

To our Friends and Patrons....

Do not despair because the crops are short, and every one around you is crying hard times. The crop will turn out better, perhaps, than you think, and if the price of Cotton will continue to advance you will yet have enough to pay your debts and a few dollars to spend. Throw off the dumps, look on the bright side, and think how much better off you are than some of your acquaintances, and all will work out for the best.

We know there will be some money to spend in this community this Fall, and with that end in view we now have three buyers in the Northern markets. We shall buy a complete, up-to-date line of Goods in all departments. Mrs. "Hess" Porcher Winn, who has charge of our Millinery Department, and who has resided in New York for two years past, is now selecting the—

Latest Things In Millinery.

Miss Helen Cater, our head Sales-lady, has also been in the market for several days, where she is looking close after her friends' interest. Mr. Osborne, of the Firm, is there, also, and with the experience and knowledge of the three, we expect to lay in the most complete assortment in all departments that we have ever yet shown to the people of this vicinity.

Our Dress-Making Department

Will be presided over by one from the head-centre of Fashion, and is now preparing herself with the latest styles in her line. We propose this season to make our Store Headquarters for the latest Novelties in—

- Millinery,
 - Dress Goods,
 - Notions,
 - Ready Made and Made to Order Goods.
- ALSO,
- Shoes,
 - Staple Goods of all kinds,
 - Carpets, Matting, Trunks,
 - Men's Clothing and Furnishing Goods,

And anything usually found in a first-class Dry Goods Store. We also keep a—

LARGE STOCK OF GROCERIES OF ALL KINDS.

If you want TEXAS OATS come to us as we have too many.

We have enough BAGGING and TIES of all kinds to pack 30,000 bales of Cotton. Get our prices before you close a trade.

We are also headquarters when you wish to sell your Cotton, and it will pay you to get a bid from us before you sell. We need a little Cotton in our business this Fall, and will pay good prices, especially when you want to buy anything, or pay for something bought heretofore. We will make it to our mutual benefit on such occasions, and we give you a pressing invitation to give us a showing.

We thank you all for the liberal patronage of the past year, and ask that you continue to come to us when you want to trade.

Yours truly,

Brown, Osborne & Co.

Wholesale and Retail Dealers in

General Merchandise, ANDERSON, S. C.

P. S.

To those who owe us for Merchandise, Fertilizers, or anything else, we wish to say that you must come up promptly with the Cotton or the money, as it will save the expense of sending one of our traveling men, who will keep the road hot this Fall to see you. WE MEAN YOU. B. O. & CO.

Mr. J. A. DeWeese, representing the Chamberlain Medicine Co., Des Moines, Iowa, was in the city Monday and gave us an appreciated call. He is a most genial gentleman, and represents a medicine company that is well known throughout the civilized world. The Chamberlain medicines are advertised in the INTELLIGENCER and sold by the Hill-Orr Drug Co., under a guarantee to cure the diseases for which they are recommended.

Our good friend, Rev. J. J. Beck, was over from Anderson, S. C., the first of the week, and his numerous friends were glad to see him looking so well. For some time, he was near death's door, in fact, he had to correct a report of his demise by an open letter through the press, and was immensely tickled at the good things that were said about him. Mr. Beck's health is better than it has been in twenty years, and he is once again a stalwart specimen of full-orbed manhood.—Hartwell (Ga.) Sun.

Any man who uses a fertilizer made for corn or tobacco in the cultivation of cotton is in his own light. So is the man who uses a cotton fertilizer in the cultivation of wheat. So argue Messrs. Dean & Ratliff in their new special adv. They claim to have a fertilizer especially made for wheat culture, and adapted to the needs of Anderson County soil. Read what they say, if you're a farmer.

At the next meeting of the Anderson Bachelors' Club charges will be preferred against several of the members and they will probably be expelled from the Club. They are contemplating matrimony, it is reported, which is a violation of the first section of the by-laws. Among the accused are President F. T. Wilhite and Vice-President G. W. Evans, who deny the charge. It will be an interesting trial when the Club meets, and some of the members are in favor of inviting the young ladies to attend the meeting and using a few of them as witnesses in the trial.

