

LOCAL NEWS.

C. LANGSTON, LOCAL EDITOR.

Bacon and lard are declining in price. Court is in session this week at Pickens 11.

The epidemic of sore eyes is on the increase. The Camp Meeting at Sandy Springs begins to-day.

What is selling at sixty cents per bushel in Abbeville County. Middling cotton was worth 94 cents per pound on Wednesday.

Read every advertisement in this paper and you will profit by it. It was almost cool enough for frost last Monday and Tuesday mornings.

The attendance upon the various schools in the city are gradually increasing. Let every man, woman and child, white and colored, be in Anderson on the 20th inst.

A street sprinkler has been very much needed in Anderson for the past several weeks. The Camp Meeting at Providence begins next Thursday and will conclude on the Tuesday following.

The law requires that water-courses be cleared of all obstructions during the month of September. Don't put off paying your taxes to the moment. If you have got the money, now is the most convenient time to pay them.

There is a butter famine in the city just now. If the supply does not increase, our people will have to fall back on oleomargarine. It will soon be in order to hear of arms and hands being torn up by girls. Be careful, and you will keep us out of an item of news.

Remember that Friday, the 20th inst., is the day set apart for a grand rally of the Democracy of Anderson County. Don't forget it. The days of lemonade, ice cream and soda water are about over for this season. The young men are glad, but the young ladies are sorry.

Can't we get a real old-fashioned red-shirt meeting on Friday, 20th inst.? Every Democrat in the County should be here on that day. The County Fair is about a month off. We trust our people generally will prepare something for exhibition and make it a grand success.

The first mountain apples for this season were offered for sale in the city last week at \$1 per bushel. The crop is said to be an abundant one. A colored woman, while returning from services in the colored Baptist Church one night last week, fell into a ditch and broke her leg near the ankle.

September is perhaps the sickliest month in the year, and every one should be exceedingly particular about their health. A little precaution may save you a month's sickness. We received a call last Saturday morning from Mr. Beard, of the Honora Path Herald. He is a pleasant young gentleman, and says his paper is meeting with good encouragement.

Sullivan & Bro. are receiving their Fall stock of hardware, rubber and leather belting, packing, &c., which they will sell at bottom prices. When you need anything in their line give them a call. Read their new advertisement. Our young friend and former townsman, Mr. Joseph Lee, of Columbia, is in the city representing the Valley Mutual Association of Virginia. Those of our citizens who desire a cheap and reliable life insurance should consult Mr. Lee.

The new advertisement of the New York Cash Store appears in enlarged form this week, and the attention of every reader is directed to it. It will repay you to go through this establishment, even if you do not care to purchase anything. On account of religious holidays, the New York Cash Store and Mr. A. Lesser's Store will be closed on Saturday, 20th inst., and Monday, 21st inst. The friends and customers of these establishments should make a note of this and govern themselves accordingly.

New goods are coming in by the car loads. The merchants of Anderson want money, and they are determined to sell their goods, even if they have to do it at a sacrifice. Bring your cotton to Anderson, and for a little money you can get more goods than you can carry home. Mr. and Mrs. C. C. Cummings have the sympathies of a host of friends in the death of their 4-year-old son, Edward, which occurred in this city on last Sunday night, after an illness of several days, from diphtheria. The remains were interred in the Baptist cemetery on Monday.

Joseph Frederick, a 21-month-old son of Mr. S. L. Eskew, of "enterville" township, died on Tuesday, inst., after an illness of three days with membrane croup. His remains were interred at Salem Church on Wednesday, 10th inst. Rev. B. Hays conducting the funeral services. A lecture on "University Life in Germany" will be delivered in the Chapel of the Williamson Female College on tomorrow (Friday) evening, at 8 o'clock, by Prof. J. M. Pickett, Ph. D., a graduate of the University of Gottingen. The public generally are cordially invited to attend.

Married, at the residence of and by J. W. Haulbrooks, Esq., on August 24, 1884, Mr. G. W. Newell, of Oconee County, and Miss Harriet A. Elrod, of Anderson County. Also, by the same, on August 31, 1884, Mr. E. T. Elrod, of Anderson County, and Miss Carzady Newell, of Oconee County.

"My dear," said a fond father to his daughter the other day, "I don't like that bean of yours." "Why, papa?" "I don't think he's possessed of staying qualities." "Then his looks deceive you, papa, awfully. He's superabundantly blessed with staying qualities. Why, he's stay to breakfast time if I'd let him."

