The Monument to Rev. J. Walter Dickson Unveiled.

Last Sunday was a day to be remembered at Smith's Chapel in the Fork. The occasion was the unveiling of the monument over the grave of Rev. J. Walter Dickson by Willow Camp, Woodmen of the World, of this city. Having accepted a kind invitation from the committee of arrangements to attend and witness the exercises, we left the city at an early hour in company with members of the Camp. It was a little cloudy, a good breeze was blowing and the drive was most delightful. By 11 o'clock a very large crowd had assembled at the Chapel, and members of the Townville, Fair Play, Seneca and Pendleton Camps were present to join with their brethren of Willow Camp in the exercises. The committee of arrangements had provided every comfort and convenience for the large crowd. A neat platform had been erected in the grave near the Church and it was surrounded with comfortable seats.

About 11 o'clock the Woodmen congregated at the school house, formed in line, dressed in the regalia of their order, and marched to the Churchyard, and surrounded the grave of their deceased brother. The column was headed by Mr. N. R. Green, master of the ceremonies, accompanied by a little daughter and little niece of Mr. Dickson, who, at the proper time, pulled the ropes that held the veil over the monument.

The organ had been brought out of the Church and placed near the grave. Prof. M. L. Willis presided at the organ, and assisted by the Anderson Orchestra and a select choir of voices, led the singing. After singing a favorite hymn of the deceased, prayer was offered by the Chaplain, Mr. J. M. Giles, and the beautiful and impressive ceremony was read by the several officers. These ceremonies, which lasted for about 10 minutes, were interspersed with some appropriate hymns and closed with a prayer from Mr. H. S. Shumate.

The crowd then assembled in the grove at the stand to listen to the addresses. Mr. W. E. Lee, the presiding officer of Willow Camp, presided, and introduced J. L. Tribble, Esq., who delivered a very interesting and eloquent eulogy on the deceased. Mr. Tribble had been selected only the day preceding to prepare this eulogy, as a substitute for Rev. W. W. Daniel, who had been unexpectedly called away from the city.

Gen. M. L. Bonham was next introduced and spoke of the objects and purposes of the order of the Woodmen of the World. The idea developed was that there had been other civilizations in other periods of the world's history differing from that of to-day, in which were many things to be admired. The arts and sciences were known and practiced, literature flourished and religions, although of a gross form, prevailed. The speaker rapidly sketched or reviewed the history of the civilizations of ancient Persia, Egypt, Greece and Rome, and showed the height to which those nations had attained. But, he said, it was a fact that in the policy and economy of the governments and religions and societies of those ancient people there was no provision for the practice of the virtues of charity. It was only after the coming of the Lord Jesus Christ with His message and doctrine of love that the idea of charity became a part of the religion of the world. He showed that the Woodmen of the World were but a part of the practice of the broad principle of charity and benevolence. This order and kindred orders were founded upon the principle of Christ, "Love thy neighbor as thyself." The speaker closed his eloquent and interesting address with a high tribute to the memory of Mr. Dickson. The address throughout was a fine sermon on one of the blessed Saviour's cardinal principles, charity.

Dinner was the next thing in the program, and was just such a one as the hospitable people of that section know how to serve. It was most abundant, and the clever citizens were careful to see that every visitor was amply provided for.

In the afternoon two or three hours were spent in a praise service by the large congregation. This monument had been erected by the Camp of Woodmen in Columbia, of which the deceased was a member. It is of Italian marble, about six or seven feet tall and a very pretty design.

It is with this girl as far as the young men are concerned. "In marked contrast to the girl with the feet is the amateur palmist. She is generally a pretty girl, with melting, soulful eyes and white hands. Her nails are always manicured to the queen's taste. She generally begins her operations by reading the palm of another girl in some conspicuous position, where she can be seen by everybody on the ship. There is something particularly fascinating about palmistry on shipboard. Whether it is because ocean travelers regard themselves as being at the mercy of fate or whether the enforced idleness of a sea voyage makes them glad of any diversion, which at the same time stimulates their natural egotism, I have never been able to determine; but the palmistry girl is the most peculiar creature on board until she has gone through the entire list of hands, and on a crowded ship that process takes several days. I have had my palm

Almost a Big Fire.

Last Wednesday night about 10 o'clock the dwelling house of Hon. J. M. Sullivan, on Hampton street, had a narrow escape from destruction by fire. The fire was discovered in the kitchen and a servant gave the alarm. Fortunately Mr. Sullivan was at home and rushed into the kitchen and quenched the flames with a bucket of water. The firemen responded promptly but their services were not needed. The damage was slight. A rat and a match is supposed to have caused the fire.

Death of Mr. Munroe Keys.

Mr. Munroe Keys died at his home in Pendleton Township last Saturday evening, and his remains were buried at Cedar Grove Church on Sunday. He was about 60 years of age and had been in feeble health for several months, finally terminating in paralysis, which caused his death. He was an upright, worthy citizen and served his State faithfully through the civil war. He was born and reared in this County, and leaves a wife and several sons and daughters to mourn his death.