Our tabulated statement last week of the primary election for Supervisor was about correct. The four boxes that had not been heard from when the INTELLIGENCER went to press finally came in but did not change the result. The total vote was, Vandiver 1383, Holt 1338, giving the former a majority of 55. Both gentlemen have just cause to be proud of their vote. Gov. McSweeney was immediately notified of the result and has issued a commission to Maj. Vandiver, who will assume the duties of the office as soon as his bond is approved.

Rev. O. J. Copeland has returned from a very pleasant trip to Northfield, Mass., where he has been attending the Ministers' Conference, under Rev. Dwight L. Moody. He visited also a number of points of scenic interest. In conversation with him, he said that New England thinks more kindly of the South than formerly, and realizes that this section is rapidly becoming the commercial centre of the country. They place us on notice, however, that unless we are watchful their capital will control our resources in the end. Could we see ourselves as others see us, it would from monied serfdom free us.

Mr. W. B. King, Anderson's giant policeman, more familiarly known to everybody in this section as "Big King," attracts the attention of every visitor to the city. Many parents in the city frequently, in getting after their children for their mischievous acts, threaten to report them to "Big King," and, of course, some of the little folks are afraid of him. A few Sundays ago in Sunday school a teacher was asking the little fellows in his class some questions, one of which was "who was the strongest man?" One little fellow quickly replied, "Big King." The teacher, it is said, attracted the attention of the whole school by his hearty, loud laugh, and had to lay down his catechism.

The Columbia correspondent of the News and Courier, under date of the 1st inst., says: "In the Donald's Township case, where a portion of that Township wanted to go to Anderson County, or, at least, so voted, the State Board of Canvassers to-day decided that the election was held according to law, and that the result was in favor of the territory going to Anderson County. It is announced that an appeal will be taken to the Supreme Court of the State. The main question seems to be whether an election could be held at a precinct indicated by the Governor, when there was no precinct for the election in the territory which had been established by the Act providing precincts for the various counties."

Editor Jaynes, of the Keowee Courier, has recently been on a trip to the mountains. Speaking of his stay at Highlands, N. C., he says: "Our host on this occasion was Mr. David Norton, who has relatives in Walhalla and many friends in Oconee. Here we had the pleasure of meeting Capt. John W. Daniels, who was the honored and efficient Clerk of Court of Anderson for twenty years. On Sunday a birthday dinner was spread in honor of his sixty-sixth birthday and Mr. Norton's sixty-fifth. This is the eighth time they have thus celebrated their birthdays. On the present occasion it happened that the birthdays of two of the guests were also celebrated, viz: Mrs. A. M. Brinsmade, of Great Barrington, Mass., widow of a prominent Presbyterian minister, who had attained her seventieth birthday, and Miss Elsie Thompson, of Charleston, S. C., whose birthday we felt a delicacy in inquiring, notwithstanding her extreme youth."

The Postoffice Department has adopted a new form of domestic money order, which will be introduced generally, or as supplies of the old form become exhausted at various postoffices. The new form is somewhat smaller than the order now in use. Its dimensions are about those of the ordinary bank draft. It has two adjuncts—the advice, or notification, to be sent by the issuing to the paying master, which is a reproduction of the order through the use of carbonized paper (the manifold process), and a receipt for the amount to be furnished by the issuing postmaster to the remitter. On the back of the order a separate space has been provided for the stamps of banks through which it may be pass for collection. In the adoption of the new form of order the interests and preferences of patrons of the system no less than economy of administration have been considered. It is expected that about January 1 next the fee charged for orders will be materially reduced.

Subscribers to the Anderson Telephone Exchange will please add the following names to their list: E. W. Brown, residence, 65; Dean & Ratliff, 133; D. P. Sloan, 134; King Bros., 135. D. P. Sloan's is a pay station for non-subscribers to the Exchange for long distance connections—Greenville, Walhalla, Honea Path and intervening towns.
