Justice at Last.

Gov. Scott, Treasurer Parker, and Secretary Cardozo, are at present engaged in a bitter controversy through the columns of the Columbia Phoenix, Cardozo fighting both the others. The object of the controversy seems to be to fix the responsibility for the frauds in the issuing of bonds, about which there has been so much said in the public press, both in this State and abroad. Crimination and re-crimination are indulged in very freely, and facts are being brought to light that will materially assist the taxpayers in their prosecution of the thieves who have plundered our Treasury. Fresh developments are given to the public every day or two, and the meshes are being drawn closer and closer around the guilty officials who have sacrificed the dearest interests of the State to their own private gain. Justice is calling aloud for its miserable victims, and we may soon hope to see the corrupt "State Ring" receive that punishment for their crimes that they surely merit. Let all honest men, be they black or white, step forward to support the charges made against these unblushing thieves. Let them see to it that the honor and credit of the State is speedily vindicated, and the result of their united efforts will be peace and prosperity.

The Bankrupt Act.

Hon. Wm. I. Clawson, the able Register in Bankruptcy for our Congressional District, has communicated the following information to the Yorkville Enquirer, which will be of interest and value to our readers:

Mr. Editor: As doubts have been expressed as to the extent of the relief afforded by the bankrupt act of 1867, and the several amendments thereto, I deem it proper to make the following statement:

The amendment to the act, approved 10th June, 1872, allows to the bankrupt all the property exempted by the laws of each State of force in 1871, in addition to the five hundred dollars worth of property allowed under the original act.

This gives to each bankrupt in this State, two thousand dollars worth of property, to wit: One thousand dollars worth of real estate, and one thousand dollars worth of personal estate. After the bankrupt has been discharged this property becomes his absolute estate to dispose of as he chooses, either by sale, gift, devise or otherwise.

It is not necessary, as has been supposed, that the estate of the person applying shall pay fifty per cent of all his debts; but if the estate which comes to the hands of the assignee is sufficient to pay fifty per cent, of his individual debts, contracted since 1st January, 1869, exclusive of the debts contracted before that time, he is entitled to a full discharge from all his debts. If it is not sufficient, still he is discharged from all individual debts contracted before that time, and from all his security debts, whether contracted before or after that time, leaving nothing to be paid but his individual debts contracted after 1st January, 1869.

WM. I. CLAWSON, Register in Bankruptcy.

A correspondent of the New York Tribune is confident that only one of the three counties in Delaware is doubtful. This is Wilmington County where the Federal influences are concentrated. There is no disposition to split the party, and the State is good for a heavy Liberal majority.

Canning Fruit.

The time for canning fruit is at hand. Tin cans have been largely used for both fruit and vegetables; but glass is certainly preferable. All fruits contain more or less acid, which, in some cases, acts upon metallic vessels. Tin cans are made with solder, an alloy into which lead largely enters. This metal is easily corroded, and poisonous salts are formed. It is believed by many chemists that persons have been seriously injured by eating tomatoes, peaches, etc., which have been put up in tin cans.

Murderers Respited.

The two murderers says the Carolinian, convicted at the last term, Edwin Harris, for the murder of Murphy, and William Lucas, for the murder of Simpson, and sentenced to be hanged on Friday next, the 16th inst., were yesterday respited by Governor Scott, who orders that their execution be suspended until Friday the 30th instant.
