WEDNESDAY MORNING, AUGUST 1, 1863.

Negro Riot in Richmond.

On Friday night last the very heart of our city was invaded by an organized band of insolent and impudent negroes, who made the night hideous with their music, the clamorous orders of their officers, and the tramp of many hundred feet. These wretches were armed, we learned, with sabres and pistols, and were in the hands of soldiers preparing for speedy and bloody conflict. Such a spectacle naturally aroused the indignation of the citizens of Richmond, but they exhibited praiseworthy forbearance in not putting these black vagabonds to rout, and forever terminating their unwholesome preparations for future insurrections against these patriotic employers. Nor was this, we learn, the first instance of the appearance of these pioneers of a future war of races. On the hills around this city, and in its suburbs, the tramp of negro military companies can be heard every night, and the rattle of sabres disturbs the sleep of our women and children. All this, together with the very atrocious teachings of a few vile and demoralized white men in our midst, clearly foreshadow serious disturbances, and bloodshed in the future. If these exhibitions of negro pugnacity are not encouraged, they are certainly not disapproved of by the agents of the Freedmen's Bureau. A word from the men who are paid to maintain relations between the races would stop these monstrous exhibitions, and yet that word is not uttered. As nothing whatever has been done by the military authorities to put an end to what must inevitably lead to strife, steps must at once be taken by our citizens to do what the hired servants of the Government have utterly failed to do. In our calm and deliberate deliberations we have arrived when these negro demonstrations in the streets of this city (and the city is the property of white men) must be stopped at all hazards. The able, vigilant and indefatigable Chief of Police of this city is now closely watching these demonstrations, but it is very strange that he is not authorized to suppress all such preparations for bloodshed. The apparent indifference of the Common Council to these negro drills on the streets is arousing a feeling of surprise and anger among our best citizens. As an order-loving, law-abiding citizen, we are anxious that these offensive exhibitions of negro turbulence and insolence should be suppressed by the proper authorities; but it is the duty of every citizen of Richmond to prevent the recurrence of the exhibitions of last Friday night. It is a disgrace to our manhood that our wives and children should be disturbed by the noise and clamor of negro preparations for war. It must be collected that these negro drills have not been provoked, nor can they be justified by any ill treatment which the negroes have received from the whites, nor by any corresponding preparations for war upon the part of their late masters. Disarmed by the Federal authorities, having militia, have done little or nothing towards re-organization. The negroes of this city have been treated with wonderful kindness and consideration by their late masters, and if not grateful for our kindness they are very base ingrates. The white citizens of Richmond are the owners of nearly all of the real estate in Richmond, and they give shelter, food, clothing and wages to many who are connected with these military organizations. Surely any respectable white man finds that a negro whom he shelters or employs is connected with one of these military companies which make our streets hideous at night, he should get rid of him. We have earnestly and repeatedly advocated the protection of the negro in all his rights as a freeman, but these drills and preparations in our streets for "virginal conflicts" must not be permitted. No where would a conflict with the white race result more terribly to the poor, deluded and misguided negro than in Virginia, but if his white advisers have decided that he is to commit acts of lawless violence, and jeopardize the safety of his best friends, the sooner the issue is settled the better for the whites. It is one in which the present generation of trained soldiers can very soon decide if it is thrust upon us. We urge temperate, but firm and immediate action upon the subject of these negro drills. The Common Councilmen, and other influential citizens of Richmond should at once wait upon Gen. Terry and Brown, and demand that these military organizations among the negroes meet their approval and sanction. From what we have heard of the uniform course of Gen. Terry, since he was placed in command of this Department, we have no reason to expect anything very satisfactory from such an interview. Those who read this officer's message to the Reconstruction Committee will find his prejudices against us are of the most violent and unprovoked character. But, preliminary to further action, the authorities should at once seek an interview with this official, as well as the individual in charge of the Freedmen's Bureau at this place. The interview should, if possible, be courteous and respectful, and the committee should be composed of our most respectable and influential citizens. As Generals Terry and Brown are men of intelligence they cannot fail to see that the reproach and odium of these insolent negro demonstrations must be visited upon their heads. They are anxious for the express purpose of preserving order and maintaining kindly relations between the races. Are they faithfully performing their duties as conservators of the peace in tolerating negro military organizations when the whites are disarmed, and in no way interfering with the blacks? Do they suppose that upon a fair representation of this just cause of complaint that President Johnson will sustain them in permitting the streets of Richmond to be tramped by negro soldiers? They little understand the President if they suppose that he will tolerate this apparent preparation of the negro for insurrection and revolt under the eyes of the very men whose duty it is to repress all such demonstrations.

