SUSPENDED.—Wm. Darrell, negro, who was recently appointed on the police force, and against whom charges of being one of the ringleaders in the late riot have been preferred, has been suspended from duty by Captain Hendricks.

A HINT FOR DULL TIMES.—Take advantage of the great reduction in prices, and prepare for the approaching business season by having your Job Printing neatly, expeditiously and cheaply done at THE NEWS JOB OFFICE, No. 149 East Bay.

THE MAN WHO SEARCHED FOR A temperance society and couldn't find one, is informed that there is a temperance society in existence here, and has been in successful operation for a year.

A TO-BE-MARRIED MAN IN A BAD FIX.—A colored man in the employ of Messrs. Jeffords & Co., viduo Range, was arrested yesterday by the detectives upon the charge of stealing from his employers.

THE PORT ROYAL RAILROAD.—The Augusta Constitutionalist says: "We regret to learn that, although the work had been commenced some weeks since on the Port Royal Railroad, there is reason to apprehend that this enterprise—of such vital interest to this city and State—may again be suspended, if not abandoned."

DEKENS IN.—B. Crosswell, whom the Augusta Constitutionalist asserted seduced a young lady in an adjoining county, and was followed and shot by her indignant brothers, writes to that paper stating that the whole story is false; that he did not seduce the said or any other young lady; that he was not shot, nor killed, nor even shot at.

HOTEL ARRIVALS, AUGUST 4.—Passion Hotel, J. L. Dugger, M. & B. Railroad; Mrs. Kippa-nook, D. H. Day and lady, Atlanta; N. Little, H. E. Coles, South Carolina.

THE TRAD-STREET BURGLARY.—THE NEWS has already given full particulars of the late burglary in Trad-street, during which the coolness of the burglars was most conspicuous. A colored man named J. Fierston, who sported gold watches, and receipts for \$150 horses and baggage, and paid his street fare with a \$10 note, was arrested by the detectives on suspicion of being connected with it. He was carried before a magistrate, but the parties who were robbed refusing to appear, he was discharged.

MEETING OF THE RICE AND COTTON FACTORS. An adjourned meeting of the rice and cotton factors was held in the office of Messrs. Fraser & Dill at twelve o'clock yesterday, to receive the report of the special committee appointed at the previous meeting, to take action relative to reducing the expense on sales of rice and cotton at this port.

Mr. W. C. Bee presided; Mr. W. A. Kelly secretary. The report of the committee was read, and after some discussion, it was decided not to publish it, nor take final action at present, but to wait and hear other reports at a future meeting.

A MARRIED MAN RUNS AWAY FROM HIS WIFE AND FIVE CHILDREN, and TAKES A MARRIED WOMAN WITH HIM.—Patrick Murphy, who for some time past has kept a sailor's boarding house on Queen-street, was missed early yesterday morning by his loving wife and five interesting children.

They commenced a search for him, which was fruitless, but they found that a young woman, whom he had persuaded his wife to employ, was also missing. Besides, the loving wife, in her search, observed that a lock on one of her trunks had been out with a chisel. From this trunk two hundred and fifty dollars in gold and a quantity of clothing had been taken.

The woman with whom Murphy fled is about twenty years of age, good looking, and has a husband in Milwaukee, Michigan, who has been sending her money regularly. Murphy was quite devoted to his wife and children up to the time of his departure, and for several hours after his flight they could not be brought to believe that they had been so heartlessly abandoned.

A NEGRO WHO HAS BEEN IN THE PENITENTIARY FOR ATTEMPTING TO KILL HIS MOTHER ATTEMPTS TO KILL HIS BROTHER.—Yesterday morning a colored man named Jefferson Williams appeared before Justice Mackey, and requested to have his brother, Thomas Williams, arrested, stating that he was then lying in wait for him, with all his pockets filled with rocks.

Justice Mackey issued a peace warrant and sent his constable, John Vanderpool, colored, to arrest Thomas Williams. When Vanderpool handed the warrant to Williams, he commenced cursing the officer and the magistrate, and then took a stone out of his pocket and struck Vanderpool on the side of the head, partially stunning him. Before Vanderpool recovered from this blow, Williams seized his club and struck him over the head, shattering the knuckle bones. Officer Geo. Simmons, colored, then came up and arrested Williams. When before the magistrate Williams cursed him, and treated him and the officers present with the utmost contempt. He said that he intended to kill his brother, and had been lying in wait for him since six o'clock the night before; that he would kill him as soon as he was released. He was committed to jail. Williams has partially served a term in the penitentiary for assaulting his mother with intent to kill. He was pardoned out a short time previous to the expiration of his sentence.