Solomon Douglass, colored, residing on Mr. W. E. Long's place, in Brushy Creek township, met with a fatal accident on Wednesday of last week. He was engaged in cutting down a tree, the top of which, in falling, struck another tree over by, which threw the butt backwards from the stump, catching and throwing him down upon some timber, and terribly crushing his face, from which he died on last Sunday.

Bishop How made his annual visit to Grace (Episcopal) Church last Saturday and Sunday. Eight applicants for church membership were confirmed on Sunday morning. The church was crowded both at the morning and evening services on Sunday, and the sermons of the Bishop were deep, impressive and exceedingly interesting.

W. A. Chapman is receiving his large and well-selected stock of dry goods, notions, shoes, hats, &c., which for quality and cheapness cannot be excelled. He makes a specialty of Zeigler Bros.' fine shoes, which are well known everywhere. Read his advertisement and give him a call, and you will be convinced that he means to sell.

There will be an entertainment at Townville on next Wednesday night, the 24th inst., consisting of charyades, &c., for the benefit of the Presbyterian Church in that place. Those who attend will have a most pleasant evening, as the actors of the evening are possessing of fine talent and will render interesting plays. We hope a large audience will greet them.

Read what Messrs. J. P. Sullivan & Co. have to say in this issue. The junior member of the firm has just returned from the Northern market, where he purchased a large stock of merchandise, which is being offered at almost wholesale prices. They deal in no shoddy goods, and what you buy from them you may rest assured that it is just what it is represented to be.

One of the recent nominees for County Commissioners was renounced on Saturday night after the Primary Election by his neighbors. The "instruments" used on the occasion consisted of cow horns, bells, hules, &c. He was aroused from his dreams about 11 o'clock, and not knowing what the noise meant, thought the day of general reckoning had surely come.

Mrs. Edna King, wife of Mr. Jas. H. King, of Broadway Township, died on Wednesday, 10th inst., after an illness of several weeks, of typhoid fever, in the 40th year of her age. She was a member of Neal's Creek Church, where her remains were interred on last Thursday.

Rev. M. McGee conducting the funeral services. She leaves a husband and some children to mourn her death. List of letters remaining in the Post-office for the week ending September 16: Eugene Barnore, H. P. Blount, E. V. Clark, Rev. S. T. Dodson, J. K. Cox, W. J. Freeman.

Some ladies are beginning to complain of the itching business now practiced between members of their sex. It is declared that the practice of one woman saluting another with a kiss whenever she meets her after an absence is becoming too common, and that the osculatory welcome should be limited to ladies who are very dear friends—and to gentlemen too when properly authorized. Many ladies who do not like to seem rude are compelled to kiss other ladies of their acquaintance when they meet them because it seems expected, and to refuse to return the salutation would be embarrassing.

Last Saturday morning Mr. J. Belton Watson, who resides about five miles North of Anderson, had his barn, stables and corn crib destroyed by fire. Over 5000 bundles of fodder, about 400 bushels of oats and about 20 bushels of corn were also consumed, aggregating a loss of about six hundred dollars. The fire was accidental, having been caused by Mr. Watson's little son, who, while playing near a straw pile, popped a match with his knife, igniting the straw, from which the fire spread. The wind was blowing considerably at the time, endangering his dwelling house and other buildings, which were near the barn.

The following curious puzzle is said to have been celebrated "13 14 15," and is well worth investigating: Take a strip of paper or cardboard thirteen inches long and five wide, thus giving a surface of sixty-five inches. Now cut this strip diagonally as true as you can, giving two pieces in the shape of a triangle, and measure exactly five inches from the end of each strip and cut in two pieces;—these strips and put the strips to appear as an inverted V, and it will appear to be just eight inches each way, or sixty-four square inches, a loss of one square inch of superficial measurement with no diminution of surface. The question is, what becomes of that inch?