COMMERCIAL.

The Charleston Cotton Market. There was considerable inquiry for Cotton yesterday, but holders had so advanced their prices that buyers could not purchase. There was, however, about 200 bales of repacked sold at 29 to 32c per lb.

Augusta Market. AUGUSTA, July 30.—Cotton.—Early this morning a few sales were offered. Common—against—bales for Europe declined to sell, hoping for favorable news from Europe. GOLD.—Brokers buying at 146, and selling at 148. SILVER.—Is selling at 187 to 140. Good Securities in demand.

Mobile Market. MOBILE, July 28.—Cotton.—The receipts during the past week have been 702 bales, as follows: From the Alabama River 240 bales; from Bigbee, 13; from Warrior, 10; and by Railroad, 439—against—bales for the corresponding week last year. The exports have been 572, viz: To Liverpool 300, to Queenstown, &c., to Havre, to Bremen, to Havana, to Barcelona, to New York 264, to Philadelphia, to Providence, to Baltimore, and to New Orleans 8 bales—against—last year. The stock on hand and on shipboard not cleared is 35,108 bales—against—at the same time last year. At the date of our last review the market closing dull and rather easy at 31 to 32c for Middling. Bales of the week 2760 bales, and receipts 826, against 672 bales of the week previous. Saturday.—The market opened at quotations of previous days, and most of the sales were made on that basis, but later in the day the Herman's Liverpool advices to the 10th were received, and a factor became stiff in their ideas, and the better grades could not be bought except on a basis of 32c for middling. Lower grades offered more freely. Sales 600 bales. Monday.—The quiet condition of the Liverpool market, as reported on the 12th inst., caused buyers to move cautiously, and the inclusion of a premium to get a fair demand continued light, but with factors under limit holding back their better grades. Sales of the day, 150 bales, were made on a basis of Tuesday's quotations. Thursday.—The market opened under indefinite Liverpool advices to the 17th inst. Later in the day, when the news was understood to be better than at first supposed, a fair demand sprang up, which resulted in sales of 350 bales, at an advance on Wednesday's figures.

NEW ORLEANS, July 27.—Cotton.—The market opened with a moderate animation, and 1800 bales changed hands at rather stiffer rates than were realized yesterday. The transactions, no doubt, would have been a more liberal scale had factors cleared 9 bales in their pretensions. Eleven that prices paid were fully up to our figures, we continue to quote as follows: Good ordinary.....26 3/4 to 27 1/4 Low middling.....32 3/4 Middling.....35 3/4 to 36 3/4 The sales for the past three days amount to 8200 bales, making for the week of 29,240 against 27,329 last week. The stock has also been reduced by further shipments on planters' account, which, of course, are not included in the sales reported. The receipts proper for the week (excluding the arrivals from Mobile, Florida, and Texas, which are included in our respective statements) comprise 1481 bales, against 1386 last week; showing an increase of 95 bales. The week's exports amount to 558 bales, 8044 of which were for foreign ports, and 3599 coastwise.

STATEMENT OF COTTON. Stock on hand Sept 1st, 1863.....bales.. 83,239 Received to-day..... 721 Received previously..... 742,633—743,248 Cleared to-day..... none Cleared previously..... 733,663—732,663

SUGAR AND MOLASSES.—There have not been any receipts since yesterday. The market is nearly bare of Louisiana sugar and molasses, but supplies of the foreign production are fair though not liberal. The dullness continues to prevail, however, and only a retail business is doing. A lot of 11 hds good fair to sugar is selling in a jobbing way at 12 1/2 to 13c for Nos 12 and 13; 14 to 14 1/2c for Nos 14 and 15; 15 to 16c for Nos 16 and 18, and 17 to 17 1/2c for Nos 19 and 20. Small retail lots command a fraction higher. There is nothing doing in molasses beyond a retail business at 55c per gallon for Cuba.

There is no demand for round or cargo lots, but they could not be purchased for less than 52 1/2c per gallon. Factors were none but retail sales of Sugar previously during the week at the following prices: 9 hds Cuba sold at 60c, 20 hds Louisiana 22 1/2c, 20 hds private terms, and 4 bales old Louisiana, good color, but light, at 60c per gallon. Week's receipts 9 hds Sugar, 63 bbls Molasses, from Louisiana; cleared 9 hds Sugar, 180 bbls Molasses. The foreign imports comprise 266 hds Sugar, 185 hds and 21 cts Molasses. Factors' bank was taken up for New York yesterday 9-2-3d per lb for cotton.

