Mr. John E. Breazeale, Secretary Pomona Grange of this County, requests us to remind the sub-Granges that the time for making their first quarterly report for 1880 has expired, and that it is desirable they should make their reports as early as possible.

Messrs. F. W. Wagener & Co., of Charleston, sent us by Saturday's mail a mammoth Irish potato, grown on Wardmalaw Island by Mr. J. T. Hart, a most successful potato grower. He uses the Wagener fertilizer, and makes about hundred bushels to the acre.

It is rumored on our streets that the schedule of the Greenville & Columbia Railroad will be changed on Monday, so as to allow the passenger train to leave this place about an hour later in the morning and arrive about two hours earlier in the evening.

The picnic to be had at Silver Brook on Sunday, under the auspices of the Baptist Sunday School, promises to be a very pleasant affair. Every arrangement is being made to render the occasion especially pleasant for the children, who are doubtless looking forward to it with bright anticipations.

Reports of the condition and prospects of the wheat crop are not very encouraging. It has the most badly, and many of our farmers are disheartened, being confident the yield will be very small, while others are more hopeful, and think with continued favorable weather the crop will yield better than is generally expected.

Capt. E. J. Major, a worthy and valued citizen of Broadway township, died on Tuesday last, in the 53rd year of his age, after an illness of only four days of a disease of the liver. His remains were interred in the graveyard at Neal's Creek Church on Wednesday afternoon after impressive funeral services conducted by Rev. M. McGee.

Mr. Caleb Hall, of the Storeville neighborhood, last week sent us the following note: "I have been feeding my sheep during the winter season on corn. To-day I sheared three of them and got seven and a half pounds of wool." It is not every farmer that is so fortunate now-a-days as to have corn which to feed sheep, but those who are might find it profitable to follow Mr. Hall's example.

The election for pastor in the Baptist Church on last Sunday morning resulted in the choice of Rev. R. W. Sanders, of Chester. He is the pastor of the Baptist Church at that place, in this State, and possesses superior endowments as a minister of the Gospel. Should the church here be so fortunate as to secure his services, it will be a valuable acquisition to our society.

At the meeting of the Greenville County Democratic Convention on Saturday, Hon. W. L. Mauldin was re-elected County Chairman, and Messrs. E. H. Fuller, J. W. Gray, A. C. Garlington, W. C. Cleveland and G. W. Sullivan delegates to the State and Convention. Col. Carver Randall is at present canvassing this County as an agent of the American Bible Society, seeing that our people are being supplied with the Great Book. A work which tends to the cultivation of public virtue, the repression of crime and the increased activity and improvement of the community demands our interest and co-operation, as it contributes to our material advancement. It is proposed to every church in the County to make a contribution at an early day to this Society by sending the amount contributed to the Agent to be forwarded. Let us not permit ourselves to be the beneficiaries of the parent Society, but contribute something in return for the Bibles donated to those of our poor who are unable to buy.

The Board of Directors of the Savannah Valley Railroad have elected Maj. Thomas B. Lee, of this place, Chief Engineer of their Company, and in pursuance of instructions of the Board will at once organize his corps of surveyors, and begin a preliminary survey of the route from this place to Dorn's Mine on next Tuesday, commencing at this end of the line. The survey will be sufficiently accurate to determine the cost of the grading, and estimates for both a narrow and broad gauge road will be made. Experimental surveys of all the proposed routes will be made, so that when the report is submitted to the Directors the route can be at once located, and work commenced without delay. Maj.

Lee is an engineer of considerable experience, and will doubtless perform his work accurately and satisfactorily.

The annual meeting of the stockholders of the Atlantic and French Broad Valley Railroad was held at Easley on Friday last, and a full representation from all the towns and townships interested was present. The following officers of the Company were elected: President, R. E. Bowen; Directors, D. F. Bradley, J. L. Thornley, J. R. Gossett, W. S. Pickens, W. C. Brown, H. I. Epling, B. D. Dean, B. C. Martin; Treasurer, Wm. M. Hagood; Secretary, Wm. J. Kirk. Several gentlemen from the city of Greenville were present, and encouraging speeches were made by Judge Cooke and Gen. Harrison, assuring the Company that Greenville was deeply interested in the enterprise, and wished it great success. Chief Engineer Kirk made a creditable report of the work accomplished since the grading was commenced, showing that from the 5th to the 20th of April an average of 43 men were kept at work at a cost of \$303.40, including salaries of guards, overseers, &c. Of this amount \$147.80 were for provisions and \$140.00 for guards. During this time about three-fourths of a mile was graded. Capt. Kirk's management of the affairs of the Company were perfectly satisfactory to all parties concerned. He is pushing things with a vim, and is confident the grading of the entire line can be done for \$600 per mile. Mr. Clyde, the recent purchaser of the Greenville & Columbia Railroad, was present, and treated the delegates to an excellent dinner.