Associate Grange, No. 1, will meet with Hunter's Grange, at 10 o'clock a. m., on Saturday, 27th inst. Subjects for essays: 1st, "The Farmer's Hope and Hindrance"—essays, Col. E. M. Rucker; 2nd, "Improvement of Stock"—essays, A. B. Bowden. Delegates: Deep Creek Grange—Wm. Davis, A. B. Bowden, M. B. Mays; Sandy Springs—Robt. Burns, Jos. Major, J. B. Douthit; Town Creek—W. A. Neal, D. H. Russell, J. W. White; Harper—Wm. Qualls, D. P. Beck; J. W. Harris, B. E. Crayton; Rucker, J. W. E. Duckworth, A. L. Bowling; and E. M. McConnell; Hunter's Spring; J. Belton Watson, J. A. Eskew, John Eskew. Col. J. W. Norris will preside.

It is a little wonderful how a fellow's girl will run from him if he calls upon her after an unexpected and finds her rigged up in a "Mother Hubbard." A certain young man called upon his girl the other afternoon and found her sitting in the hallway in one of these dresses, but when she got a glimpse of him she ran, knocking over a sewing-machine, a table and four or five chairs that happened to be between her and her room. Of course, he didn't tell her he saw all of this, but when she came into the parlor, limping, he asked what was the matter, and she replied that her little brother had tried to make sausage-meat out of her toes with his hatchet. He accepted the statement as true, and said no more about it.

The present outlook for the farmers is not at all encouraging. In some sections the drouth has cut off the cotton crop at least one-third, while in other sections it is worse. Peas, potatoes and late corn are also out of a great deal. We have noticed several farmers from various sections of the County say, however, that they have not suffered from the drouth, and that they will make the best crop ever made in several years. These are comparatively few, though. The majority of the farmers own their entire cotton crop, not having been able to pay out unless the price of cotton remains high, and they will not be able to meet their obligations this Fall. The past summer has been a hard one with everybody, and we believe our people have been more economical on that account, therefore the amount of their indebtedness for this year's supplies is not as much as it would have been under other circumstances. There are a great many farmers who do not think their crop will be as good as last year, and all of them are gloomy as to the outlook. Another hard year is ahead of us, and we should prepare for it by a large sowing of oats, wheat and barley. From all reports we are of the opinion that the crop of the County will be about three-fourths of an average crop.

Arranging for the Meeting. The City Executive Committee of the City Clubs have appointed the following Committees to prepare seats, arrange the stand, provide for the speakers, and look in to come off in Anderson on Friday, the 20th inst.: Committee on Reception—W. W. Humphreys, D. S. Taylor, D. S. Maxwell, J. N. Brown, J. E. Brazzel. Committee on Arrangements—G. F. Tolly, J. M. Payne, E. K. McCully, J. S. Fowler, S. M. Orr and H. G. Reed. Committee on Decoration—Mrs. W. W. Humphreys, Miss Jelfie F. Edwards, Miss Lizzie Morris, Miss Virginia Evans, Misses Nardin, Misses Willis, Miss Susan Brown, Miss Annie Blackley, Messrs. R. S. Ligon, W. A. Vandiver, F. C. Whittier, J. R. Vandiver, F. T. Willits, Foster Fant.

We hope every lady and gentleman in the County who can attend will be present on that occasion. It is the only meeting appointed for the County, and all of our people can afford to give up one day to hear the issues of the present canvass discussed. It will also be the first time in four years that Senator Hampton has been with us. Let us all join to make it a great day worthy of the Anderson Democracy.

Please Take Notice. On account of Holiday, the New York Cash Store will be closed on Saturday, September 20th, and on Monday, September 21st. We trust people living at a distance, intending to visit Anderson, will bear this in mind. Everybody who wants to see the very latest styles in Dress and Fancy Dry Goods, Pretty Neckties, or Gloves or Hosiery or Fine Laces, or the best Corsets, or Stylish Linen Collars, or a thousand other useful and fancy things, should all means pay a visit to the New York Cash Store. Our enormous stock is coming in daily, and elicits admiration from all who have the opportunity to see it. We are making a specialty of Fine Goods and carry a nice stock of Silks, Satins, Velvets, Ribbons, and a complete line of fashionable Millinery, Carpets, Oilcloths and Window Shades, up-stairs. Fine Shoes a specialty. Learn our Prices before purchasing. M. B. ARNSTEIN.

