WORLD'S FAIR, LONDON.

THALBERG'S OPINION. I consider Chickering & Sons' Pianos, beyond comparison, the best I have seen in America.

S. THALBERG, Chairman of Jury on Musical Instruments.

CARD.

It is with feelings of pride as American manufacturers that we publish the following testimonials, which have been received by us recently.

EUROPEAN TESTIMONIALS, Received during the month of August, 1866.

LONDON, July 25, 1867. Messrs. Chickering & Sons, Gentles: I have much pleasure in enclosing a document signed by the first composers, musicians and professors in Europe. I held your Pianos in such estimation (as my certificate) that I felt it my duty to take one of them with me to Europe, to ascertain the opinion of my professional brethren. The enclosed certificate will prove how unanimous they have been on the subject. I beg to forward, at the same time, a letter I received from my friend, Mr. Collard, which I am sure must be gratifying to you. I have the honor to be, gentlemen, yours very truly, JAMES M. WHEELL.

LONDON, January 14, 1866. My DEAR SIR: I have great pleasure in asking you to convey to Messrs. Chickering the expression of my highest approval of their instruments. I beg to state, not merely the best instrument of American manufacture that I have tried, but one of the finest Grand Pianos that I have ever come in touch with. I am, therefore, and the Messrs. Chickering may well be proud of having turned out from their manufactory an instrument which, in quality, power and workmanship, it would be very difficult to surpass in any part of the world. Dear sir, very sincerely yours, CHAS. COLLARD, Firm of Collard & Collard, Piano-forte Manufacturers, London.

LONDON, August 22, 1866. My DEAR SIR: As you are going back to the United States, I must beg you to remember me kindly to the Messrs. Chickering. Tell them I was delighted with the Grand Piano-forte--a good instrument, I think, as was good in every respect, and I am, therefore, wishing you, &c., I remain ever truly, H. F. BROADWOOD, Firm of I. Broadwood & Sons, Piano-forte Manufacturers, London.

LONDON, July 20, 1866. Messrs. Chickering & Sons: I have been invited by Messrs. Collard to try a Grand Piano-forte manufactured by you, and I have no hesitation in endorsing the opinion of my old friend, Mr. C. D. Collard, viz: That it is the finest instrument I ever played on. Believe me, gentlemen, most faithfully yours, J. L. HATTON.

Testimonials from the most distinguished Artists in Europe to Messrs. Chickering & Sons: Having played upon a Piano-forte made by Messrs. Chickering & Sons, of Boston and New York, I have much pleasure in testifying to its general excellence. For sweetness and brilliancy of tone, delicacy of touch, and magnificent power for concert purposes, I consider it a really GRAND PIANO-FORTE, and I deem it the BEST I HAVE SEEN OF AMERICAN MANUFACTURE. G. A. OSBORNE, J. W. KULL, JULES BENEDETTO, M. W. BALZ, CHAS. HALL, BRINLEY RICHARDS, RENTY RAYBURN, SYDNEY SMITH.

Among the chief points of excellence of the Chickering & Sons' Pianos, are the renowned artists in their own country, and throughout the world, who are the greatest possessors of depth, richness and volume of tone, combined with a rare brilliancy, clearness and perfect evenness throughout the entire compass. And, above all, a surprising duration of sound, the pure and sympathetic quality of which never changes under the most delicate or powerful touch. During the past forty-three years this firm has manufactured

50,000 PIANOS, In the construction of which they have introduced every known and valuable improvement. They have invariably been selected and used by all of the world's acknowledged great artists who have visited this country professionally, both for private and public use.

THALBERG. I consider Chickering & Sons' Pianos, beyond comparison, the best I have ever seen in America.

GOTTSCHALK. I consider Chickering & Sons' Pianos superior to any in the world. They are unrivalled for their singing qualities and for the harmonious roundness of their tone. There is a perfect homogeneity throughout all the registers. The upper notes are remarkable for their clearness and purity, which I do not find in any other instrument, while the bases distinguished for power without harshness, and for a magnificent sonority.

Your Pianos are superior to any I have ever seen in this country or in Europe. I have never heard a tone so perfect; it yields every expression that is needed in music, and its quality is capable of change to meet every sentiment. This is a rare power, and is derived from the perfect purity of its tone, together with its sympathetic, elastic and well balanced touch. POZANSKI.

During the past eight years I have constantly played upon the justly celebrated Grand Pianos; yours are the only instruments that I have found to be superior in Europe, to equal them in all their points of excellence.

It may be satisfactory to our patrons and friends among the public at large to state that testimonials have been received from all the leading artists who have visited or are now residing in the United States, a few of whose names, besides those above, we append: GUY, J. BENEDETTO, ALFRED JAILL, H. SANDERSON, R. HOFFMAN, and many others.