The May Party at Townville.

TOWNVILLE, May 8th. Several hundred people witnessed the May Party at the Academy last evening, and the verdict of all is that it was a most brilliant and enjoyable occasion. The coronation scene was enacted on a beautifully carpeted and festooned stage in front of the Academy, and the assemblage listened attentively to the rendition of the entire program.

The fair young Queen, Miss Sallie A. McCarley, elected to that regal honor by her school-mates, acted her part with much grace, eliciting encomiums from all. Master Eddie Sifton, the Queen's Herald, proved himself quite equal to the occasion, and Miss Sallie Woodbright as 1st Maid of Honor, Miss Kate Simpson as 2nd Maid of Honor, Miss Mattie McCarley as Spring, Miss Dora Gaines as Summer, Miss Mattie Harbin as Autumn, Miss Anna Hunter as Winter, Miss Hattie Suttles as Faith, Miss Mary Tribble as Hope, Miss Carrie Brown as Charity, and Miss Gussie Sifton as Gipsy Fortune Teller, acted the parts assigned them almost faultlessly, and each received much praise from the delighted audience. A number of little flower girls also deserved mention for their attractiveness upon the stage.

The very excellent music rendered by Mrs. Clara Hewitt and Miss Fannie Hammond, as organists, and Dr. J. B. Brown, as violinist, was a most enjoyable feature of the occasion.

And it is but just to add that the inception of the May Party is due to Mrs. Dr. J. B. Brown, and that its complete success is attributable to her untiring labors and superior taste and skill.

To give a lively and appropriate "finish up" to the coronation, a dance, participated in by nearly all the young people, was had in the Academy, but 12 o'clock midnight found everybody dreaming sweetly of the happy accomplishment of Townville's first May Party.

Savannah Valley Railroad Meeting.

A meeting of the Directors of the Savannah Valley Railroad Company was held at Carwell Institute pursuant to appointment on Friday, May 7th, 1880. Present—J. M. Latimer, President, and W. W. Humphreys, B. F. Whittier, J. W. Norris, J. T. Barnes, R. P. Chikaskas, and J. Milford, W. B. Watson, S. J. Hester and T. J. Hester.

On motion, Mr. A. S. Todd was requested to act as temporary Secretary.

The President stated that the object of the meeting was to elect an Engineer to survey and locate the line of the road, and to attend to other matters of importance, and laid before the Board several propositions from Civil Engineers, which were duly and fully discussed.

On motion of Capt. Barnes it was decided to elect Maj. T. B. Lee as the Engineer, provided it be ascertained that his proposition is cheaper to the company.

On motion of Maj. Whittier the President was authorized and directed to transmit the action of the Board to the Engineers.

On motion of Capt. Barnes it was ordered that the subordinates of the Engineer Corps be selected by the Engineer, with the concurrence of the President, who shall call into counsel such Director or Directors as may be convenient.

On motion of Capt. Barnes a committee, consisting of President Latimer and Messrs. Humphreys, Watson, Milford, Norris and S. J. Hester, was appointed to select and purchase implements, tools and general outfit of equipments and supplies for the Engineer Corps, and on motion of Major Whittier it was ordered that three of the committee constitute a quorum.

Maj. Whittier proposed Mr. W. S. Ligon, of Anderson, for the office of Treasurer, and he was unanimously elected.

The question of what per cent. should be paid the officers who collect the subscription taxes was discussed at some length, and it was finally directed that the President should obtain information in regard to the matter and make satisfactory arrangements.

Remarks of encouragement and urging prompt and energetic action were made by Gen. Humphreys, Capt. Hester and Capt. Barnes.

On motion of Col. Norris, Messrs. Humphreys, Whittier and Watson were appointed a committee to arrange and fix the salary of the Treasurer until the next annual meeting in November, and on further motion the same committee was charged with the duty of attending to the execution of the Treasurer's bond.

The President urged the individual members of the Board to encourage the people all along the line to pay promptly the railroad taxes, in order that the work might be commenced as soon as possible, whether it was to be carried out with hired or convict labor, after which the meeting adjourned.

J. M. LATIMER, President. A. S. Todd, Secretary pro tem.
