As yet no fertilizers have been shipped to this place. We are all well. P. B. B.

Stone Church Items.

Well, Mr. Editor, I guess your readers suppose I have decided not to write again, but I will attempt once more. The health of this community is very good, considering the weather.

The smallpox scare is about over with us. Small grain is fine at this writing, especially the wheat. The farmers have decided to plant less cotton and more wheat and corn than ever before. Let such prosperous work go on.

We are sorry to say our Sunday School closed for a few weeks during the winter season but it will open the second Sunday in February. All are invited to be there by 3 o'clock p. m. and take interest in the work.

Cedar Grove Happenings.

The farmers are busy hauling fertilizers and are evidently preparing to plant another big cotton crop. Every farmer you meet tells you to plant less cotton, and if you ask him how much he is going to plant as much as he did last year or a little more. So it seems that our farmers' conventions are doing a lot of good.

The weddings are all over in this section except one which will take place in the early spring. STRICTLY BUSINESS!

THAT those who are so kind as to give me their patronage may understand just how I propose to conduct my business I write this card to explain. I have no objection to placing any number of people on my books on the weekly or monthly system of settlement, but under no circumstances will I run any customer longer than the time agreed upon to settle, viz. weekly or monthly. The margin on my business is too close to admit of any loose manner of dealing with any one. My motto is to give every patron just what they want, or as near to it as possible, and I request that those who patronize me call for what they want, and if I can't give it to them will give the next best thing to it at prices accordingly; and if neither the price nor quality suit, it can be returned at my expense and nothing more will be said or thought of it.

It has been the custom of all markets heretofore to give Hotels and Boarding Houses their choice meats at reduced prices, and letting the general run of customers have just such meats as they could get. I have made a change, so far as my Market is concerned. I will charge all alike. My best cuts of meats are strictly 10c per pound to anybody, and other than choice will be sold as cheap as live and active will permit. I am making no fight on Hotels or Boarding Houses, for it is their privilege to buy as cheap as they can and I don't blame them to do so.

I have placed a Money Weight, my Market that gives the exact money value of the different priced meats, and if I charge that far; if it is worth 12c, I charge that far; if it is worth 10c, I charge 10c, for it, &c. So if you notice 9c. charged on your bill you have got 9c. you find 11c, charged you have gotten 11c. worth. I neither give an odd cent or Weight Scale to begin, and charge just exact what the indicator shows.

Believing that my friends and patrons have known me long enough to know that I have no desire to do other than an honorable business, and that in so doing I will reap a large share of their patronage, assuring them that I will keep nothing but good stock, and will give each and every one my painstaking care to see each order has special attention.

Respectfully, F. M. BUTLER, Successor to Butler & Lyeth.

P. S.—I keep a full line of Groceries, Canned Goods, Cured Meats of all kinds, bulk, Sliced and Tins. Also, Chickens, Eggs and Fresh Vegetables. F. M. B.

OUR SHOES MUST GO! WE'VE got too much money invested in Shoes, and it is our principle to rush off Goods that we are overstocked on, even if we have to do so at a sacrifice.