AN AFFECTIONATE WIFE—SHE THINKS ANOTHER MAN TOO HANDSOME TO BE HER HUSBAND.—While we believe in the assertion of the smooched philosopher, who compared wife beating to threshing a sack of flour, saying, "You may knock all the fine out of it, but 'pead' 'pon it the coarse will stop behind," yet there is no fine to be knocked out of some women, for they are all coarse, and we don't know what a "poor married man is to do" with a woman of this kind for a wife, unless he attempts to train her in the way she should go. But we are wandering. We commenced this paragraph with the intention of giving an account of Mrs. Catherine Hoffman, who is all coarse, and has the devil in her.

She was arraigned before the Mayor yesterday to answer the charge of being drunk and disorderly, threatening to fire a pistol at a man, and also to fire her house on Woolf-street.

She (with a bewitching smile, intended for the Mayor, who, however, having a "Copper-head in his bosom, stinging him to death," didn't appreciate it) stated that a lady called upon her early Tuesday morning, and she took a drink with her and her old man, and this drink made her feel very pleasant, and she asked her "old man" to give her some more to go to market with; but he would not do it, and she took his tools into the yard and burnt them.

A young man of fair attractiveness appeared as witness against Catherine, and stated her misdoings, showing conclusively that she was enough to try any man's temper. The Mayor, upon whom the bewitching smile of Catherine must have had a confusing effect, asked her if the witness was her husband, to which she quickly replied, "Oh, no, your honor, he's too handsome a man for that."

The Mayor sentenced her to twenty days' imprisonment, which sentence she quietly accepted, only remarking to the said witness as a policeman led her out, "Now, pay that fine, dear, won't you, now."

CHUMBS.—It is reported that a wife and her children received quite a surprise yesterday from her husband. Fifteen years ago he very suddenly and mysteriously disappeared, and came home yesterday.

The scavengers, we learn, have been thronging off to a lot near the corner of East Bay and Queen streets, making the place very attractive, only to the buzzards, which usually frequent the market place.

Sally Gillard, colored damsel from Columbia, was arrested yesterday, for stealing money from Venus Warley, colored, and was committed to jail by Justice Mackey.

The city sheriff is preparing a list of unpaid tax executions in his office, to be advertised next sales-day, including all delinquents who have not paid their first and second instalment of this year's taxes. We advise those who have not paid to go up at once and do so.

His Alder man Geddings the power to prevent children from playing in the City Hall square?

It is asserted that Congressman C. C. Bowen went to Columbia yesterday morning, and in the afternoon Dr. Mackey arrived from there. Savannahians are indignant at a negro clerk being placed in charge of the "General Delivery" of the postoffice.

PLANTATION BITTERS.

THAT ANY SICK MAN SURVIVED THE treatment of fifty years ago, must be considered a proof that human beings are very hard to kill.

The innocent, catarrhs, and drastic purgatives were then the order of the day. The physician played into the hands of the apothecary, and the unfortunate patient was drenched morning, noon and night with prostrating medicines. We live in a more rational and conscientious era. The importance of supporting Nature in its conflict with disease is now understood. Complaints in themselves weakening are no longer aggravated by artificial depletion. They are met with TONICS that rally the vital powers and enable them to defeat the enemy. Chief among these allies of Nature, in its battles with sickness, is

PLANTATION BITTERS.

This wonderful vegetable restorative is the sheet anchor of the feeble and debilitated. As a cordial for the aged and decrepit it has no equal among stomachics. As a remedy for the nervous weakness to which the tender sex are especially subject, it is superseding every other stimulant and nerve.

In all climates, tropical, temperate or frigid, its use as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits. Wherever it is introduced it becomes a standard article—a medicinal staple. Druggists, although their profit upon it is small, find it absolutely necessary to keep a preparation for which everybody inquires, and for which nobody will accept a substitute. It is to-day the most popular medicine in the civilized world. Extensively as it is advertised, its best advertisement is the beneficial result which uniformly follows its use. Every bottle sold insures the sale of at least half a dozen more.

Unlike other stimulants it braces and fortifies the system without exciting undue cerebral action. The cheering effect which it produces upon the mind is not momentary, but permanent. There is no subsequent depression. It does not, as is the case with all other stimuli, begot a craving for excitement. On the other hand, it soothes and calms the nerves, combining, strange as the anomaly may seem, the qualities of a sedative and gentle anodyne with those of a tonic and invigorant. The perfect purity of all its ingredients, their admirable adaptation to the purposes they are intended to subserve, the judicious proportions in which they are combined, and the scientific skill with which they are blended, render this famous article at once the most potent and the most harmless of all known tonics and alteratives.
