- Mr. Horace Greeley, in a lecture on advertising, says: "Some men who know enough to advertise are yet so narrow-minded as to confine their advertisements to journals of their own creed and party. If they do not choose to trade with any but men of like faith, this is wise, but if they desire the whole public for customers it is otherwise."

It writes it is sometimes difficult to understand the clerk of the weather, but when it knows violently you can always see his drift.

BAUGH'S RAW BONE PHOSPHATE

THIS APPLICATION OF BONE PHOSPHATE HAS always been beneficial—the only difficulty being to obtain a genuine article. Before offering BAUGH'S PHOSPHATE on the market the last season, I submitted it for analysis to Professor Shepard, of the South Carolina Medical College, who fully endorsed it, and his opinion has now been verified by actual experiment by our own Plasterers, whose testimony I have of the superior excellence of this Phosphate, especially in the culture of cotton, in insuring a good stand.

THE FLORENCE IS THE BEST FAMILY SEWING MACHINE IN THE WORLD. IT IS THE EASIEST OPERATED, THE LEAST COMPLICATED, and the least liable to get out of order. It makes FOUR DIFFERENT STITCHES: Lock, Knot, Double Lock and Double Knot; each stitch perfect and alike on both sides of the fabric.

THE FLORENCE IS self-adjusting, and hence not liable to break the thread. It is the most rapid sewer in the world, making five stitches to each revolution. It uses the same size threads on both sides of the fabric. It does no drosses, all its machinery being on top of the table.