If you don't wish to have a good good time be sure to get your Seed at Orr & Sloan's—their Seed will grow. If everybody knew how to keep a horse or mule sick and fat, what a power Orr & Sloan's Premium Horse and Cat-Food would be. Congress Water relieves the discomforts of indigestion, such as flatulency, headache, heartburn, &c., at Whitby's. David Crockett said "Be sure you are right and then go ahead," and if everybody would do the same thing, they would buy all their medicines from Orr & Sloan. Fruit Jars and Jelly Glasses just received at Whitby & Whitby's. For a good smoke, buy Whitby's Leader Cigar. Attention, Farmers! Revolution in cleaning cotton. \$4 to \$5 per bale saved by using Clarke's Seed Cotton Cleaner. No longer an experiment. Thousands of bales cleaned and cleaned. Take your cotton to the gin that has this Cleaner. C. A. REED, Agent for Anderson County.

An Editor's Experience. After trying numerous remedies for Rheumatism, without permanent relief, I was advised to use Dr. S. B. Hays' given permanent relief to others suffering from Rheumatism. After taking half a dozen bottles of Dr. Hays' medicine, I am entirely freed from my system, and a permanent cure secured. This was over a year ago, and since then, even during our most severe weather, with sudden changes, I have never suffered a return of the old attacks which disabled me from editorial work. It is very seldom, indeed, that I recommend anything to the public in this manner, but I feel that your valuable preparation, that has given me such desired and much needed relief, to state these facts through your journal, will be but for your Specialties. The medicine laid aside from journalism work, as the severest attack was in my right arm and hand. SIDNEY HERBERT, Atlanta, Ga. Treatise on Blood and Skin Diseases mailed free. THE SUGGESTION. PENDLETON, S. C. Sept. 15th, 1884. Mr. Editor: We have just closed a series of meetings that have been in progress for ten days, under the direction of Rev. J. DeWitt Burkhead, of Texas, who is spending a vacation of several months in this State among friends. This vacation, though intended for rest, up to this time has been, and if accepted, would be incessant work for more than one and one-half years, he having applications to cover that time now, and these applications extend from California to Maine.

His time is wholly occupied in preaching the Gospel; and when I say the Gospel, I mean it in the strictest sense of the word. For sound reason and logic, this good man of God, in my judgment, has few equals, and no superiors in the United States. His interpretations of the Bible and its teachings are simple and yet sublime, and seldom fails to carry conviction to the heart of his hearers. His teachings, in some respects, are directly opposed to the ideas advanced by many preachers of all denominations, but he invariably proves his assertions by convincing Biblical facts; sometime making statements, which, though startling at first, yet become self-evident truths after his explanation. His preaching is different, probably, from that of any other, and when he appeals to man's intelligence to see the beauties of religion, how much easier it seems to serve our Lord and Saviour after we have taken in the truths promulgated and expounded by this eminent man of God.

Of all Evangelists he is the one calculated to advance Christ's Kingdom here on earth. It is evident that such work is very much needed here in our country; therefore, would it not be wise for our Synod, soon to meet, to employ Mr. Burkhead for twelve months at least? The funds necessary to secure his services need not prove any barrier, for if secured, rest assured that he will bring tenfold more into the treasury than it will cost to obtain his aid in the advancement of the Church of Christ. A MEMBER.

The Savannah Valley Railroad. The vote in the different Townships of this County, on the question of subscribing \$15,000 additional to the Savannah Valley Railroad, last Saturday resulted in an overwhelming defeat—in fact, a complete stampede of the friends of the subscription. The following is the vote upon the question by townships: Broadway—For subscription, 4; against subscription, 224. Savannah—For subscription, 3; against subscription, 166. Varners—For subscription, 48; against subscription, 182. Congress—For subscription, 23; against subscription, 200. Corns—For subscription, 38; against subscription, 99. Half—For subscription, 47; against subscription, 129. Total for subscription, 163; against subscription, 1,000. Several things conspired to produce this result.

First, and we believe foremost of all, was the belief that the road will be built any way, as the City of Anderson cannot afford to let the enterprise die. This was used freely in all the Townships, and doubtless had a strong influence in inducing people to vote against the subscription. They believed they would get the road without voting any taxation. Second, and nearly or quite as strong a factor in producing the result, was the very short crop of the present year. Our farmers are very blue as to the prospects of the coming year, from the fact that they are in debt for last year, and are making a very short crop this year. Hence, many friends of the road voted against the tax, for the fact that in money present stringency condition, the matters they could not afford to take in ten thousand dollars out of the Townships' names.

In the third place, the friends of the road became discouraged, and numbers of them did not go out to vote; and last, but not least, was the fact that a very large number of voters were opposed to the subscription under any circumstances. We regret the result of the election, and do not think the friends in the Townships named have missed an opportunity to make a certain of a valuable public improvement; but they have decided it by a very nearly unanimous vote, in some instances, and it is no use to grieve over spilled milk. We trust some means may yet be devised to complete the road. What the means are to be, we are not now prepared to say, but too much work has been done to be lost, and though the work may be delayed, we must not look upon the road as a failure. It must and will be built.

Townville Correspondence. A most distressing accident occurred last Wednesday, the 10th, at 4 o'clock p. m., on Maj. D. L. Cox's place, which resulted in the death of Mr. T. J. Brown, 10-year-old son of George. The young man was driving a load of fodder drawn by two mules, from a field to the house. On the way a part of the load fell forward, carrying the young man with it. He caught upon the double-tree. This frightened the team, which began to run at full speed. A hundred yards from the point of starting the team ran against a partly decayed stump about two and a half feet high and some ten inches through. Between this stump and the wagon bed the young man was caught, and the concussion was so great as to force the stump under, and the team dashing on the young man, dropped to the ground limp and dying. His father, who was tending fodder close by, got to the scene in a moment and raising his poor boy held tenderly his head under a faint, piteous call for his mother. He expired in a few minutes, his head resting on his father's arm, the internal hemorrhage oozing the white from his nose and mouth. The wounds were a fearful sight, on the side of the face, the literal crushing of the left side, and the fracture of the left arm above and below the elbow. The spinal column was also injured.

The young man was a consistent member of the Church, and was Mr. Brown's only son. The bereaved mother is an invalid and blind, so that the shock falls upon her with great heaviness. Mr. John G. Cox was seated on the rear part of the load when the mules began to run, and after the young man, who was driving, had fallen off, he jumped to the ground, receiving a rather severe sprain of the knee. Go to Whitby's City Drug Store and get a glass of ice cold Congress Water and use it as directed. It will give you relief from drouth due to indigestion. A genuine preparation.

WAGONS, WAGONS, WAGONS!

WE have just received a Car-load of the Celebrated TENNESSEE WAGONS, and having succeeded in getting a special low freight on same, we propose to cut prices accordingly. We now have on hand twenty one-horse Wagons, with double bodies and spring seats; also thirty assorted 2 and two-horse Wagons, both Thibodeaux Skeels and Iron Axles, and we will be sure to please you in price as well as quality. One of our 12-inch iron axle Tennessee Wagons, having a guaranteed capacity of 4,000 pounds, was in hauling from the Depot here the new Vanit for the National Bank of Anderson. One of the iron pieces hauled upon this wagon, making in all 8,000 pounds or more held up by this wagon, which proves that they are even better than they are claimed to be. We publish the names of persons who are using these Wagons, and we refer you to them as to their quality. If you intend purchasing a Wagon let us know it at once, so that we can keep them ordered ahead, and enable us to meet all wants promptly:

THE DANIEL PRATT GIN, FEEDER and CONDENSER

MANUFACTURED at Prattville, Ala., has been sold for fifty-two years, during which time over 20,000 Gins have been turned out, and are in use in every Cotton growing State of the Union, Mexico, South America and the British East Indies. The Gine are more simple, less complicated and less liable to get out of order, stronger and more substantial than any other offered, and being so well known to the Farmer and Public Ginners in this and the surrounding Counties, that we feel it unnecessary to give lengthy testimonials and references. We are prepared to fill all orders promptly, and as there is always a rush in the latter part of the season, we would suggest that you give us your order as usual to insure prompt delivery. Our prices are as low as a first-class Gine can be sold, and our terms are as favorable as any purchaser could desire. Every Gin, Feeder and Condenser is guaranteed to give full satisfaction before payment for same is required. If you have an idea of buying a Gin this season, do not fail to call and see us. We will take pleasure in giving all necessary information and references to parties who have bought from us. Thanking you for your patronage in the past, we respectfully solicit a continuance of the same. When in need of— One and two-horse Wagons, Gin Houses and Platform Scales, Cotton Smoothing, Hatrow and Perfected Pulverizer, Barber's Machines, Co's Gins, Cotton Seed and Grain Crushers, and the Mangle, Hand and Power Press, and General Merchandise of any kind.

Remember we are in the business, and can give you as good bargains as any house in the trade. McCULLY, CATHCART & CO. June 23, 1884.