The Isle of Palms Excursion.

Mr. L. P. Smith informs us that Mr. L. C. Roach, traffic manager of the Electric Railway and Steamboat Company, of Charleston, was up to see him last week and agreed to have a fish drag with a net 200 feet long while the excursion party were at the "Isle of Palms," and also promised to do all in his power to make the visit of the excursionists a pleasant one. If you have not already done so, make up your minds and go. You will be fully repaid for the time and money spent.

Hampton's Book.

Mr. W. E. Owens, of Williamston, was in the city a few days ago taking orders for Gen. Hampton's book. This book is made up from Gen. Hampton's own MS., compiled by Edward L. Wells, of Charleston, and published by the B. F. Johnson Pub. Co., of Richmond, Va. The book needs no introduction among us and commends itself to all South Carolinians, especially to those who were under his command during the war. The price of the book is reasonable, being \$1.50 to \$2.00 according to the binding. Gen. Hampton gets a revenue from the sale of the book. You will find it very interesting, and Mr. Owens will be more than pleased to receive your order for it.

Death of Mr. J. A. Daniels.

Dr. Ben A. Daniels, of Thomasville, Ga., was called to Newberry on Tuesday on account of the serious illness of his father, Mr. J. A. Daniels, and after reaching Newberry decided to take him to Atlanta for treatment, and left Tuesday night by private conveyance for Clinton, and boarding the Seaboard Air Line at that point arrived in Atlanta yesterday at 5:20 a. m. Mr. Guy Daniels received a telegram yesterday stating that his father was quite comfortable after reaching Atlanta. Later, yesterday afternoon, he received another telegram stating that an operation (supposed to be for appendicitis) would be performed with little hope of recovery. Mr. Daniels was taken ill last Sunday morning while attending prayer meeting in the Methodist Church. A telegram received this morning stated that Mr. Daniels had stood the operation well, but with no hope of recovery.

A later telegram announced the death of Mr. Daniels, which occurred at twelve o'clock last night, and was caused by appendicitis.

Mr. Daniels was in his 54th year. He moved to Newberry from Anderson about five years ago, and conducted the jewelry business. He was a devoted member of the Methodist Church and a sincere Christian. He leaves five sons and two daughters. His body will be brought to Newberry this evening for interment in Rosemont Cemetery. The funeral services will be held to-morrow.—Newberry Observer, 15th.

The announcement of the death of Mr. Daniels was a great shock to his many old friends and relatives in this his native County. The bereaved family have the sympathies of a wide circle of friends.

Denver Dots.

Farmers are about through working their crops and laying them by, and they will take their well deserved and much needed rest. Crops in our immediate section look very well, but we hear of many places in our County where they are almost ruined by the dry weather. We have had rain every week or ten days, not a thorough season, but showers sufficient to keep crops growing. Vegetables and fruit are scarce, even the blackberry crop was a comparative failure. Housekeepers failed to get enough to can and preserve for winter use.

Our sick are all improving and no new cases except Miss Blanche Brown, who has been quite sick for the past week with neuralgia.

Miss Mattie Eskew gave a delightful musicale on the 15th inst, which was well attended by the young people of this neighborhood. Mr. Harve Pruitt and Mr. R. J. Ginn, of Starr, were there adding much to the pleasure of the company by their lively wit and conversation. Miss Mattie understands bringing a congenial crowd together and making the hours pass pleasantly. Those who had the pleasure of attending saw, with regret, the hour come in which they had to disperse.

Miss Lillie Garrison has returned from her visit to relatives in Seneca and Wallhalla. She reports having had a most delightful time attending parties, concerts, &c., and making new friends. Miss Lillie deserved just such a vacation, after having nursed her brother so faithfully through his sickness.

Denver has had many visitors during the last two weeks. Among others we note Mr. Jim Simpson and wife, of Piedmont, visiting his father and other relatives.

Mrs. Emma Major and little daughter, Pattie, visited the family of Mr. J. W. Major.

Mrs. Gillespie and son, of Pickens, visited Mr. W. A. G. McWhorter and family.

Mr. Sam Harris, of Belton, was also a guest of Mr. McWhorter.

Mrs. Jehu Hanks and her baby have both been very sick, but are better at this time.

Dr. M. B. Harrison, of Palmetto, Fla., and Mr. Edward Harrison, of Cripple Creek, S. C., visited relatives in this neighborhood recently. Dr. Harrison speaks in high terms of southern Florida for market gardening. One of his neighbors sold an acre of cabbage for \$528. Fruit, also, does well there, as it is below the frost line.

Mr. W. A. Hammond, of Williston, Fla., and Dr. J. W. Earle, of Evergreen, visited friends in Pickens and Oconee last week, and report a very pleasant time. They met several old army friends they had not seen since the war.