Doing, but the rates are firm at 1/2 to 3/4 c per lb for cotton, and 75c per bu for flour by steam for New York; 3/4 c per bu for cotton by sail for New York and Boston; 1 to 1-1/4 c for cotton by sail for Liverpool, and 1 to 1 1/4 c for Havre.

Memphis Market. MEMPHIS, July 29.—Cotton.—There was very little business transacted in the cotton market yesterday, holders being firm at the following rates: Ordinary.....26 3/4 to 27 1/4 Good Ordinary.....27 1/4 to 28 1/4 Low Middling.....29 3/4 to 30 1/4 Middling.....31 3/4 to 32 1/4 Strict Middling.....33 3/4 to 34 1/4 Good Middling.....35 3/4 to 36 3/4

Wilmington Market. WILMINGTON, July 30.—TURPENTINE.—Market firm at previous rates. The receipts to-day comprise some 1600 bbls, all of which sold at 44 1/2 c for virgin, 39 1/2 c for yellow dip, and 31 1/2 c for hard, per 280 lbs. STRAITS TURPENTINE.—Has declined, and we quote sales of 38 bbls at 38c per gallon for white, and a lot of 9 bbls at 42c, tax paid. ROSIN.—Sales of 22 bbls Common at \$1 85; 42 do No 2 at \$2; and 338 do at \$3 50 for Opague, \$4 to \$5 for No 1, and \$6 for Pale, per 280 lbs. COTTON.—A small lot sold to-day at 32c per lb for middling.

Timber.—One raft fair mill sold at \$12 per M.

Consignees per South Carolina Railroad, July 31. 46 bales Cotton, 83 bales Mdze, 42 casks Clay, 16 cars Lumber, Furniture, and sundries To C T Lowmeyer, S Owens, Milligan, Melchers & Co, Mowry & Co, J R Boylston, Willis & Ochsford, J B E Sloan, J Walker, Captain C Inglesby, W Smith, Prof F B Holmes, Major E Rodgers & Co, W O Duke & Co, R B Saniers, L Koster, J J Mackey, Brabham, Hoffmann & Co, W Roach, Wharton & Folsch.

JAMES McCORMICK MERCHANT TAILOR, CLOTHS, CASSIMERS AND VESTINGS, GENTS' FURNISHING GOODS, No. 35 Broad street, July 28 5mo CHARLESTON, S. C.

The market closed firm at 31 to 32c for Middling as a basis. Friday.—We note a more animated demand to-day, which has resulted in sales of 1000 bales. The better grades are still scarce, and uniform lots of Low Middling and above command outside figures. Factors are firm in their ideas, and full prices have been paid in all cases where the above class of Cotton was offered. The lower grades, however, are comparatively cheaper. QUOTATIONS. Ordinary.....22 to 24c Good Middling.....28 to 30c Low Middling.....31 to 32c Middling.....34 to 36c Strict Middling.....38 to 40c Sales of the week 2400 bales. The receipts at the ports, as compared with 1860, give the following result: DECREASE.—New Orleans.....1,074,601 Mobile.....115,163 Savannah.....228,748 Charleston.....230,621 Virginia.....78,791 North Carolina.....15,430—1,693,566 INCREASE.—Florida.....28,387 New York.....139,129 Texas.....23,214—200,710 Total decrease.....1,492,605 The exports foreign, compared with 1860, exhibited: Decrease.—To Great Britain.....363,545 To France.....353,363 To other foreign ports.....298,668 Total decrease.....1,020,994 To domestic ports the exports are 68,874 bales more than 1860, and the stock on hand at all the ports show an increase, compared with 1860, of 273,239 bales. MONETARY AND FINANCIAL.—At the date of our last review the market closed as follows: Gold 149 to 151; Sterling nominally 150 to 154, New York Sight par to 1/2 discount, and New Orleans Sight par to 1/2 discount. The Gold market opened Saturday at about the above figure, but fell on the same day to 147 1/2 to 149, playing between 147 to 150 throughout the week, and closing at 148 to 149 1/2. The stock on the market has been small, and consequently transactions light. The Exchange market has been dull since our last, at from par to 1/2 discount for New York Sight. These bills have been difficult to realize, although a fair amount of business has been reported in inland securities at 1 1/4 to 1 1/2 for thirty day, and 2 to 2 1/2 for sixty day bills. The more liberal sales of Cotton yesterday early in the week will no doubt impart more life to the market early in the week. Sterling continues nominal and dull. A moderate business is reported in New Orleans sight at par to 1/2 discount. France.—Very little doing both foreign and coastwise, without change in rates. We quote: To Liverpool 3/4, and coastwise by sail 7/8. No steamers loading.
