EXTRA COPIES.—Our edition of THE DAILY NEWS was exhausted at an early hour yesterday morning, and we were compelled during the day to send away hundreds of applicants unsatisfied. The rush was caused by the desire to read General Hampton's address and the incendiary effusion of Alderman Cain. For the benefit of those who were thus disappointed, we would state that these articles are republished in our tri-weekly edition, copies of which may be had at our counting room—price five cents.

A BIG TAX.—The Wimbrow News estimates that the entire cotton tax paid on cotton raised in Fairfield from October 1, 1866, to June 18, 1868, amounted to \$200,000.

THE SOUTH CAROLINA UNIVERSITY.—The closing exercises of this University will be held on Monday next, the 29th instant. Degrees will be awarded.

GAS STOCK DIVIDEND.—The Directors of the Gas Company have in advertisement, which appears in another column, that a dividend of fifty cents per share has been declared and will be paid on and after the 1st proximo.

RACE BALL CLUB.—The Alerts will practice every evening previous to their departure for Savannah, at which place they intend playing a match game, July 4, with the noted "Forest City Club." The attention of members is invited to the special notice in another column.

THE CONVENTION.—The Phoenix says that the recent changes in the Columbia City Council were made upon the recommendation of a person living near home, that Charleston. The same journal says that Dr. F. W. Green and Mr. Greenfield have declined the aldermanic chair.

THE DILL MURDER.—The following are the names of the persons connected with the Dill murder: Emanuel Parker, W. E. Parker, Dr. John A. Glenn, Gardner Keller, William Kelley, Henry Boykin, A. A. Boykin, Bartlett Albert (white), and George Bowen (colored).

DEATH OF AN EDITOR.—With deep regret we announce the death of our friend, Mr. D. B. McCreight, well known as the editor of the Wimbrow News and Fairfield Herald, after a long and painful illness. He expired on Friday last, about 6 o'clock P. M. Our Wimbrow namesake comes to us in mourning for the deceased.

THE NEW MARION TOWER.—The work on the building at the corner of Meeting and Cumberland streets, which was designed by Messrs. Cameron, Berkeley & Co., for a Masonic Temple, has been commenced. The cellar was excavated some time back, and for the past few days the workmen under the supervision of Messrs. J. H. Dyer and Bro. have been engaged in mixing the mortar preparatory to commencing building.

HOTEL ARRIVALS, June 22.—Charlotte Hotel.—Henry Chalmers, Brooklyn; J. M. Dorn, Edgeland; J. C. Gillet, R. M. Gamble and wife, T. J. Bothwell, M. Gamble and R. L. Gamble, Jr., Augusta, Ga.; R. D. Wilson and John Bettsford, New York; W. B. Giles, Wilmington; Garrett Nagle, Kingstree; Edmund Wagg, Monroeville, N. C.; Wm. C. Smith, South Carolina; J. F. Sheest, Madison, Ga.; H. Baker, City; Wm. T. Mason, Rockport; Captain John M. Jones, City.

RACE BALL.—CHARLESTON VS. SAVANNAH. The Savannah Republican says: "The Alerts," the crack club of Charleston, have challenged the "Forest City," of Savannah, to play a match game, and the latter, nothing loth, have promptly signified their acceptance, naming July 4, the game to be played on the grounds of the Forest City Club. We promise the lovers of the sport a rich treat, as our boys are not slow at the bat, and will doubtless give their Charleston friends a warm reception and some hot work. We would advise them, however, to improve the interval in getting themselves into good playing trim."

INVESTIGATION OF THE RECENT FIRES.—Chief Nathan held an investigation yesterday of the causes of the fire of Saturday night, but nothing was elicited that could be held as the cause of the fire. It was proved that the fire originated in the kitchen of Messrs. Holmes & Calder, and that the parties must have entered through the skylight, as all of the fastenings were intact when the alarm was sounded. No clue was obtained that would lead in any way to the discovery of the incendiary, and the investigation was dismissed. The fire of Sunday night will be examined to-day. These fires have caused considerable comment in the community. Their close occurrence in a prominent business section, and their proximity to the Charleston Hotel, has aroused the interest of the military authorities, who, it is understood, participate in the general belief that the fires were incendiary. The aldermanic effusion published in yesterday's News, from the Missionary Record, has not tended to allay this suspicion.

