had served two years in the penitentiary, made an attack on Mrs. Vesuth a white woman while her husband was away, and committed the usual horrible crime. He was taken out by 300 men hung to a tree and his body ridiculed with bullets.

—The new Baptist church at this place is now enough completed to have services in, and Capt. J. A. If she does so she will probably be admitted without trouble, as she has strong and enthusiastic friends among the 'dominant' lawyers in South Carolina."

—Joe Moss who lived near Shallow Ford, a Keowee river, was drowned above the ford last Wednesday.
