New Advertisements. Tax Notice-Joel Copes, A. F. C.

Notice.

We call attention to the Notice of the Merchants relative to closing their store on the Fourth. Gipsies.

A roaming band of Gipsies are in town, encamped in rear of Col. Rion's residence.

There will be a meeting o the Winnsboro Hook and Ladder Company next Tuesday evening at 8 o'clock in the marke: Hill.

#### Mammoth Beet

Capt. Bacot has sent to our office a mammoth beet weighing four and a half pounds. This "be its" everything sent up this far.

Extra copies of the Henald containing the full particulars of the firemen's parade for sale at this of fice. Price 5 cents per copy. A Model Establishment.

We direct the especial attention of our readers to the card of Mr. W. P. Ru-sel proprietor of the above name establishment.

#### Tolographing.

A darkie sent a tolegram last week to his beloved, but on receipt of the icply said, "now Mr. McDonald, this are not Angelina's writing." , She al ways spells kaughphy with a "K."

Heavy Rains. There have been very heavy rains recently in the western portion of the 'County. Several hundred yards of trestling were destroyed on the S. & U. R. R.

Death. Mrs. Robert Dunlap died near Ridgeway on Sunday afternoon of Typheid Dyientery. She was well advanced in years. We tender our

sympathics to her bereaved family.

Paralysis.

We regret to hear that John Me-Cully, Eq, has been afflicted with another stroke of paralysis. He was attacked last Tuesday while on his way from town. One side is useless. We trust that he will recover.

Gladney and Murphy.

We call attention the advertisement of Messrs. Gladney and Murphy in another column. These gentlemen have a fine stock of liquors, and "old Eph" is always on hand to attend customers.

Personal.

Mr. J. S. Reynolds, of the Kings Mountain Military School, is in town on a visit. "Pedagogies," and the climate of Yorkville evidently agree with him. He reports this excellent school as flourishing. The second session begins on the 1st July.

Kerp Cool.

We understand there is a party in town, who is willing to make advances to any one who will supply the families with ice during the summer at five cents per pound if sufficient patronage is guaranteed. We hope ongagements may be made to secure the contract. We believe it will pay.

A rather bashful young man who is keeping company with an Elm street girl, was asked Sunday evening if he would have a cuspidore. "No, thank you," he said, "I nover out anything before retiring."- E.c.

What in the deuce is a cuspidore ?

"We liave the best reason to be lieve that one of the very first results which this tyrannical ring expects from this treacherous work is the ruin of the administration and the wreck of | for the past few days. the Republican party in this State."-Union-Herald.

If this be so, we withdraw our opposition to Morton, Bliss & Co. We will pay them \$7,000,000 to clear the State of Radicals and think it a cheap contract at that.

"What do certain irresponsible millionaires in New York think the Re publican people of this State are made out of ?" - Union-Herald.

Why they think the Republican party is made up of a set of swindlers, who issue \$7,000,000 fraudulent bonds, and then refuse to help bond holders get back their money out of the tax-payers.

Although the general complaint is that the cotton crop is very poor, we have heard of several farmers who have good crops, and some fine specimens of the plant have been brought to our office. We have a plant grown on the farm of Mr. LeRoy Garven near town, which is twenty-seven inches high and contains forty eight squares and one bloom. M . W. R. Garrison has also shown us a bloom taken from his field. Judge W. R. Robertson has a fine field of "double and triplo boll" cotton, the peculiari been given over to the grass, the continued wet weather having rendered it impossible to work them.

Around Town.

The cholera in Nashville has caused cucumbers to be viewed with suspicion in Winnsboro.

A gentleman in town reports ripe tomatoos. "The local" is an incredulous mortal and never believes anythem up.

School Tax for Township No. 4. Pursuant to an order from the Board of Trustees of the School District, a few gentlemen met in the Court House on Saturday to discuss the propriety of levying a local tax for school purposes. Mr. O. R. Thompson, Chairman of the Board of Trustees, reported the schools in good condition, and the pupils improving ty of which consists in the clustering The Rev. Mr. Obear, principal of the of the bolls. On the other hand many white, and Miss - of the of the creek and river bottoms have colored school, had given great satisfaction. There are about 70 whites and about 120 blacks in attendance. There is a school in the County under the direction o. this board, and an other school is partly supported by it. The trustees believed the schools were accomplishing good, and hoped they would be maintained next year.

The following information was furnished the meeting: The expenses of maintaining these schools is about thing until he sees it. Send some of \$247 00 a month, or \$2,223 00 for nine months. The State apportionment is \$1 13 cach for 780 children, or \$881 40. The poll tax should realize \$300 00. The deficit of \$1040 60 must be made up by the local tax. As the property of the township is valued at \$750,000, it was thought valued at \$750,000, it was thought Bankers, that a tax of one and a quarter mills Furniture and fixtures, would be sufficient. It was then resolved that a tax of 11 mills be levied for the next year, and the meeting adjourned. This local tax is entirely under the control of the trustees, to be expended by them.

On Saturday evening there was another parade, of the colored militia company. What is the cause of this sudden revival of military ardor we cannot divide. We presume, it must be simply a gratification of that love of display inflerent in the breast of every descendant of Ham. If, however, anything more serious is intended we warn the colored people to be careful.
