

YESTERDAY'S WAR NEWS

Summary of Developments on Battle-grounds of Europe. Allied troops have landed at Saloniki, Greece, and two powerful Russian squadrons have appeared off the Bulgarian port of Varna, on the Black sea.

While unofficial reports in London indicate that Greece has protested against the violation of her neutrality, dispatches from Athens assert that the Greek people received news of the landing calmly, realizing that if the worst should come the Allied troops would aid them in repelling Teutonic aggression.

Bulgaria, it is reported, has announced that she will immediately reply to the last note of the entente powers, concerning Serbia's offer to Bulgaria of compensation for Bulgarian neutrality.

A British report from Field Marshal Sir John French, says the Germans northwest of Hulluch have been captured the greatest number of the Hohenzollern redoubt, taken from them last week.

The Anglo-French bond issue of \$50,000,000 already has been oversubscribed. The amount of the over-subscribing, it is estimated, will reach \$50,000,000.

SOUTH CAROLINA NEWS

According to the bureau of vital statistics, 252 deaths occurred in South Carolina during the month of July from pellagra.

The British war office has advised Judge George W. Nicholls of Spartanburg, that to return the body of his son Montague, recently killed in France, will be impossible.

Governor Manning on Saturday received until October 16, Willie Bethune, a Florence county negro, who was 25 years old, had been kept in a cage several times. The case has been tried before the highest courts in the land.

Fire in Barnwell Saturday destroyed the dispensary, bottling plant and opera house. Whisky valued at \$22,000 was stored in the dispensary and only \$8,000 of the opera house was valued at \$5,000.

Service Rendered—Solely—IF YOU never have any claim to make against an Insurance Company, either Life, Fire or Accident, it will not make a particle of difference whether your insurance is placed with an Agent who knows his business or one who does not, but let it be a fact that you realize that it is possible that you MAY have a fire or an accident, and know, beyond a shadow of a doubt that you are going to die, and in the case that that you regard as possible or that that you know to be certain, does happen, don't you feel that your mind would be easier in the meantime did you KNOW that an Agent who was capable of looking after your business, and who would render effectual service, had written your business.

WHILE I DO NOT CLAIM TO KNOW all about all kinds of insurance, or any one of the numerous branches, still I do claim that because of many years' experience and constant study, I am as well equipped as any Agent in the State, doing a general insurance business, to render EFFICIENT SERVICE, and better than the majority, and I solicit the patronage of the public solely on the ground of SERVICE RENDERED.

PAY BILLS BY CHECK. MANY BUSINESS CONCERNS AND INDIVIDUALS TOO, HAVE HAD VEXING CONDITIONS RELATIVE TO SETTLEMENTS OF ACCOUNTS—

People have had losses by having to pay bills the Second Time, for the reason that they paid the account with CASH. The CANCELLED CHECK, with the party's name on the back, to whom the Check was given, is the BEST RECEIPT. One very important item in reference to paying by Check is that YOU—yourself—know where your funds have gone. Your Check Stub and the Check itself tell the story.

If you are a young man take a policy while you are in position to get a low premium rate and at the same time build up a Cash account. If in middle life, remember you are more liable to cumulation. If in old age, remember you are more liable to death and need the protection more, and if you have grown older, then you are nearer the winning stage and you must and will win. Let US serve YOU. All kinds of INSURANCE.

PROPERTY WORTH OWNING. IF INFLAMMABLE, IS WORTH INSURING. You labor, and with care, prudence, energy and thrift you buy or build you a home. IS IT NOT WORTH INSURING? If it is good business and precaution to insure your home, which may never burn, how equally important it is to insure Your Life, when there is no escape from death. If you are a young man take a policy while you are in position to get a low premium rate and at the same time build up a Cash account. If in middle life, remember you are more liable to cumulation. If in old age, remember you are more liable to death and need the protection more, and if you have grown older, then you are nearer the winning stage and you must and will win. Let US serve YOU. All kinds of INSURANCE.
