THE DAILY NEWS.

Passing Thy Door.

Oh, 't was the world to me,
Life too, and more!
Catching a glance of thee,
Passing thy door.
Faint as an autumn leaf,
Trembling to part:
So, in that moment brief,
Trembled my heart.

Nothing I saw but thee,
Nothing could find;
Vision had fled from me,
Lingering behind.
How I had passed along,
How found my way,
Sightless amidst the throng,
Love could but say.

How I had moved my feet
I never knew;
I had seen nothing, sweet
Since I'd seen you.
O, 't was the world to me,
Life too, and more!
Catching a glance of thee,
Passing thy door.

PROCEEDINGS OF CITY COUNCIL.

REGULAR MEETING.

COUNCIL CHAMBER, February 25, 1868.

Present—The Mayor, and Aldermen Ravenel, Gerdts, Small, O'Neill, Willis, Steinmeyer, Olney, Oakes, Honour, Marshall, Enston, Whilden, Cosgrove, Butler, Courtenay, Pringle, Parker—18 members.

The minutes of the last meetings were read and confirmed.

The following matters were disposed of in regular order:

Application of W. D. Hinners for a transfer of liquor license. Referred to Committee on Licenses.

Petition of John H. Albers for permission to erect a steam engine on his premises, Queen and Archdale streets. Referred to the Mayor.

The following petition was referred to the Board of Firemasters:

THE CITY OF CHARLESTON:

To the Honorable the Mayor and Aldermen in Common Council Assembled:

The memorial of the undersigned tax-payers of the city aforesaid, humbly and respectfully showeth, that there are now organized and in the service of the Fire Department of the city, two Hook and Ladder Companies, which are situated in the lower wards of the city, south of Calhoun-street. There is no such company, having its house and apparatus, beyond and to the north of Calhoun-street. It has been observed, and must be apparent to your honorable body, that in view of the extended limits of the upper wards of the city, one of these companies, for greater safety to property, and for better access in time of fire, should be located in the upper wards. Your petitioners know of no objection that could be urged against the change, by a removal of one of these companies from the lower to the upper wards, while the most forcible reasons can be urged in favor of such change.

Your petitioners having in view solely the welfare of the City of Charleston, and the protection of the tax-payers, submit this their memorial, and pray such action in the premises as may effect the desired change and contribute to the public safety and convenience.

CHARLESTON, February 20, 1868.

Hon. Mayor and Aldermen:

GENTLEMEN—At a meeting of the Board of Fire Masters, held last evening, the enclosed preamble and resolution was adopted, and was ordered to be sent to your honorable body.

Very respectfully,
B. M. STROBEL,
Clerk and Superintendent.

Whereas, There are at present in the Fire Department four (4) steam engines and one (1) hook and ladder company unprovided with suitable or even necessary houses and halls, whereby it is with the greatest difficulty that the organizations are kept up, while the engines, hose and entire appacatus are being materially injured and greatly depreciated by being crowded into damp and leaky outhouses without yards or room sufficient for absolutely necessary cleanings, therefore be it

Resolved, That this Board do respectfully but earnestly recommend to the City Council of Charleston the importance of building or providing, immediately, temporary houses for the engines and truck aforesaid, they being vitally necessary to preserve and uphold the efficiency of the Fire Department.

Memorial from John W. Lewis, praying for relief in the matter of his taxes. Referred to Committee of Ways and Means, with power to act.

Bills of Alms House, ending February 20, 1868, amounting to $3272 89-100. Referred to Committee on Accounts.

Sundry bills against city institutions. Referred to proper committees.

Memorial of Faculty and Board of Trustees of the Medical College. Referred to Board of Health.

Memorial of the Medical Society of South Carolina. Referred to Board of Health.

Alderman Courtenay moved that the consideration of the above reports be postponed to the next meeting. Carried.

The resolution offered by Alderman Olney at the last meeting, recommending the appointment of a clerk to assist the Assessor, came up for consideration, and was adopted.

RESOLUTIONS.

Alderman Gerdts offered the following resolution:

Resolved, That the Committee on Public Grounds be instructed to procure the service of Mr. Webb for the purpose to plant proper and suitable trees on the Battery and City Hall Square, in places of those that have not taken last year; cost not to exceed two hundred dollars.

Alderman Willis moved to amend by including "Hampstead Mall." Lost.

The question recurred on the resolution, and it was adopted.

Alderman Gerdts offered the following resolution, which was laid on the table.

Resolved, That the Committee on Streets be authorized to have such drains constructed as they, with the consultation of the Mayor and Civil Engineer, may deem expedient; and when in their judgment it may appear advantageous to the city to have work done by contract, that they may cause the City Civil Engineer to advertise for such estimates as may be consistent with repairing and improving of the streets and drains; provided they remain within bounds of the appropriations made by Council for such purposes.

Alderman Marshall called the attention of Council to a communication presented on the 28th January, signed by a number of merchants and traders, protesting against the enactment and enforcement of the clause in the ordinance to raise supplies for the year 1868, which imposes a tax on sales, and inquired if the Committee of Ways and Means, to which it was referred, had prepared any report in answer to the protest.

Alderman Ravenel, Chairman of the Committee of Ways and Means, in answer to the inquiry, said that the protest was under consideration, and that the committee would make a report at the next regular meeting.

Alderman Butler, from the Committee on Engrossed Bills, reported as having been engrossed by the clerk, an ordinance to amend the first section of an ordinance to prevent the filling up of low lots with certain materials, ratified 18th January, 1859.

The ordinance was ratified in due form.

OFFICE OF THE CHARLESTON DAILY NEWS, CHARLESTON, Wednesday Evening, Feb. 26, '68.

The market opened with a strongly advancing tendency, and prices improved ½c. ₱ lb., but on receipt of news of a decline at Liverpool, the market became less active, but in the latter part of the day considerable transactions took place, which fully sustained the advanced rates of the forenoon—sales about 1700 bales, say—1 at 14; 8 at 15; 21 at 16½; 16 at 17; 16 at 17½; 249 at 18; 15 at 18½; 69 at 19; 3 at 19¼; 137 at 19¾; 158 at 20; 85 at 20½; 62 at 20¾; 411 at 21; 126 at 21½; 70 at 22; 207 at 22¼. New Orleans Market.

NEW ORLEANS, February 21—COTTON—The sales to-day were confined to 4000 bales, at prices requiring no change in our quotations, which we repeat as follows: Ordinary 20a20¾c., Good Ordinary 21¼a22c., Low Middling 22¾a23¾c., Middling 23¾a23½c., Strict Middling —a24c.

Notwithstanding the further advance at Liverpool, reported in the morning papers, and the activity noted by to-day's telegrams, the market was languid up to the close, with only a limited demand and an evident disposition on the part of factors to meet it freely. Even running lists of the better qualities were nevertheless in special request, and with some competition for such descriptions, they exhibited increased firmness if not buoyancy. All other kinds ruled if anything more in favor of buyers, without showing a quotable decline. The sales for the past three days sum up 13,000 bales, making a total for the week of 38,000, against 34,100 last week, and 29,250 the week before. The receipts proper, excluding the arrivals from Mobile, Florida and Texas, which are embraced in their respective statements, amount to 25,427 bales, against 33,378 last week, showing a decrease of 7951 bales. The receipts proper for the corresponding period last year were 28,786 bales. The week's exports comprise 29,305 bales, embracing 15,394 to Liverpool, 1935 to Falmouth for orders, 7416 to Havre, 1339 to Bremen, 957 to Barcelona, 512 to Genoa, 634 to Boston, and 1118 to New York.