CONVENCING THE LEGISLATURE OF NORTH AND SOUTH CAROLINA.—The Washington Chronicle of Monday says: "On Saturday General Grant received a telegraphic dispatch from General Canby, stating that he had modified his orders so as to sanction the proclamation of Hon. W. W. Holden, Governor elect of North Carolina, convening the Legislature of that State, and also authorizing General Scott, Governor elect of South Carolina, to issue a similar proclamation, the condition in both cases being that the proclamation shall not take effect until after the Omnibus bill becomes a law. Should the bill finally fail to become a law, of course the proclamations will be of no effect. The only object in issuing them now is to satisfy members of the Legislature, so that they may be ready to meet as soon as possible after the bill shall become a law. As we pointed out a few days ago, this is an important matter, because Congress will not be likely to remain in session longer, and it is of the very highest importance that the Southern senators and representatives should be admitted before the adjournment." General Canby asked General Grant's approval of the step he has taken, which the latter has granted."

TELEGRAPHIC COMMUNICATION WITH SAVANNAH DIRECT.—Under the energetic supervision of Manager O'Keefe a new telegraphic cable has just been laid across the Ashley River. When the Charleston and Savannah Railroad was built the company refused to allow the telegraph the right of way across the bridge without paying a heavy sum. This was declined and the Ashley cable was then originated. From that time to the present at least seven cables have been laid, but have never proved serviceable longer than a few months. The one now laid is in many respects superior to its predecessors, and it is hoped that it will prove of more permanent value.

THE MIDWINTER SPIRIT WALTZ.—This production, which is to be rendered at the concert to be given for the benefit of the Confederate Widows and Orphan Home, is the composition of one of the members of the amateur band, who have volunteered their services in aid of this "noble charity." It has been pronounced a musical gem by all who have heard it, and has already elicited a salvo of applause from the limited circle in which it has heretofore been rendered. The composition is both original and suggestive. It begins with a "moderato" of the bell announcing the "midnight hour" from some fairy "belly." A warbling cadence of the flute introduces the "midnight spirit" who utters a "prayer" of much eloquence, rendered by an "adagio movement" in quaver for two cornets, two French horns and bass. This gradually falls by modulation into the "Tempo di Valse," in which one can think only of fairy forms mingling in the dance. The composition concludes with a "duet" for the French horns, which tells the listeners almost as plainly as words could speak, "good night."

COMPLAINT TO CHANCELLOR LESSENE.—The following complimentary preamble and resolution were presented in the room of the Court of Equity, at Columbia, on Saturday last: Whereas, the bar of Columbia has, for the first time, been visited by an official visit from our distinguished and esteemed fellow citizen, the Honorable Chancellor Lesse, whose purity of private life, legal learning, and clear judgment commended him to the State as one who would administer the law with ability, purity, and with the single purpose of doing impartial justice as an upright judge, and whereas, in the course of events by which we are now surrounded, it may be possible that his first visit to us may be his last, in his official capacity as a Chancellor of South Carolina; therefore, be it

A SQUADRON RACE ON THE FOURTH OF JULY.—A proposition has been made that on the 4th of July next the owners of the various yachts in our harbor—large and small—have a grand race, conducted, for instance, like the last; the entry fee to be small, say \$10 each, and the proceeds of admission to be applied to the purchase of a silver cup or goblet, as the prize of the winning boat, and to the purchase of a prize "pennant" this pennant to be worn until some faster boat asserts her claim thereto. The cup, however, is to be retained as a permanent trophy.

The suggestion is a good one, and we hope that it will be carried out. If rules are adopted by which boats of various sizes may enter a race upon equal terms, to be adjudged according to dimensions, there can be no occasion for hickering, and each one will have an equal chance with his neighbor to carry away the honors of the contest. There is no reason why this superb sport should not be inaugurated. The amusement is cheap, healthy and exciting, and the competition one in which any gentleman of aquatic propensities may engage.

The Fourth of July falls on Saturday, and as it has been a general holiday in the past, we may mark its recurrence by an event of the character proposed. Fire-works being debarred, the next best thing are water-works. The fun which attaches to the latter is certainly more sensible.

A further consideration is that the fine yacht of Messrs. Porcher & DeSaussure will probably be completed about the time named. Another handsome boat also is on the stocks at the Southern wharf, which may be made ready in season for the race.

The public have become interested in performances of this nature, and in a little while every man may own his boat just as in old times he used to own a horse. A sail on our beautiful harbor at the close of a summer's afternoon is by long odds preferable to a ride on a dusty road, and there is consolation in knowing that your motive power neither tire nor, in common parlance, "eats his own head off."

It is cheaper to build a boat—given the Magic Isle than to buy a first-class pair of horses, and the keeping of the same is a mere bagatelle.

Let the owners of boats, big and little, come forward and "say their say" upon the subject. Everything, from the size of a carpet-bag to an infant clipper-ship, is respectfully invited to participate.

NOTICES IN BANKRUPTCY.—Meetings of the creditors of the undermentioned bankrupts, to prove debts and choose assignees, will be held at the office of the Registrar, Hon. B. C. Carpenter, No. 72 Broad-street, on the days and at the hours named:
