

JUDGE REED.—The Anderson *Intelligencer* was in error in saying that Judge Reed had returned with his family to Anderson, where he would spend the summer. Judge Reed adjourned the Court of Common Pleas in this city on May 5th, after a continuous session of just three months. On May 5th he went to Anderson with a part of his family, remained there two days, and returned to Orangeburg, where he held an extra term of the court until Thursday evening the 13th. He then rejoined his family in Charleston. On Friday and Saturday he disposed of such business as he would bring before him at Chambers. To-day he will open the Court of Common Pleas and General Sessions at Orangeburg. At its close he may have a week's vacation, which he will spend in the up-country, and will then hold the summer terms of court in Charleston, beginning on the 1st Monday in June.—*News and Courier*.

Hon. George H. Pendleton puts the case tersely thus: "The financial troubles, the stagnation of business, the depression of all industries, the extravagance and corruption of the public service, the demoralization of the administration, the personal government of President Grant, the third term project, the violation of all law in the policy adopted toward the Southern States as a means there-to; all these have filled the people with uneasiness, and they are anxiously seeking a better state of things."

It was stated the other day that the grasshoppers had been frozen out by the severity of the winter, but a late dispatch from St. Joseph, Missouri, announced that they have "multiplied and grown like magic in the past few days," and from that point all the way out to the Rocky Mountains we hear of them in alarming numbers. In some parts of Kansas they are said to have already done great harm, and there seems every prospect of another "plague" like that of last year.

The New York *Tribune* says editorially that Pierpont accords with Bryson's financial views, but he is opposed to certain features of the reconstruction acts.

It is TRULY WONDERFUL, the variety and ingenuity of the conveniences for the desk and office—pens of varied patterns, inkstands possessing numberless advantages, Letter Files, each one the best, Envelopes of size and qualities infinite. It is almost bewildering to enter the large Broad Street Store of Walker, Evans & Coggeshall, in Charleston, and see the number of these attractions. Here you find the largest Stationery Stock south of Baltimore, and you only have two troubles—first, sufficient cash; and second, the difficulty in deciding among the many things offered, each equally suitable to your wants.

FARMERS, LOOK TO YOUR INTEREST.

GREAT HOME-MADE FERTILIZER.

SIMPSON, HILL & CO. would inform the Farming community that they are prepared to furnish CHEMICALS, properly proportioned, for one of the best FERTILIZERS known, at not exceeding one-fourth the cost of the Commercial Fertilizers. Within the last three years we have placed it in the hands of some of the most thoroughly practical Farmers of the County, who express themselves fully satisfied with results, regarding it as equal, if not superior to any of the Commercial, some of them having tested them side by side. We refer you to a few of them, viz: W. L. BURRISSE, JOHN BROWN, JAMES A. DRAKE, HUGH McCARLEY, GEO. STEVENSON, DR. CARPENTER, JOHN DALRYMPLE, REV. JACOB BURRISSE. Many others might be mentioned. In no case have unfavorable results been reported. Please call on us at our Drug Store and get your Chemicals, also formula and directions for use.

SIMPSON, HILL & CO.

NOTICE.

We would respectfully inform our customers that our OLD ACCOUNTS from the year 1870 to 1873, inclusive, MUST BE PAID. We have waited long enough. We do not wish to be harsh—but the money MUST COME.
