NEW YORK ADVERTISEMENTS.

NOTICE TO THE PUBLIC. IN THE YEAR 1846, THE WRITER EMBARKED IN THE DRUG BUSINESS in the city of Philadelphia, and while thus engaged, made several experiments in regard to the most desirable mode of preparing Fluid Extracts.

MY OBJECT. In this notice it is to make facts known to the public and respectable dealers, believing, after so many years' exertions, that the Druggists will discountenance such proceedings, and that the reputation of my articles may not be damaged by the use of inferior or spurious ones.

When on a visit to the city of New York, a few days since, I was induced to call on our old friend and townsman, Mr. H. T. Helmbold, Druggist, 594 Broadway, N. Y. His store is a Model—a perfect Gem—the handiwork of any we have ever had the pleasure of viewing, and so extensive, being 24 feet front, five stories in height, and over 200 feet deep. It indeed affords us much pleasure to know that he has been so successful, and it is ample evidence of the merits of his articles—as in our whole business experience we have not known of the success of any articles without Merit—advertising merely bringing the name before the people.
