

CITY AFFAIRS.

ADVERTISEMENTS will take notice that we cannot... The Savannah Radicals, being greatly in want of money, decided, at a meeting...

MEETINGS THIS DAY.

Solomon's Lodge, at 8 P. M. Palmetto Encampment, at 8 P. M. Charleston Riflemen Club, at half-past 8 P. M. Cincinnati, at 8 P. M. Charleston Mechanic Society, at 8 P. M.

ARRIVAL OF FIREMEN.—The Comet Fire Company, of Orangeburg, arrived by the South Carolina Railroad yesterday afternoon, and were met at the depot by the Comet Star and Prudence fire companies, which will take care of the visiting company during its stay in the city.

IMPORTANT NOTICE.—Parties who propose to travel on the South Carolina Railroad are notified that hereafter, when they get on trains at stations where tickets are sold, and neglect to purchase tickets, they will be charged the conductor's excess rate. But those getting on stations where tickets are not sold, will be charged only the agent's rate by the conductor.

THE AIR LINE RAILROAD.—The directors of the Air Line Railroad, at their meeting in Atlanta, have determined to do away with their old name, and take upon themselves the name of the "Richmond and Atlanta Railroad Company." The vote of Spartanburg County, S. C., last week, on the question of "subscription" or "no subscription" to this road, stood 1219 for to 312 against subscription.

SOUTH CAROLINA RAILROAD CHANGES.—The Augusta Constitutionalist, of Saturday, says: "Mr. Edward Hall yesterday morning entered upon the duties of the office of agent of the South Carolina Railroad in this city, Mr. John E. Marley turning over to his successor the books, papers, &c., pertaining to the office. We are not advised as to whether Mr. Marley will accept the position of agent at Columbia, tendered by Vice-President Tyler. Mr. John E. Thames, long a conductor on the road, also took charge of the office of trainmaster of the entire line, vice Mr. Gilbert, late assistant superintendent, displaced. No further changes in the office in this city have yet been made by the new agent."

AN USEFUL INVENTION.—As long as rice has been cultivated in the South, the presence of seed of various kinds have been a great pest to the miller; and many of our most intelligent mechanics have turned their attention to the matter of getting rid of them, spending much time and thousands of dollars without accomplishing their aim. The machinery invented and patented by Mr. W. C. Chapman, of this city, to which we have heretofore referred, for the purpose of removing all foreign matter, especially grass seed, from rice, is pronounced by millers and others as a perfect success.

MR. CHAPMAN HAS GONE TO NEW YORK TO confer with Messrs. C. R. Fowler & Brother, his duly appointed agents, on matters connected with his invention.

THE FOURTH OF JULY—ITS CELEBRATION.—"The day we celebrate" will be a day of quiet to our citizens generally, but the colored people connected with the various fire and military companies and societies propose making it a gala day.

The first regiment of militia will parade at 5 o'clock this morning. The celebration of the day will be under the auspices of the Union League, and they have invited the various military and fire companies, the Grand Army of the Republic, the Longshoremen's Protective Union, and the several civic societies, and all the municipal officers of the city, to unite with them. The procession will be formed at the corner of Meeting and Calhoun streets, the right resting on Charlotte street, and will move at precisely 3 o'clock P. M., and will march through Calhoun to King, down King to Hasel, through Hasel to Meeting, and down Meeting to White Point Garden, where the people will be addressed by B. C. DeLarge, Aaron V. Logan, T. J. Mackey, W. H. Mishaw, A. J. Banister, Wm. Elliott, Martin B. Delaney, B. H. Cain, C. C. Hyden, L. C. Northrop and W. G. Griffin.

PARADE OF THE COLORED FIRE COMPANIES.—The Ashley, No. 9, Comet, No. 5, Prudence, No. 4, Comet, (Orangeburg), Pioneer Excelsior, (Savannah), fire companies will form on the corner of John and Meeting streets, the right resting on Mary street, at half-past 2 o'clock this afternoon. The procession will move at 3 o'clock down Meeting to Calhoun, through Calhoun to King, down King to Hasel, through Hasel to Meeting, thence to White Point Garden, and up to Broad street, where the engines will play off.

CRUMBS.—John A. Washington, colored, has been appointed adjutant of the First Regiment of the State militia. All of the banks will be closed to-day. The markets will be closed at 9 o'clock this morning. A foot race is expected up the road, this afternoon. The thermometer stood at 135 in the sun on Saturday, and 95 in the shade.

Cantelopes have made their appearance—selling at 25 to 35 cents a piece. Puncheonello says that the Oates's Troupe, now performing at the Olympic Theatre, must not be confounded with the Horse Opera.

Fourth of July's ninety-four years of age to-day. The Southern climate is beginning to tell on him, and he is not expected to live in this section much longer.

Mr. Archer, principal of the St. Philip Street School, has been the recipient of a very handsome Bible, presented by the teachers and scholars of his school.

A boat belonging to the British brig J. L. Pyle, and containing two officers of the brig, was upset in the harbor Saturday afternoon. The officers were rescued by a passing boat.

"Oh Tuesday next, the office of the county treasurer will be open for the receipt of the State and County Tax for the Parishes of St. Philip and St. Michael's, for the year 1869.

The case of Mr. L. S. Solomon, who was reported Saturday morning for selling lumber without having the same measured, and refusing to have it measured, will be heard to-morrow.

ACADEMY OF "OUR LADY OF MEROY."

Closing Exercises—Distribution of Honors—List of the Recipients. On Saturday morning last the closing exercises for this term of the academy under the charge of the Sisters of "Our Lady of Meroy" (located at the Alston Manston, on Meeting street) took place, and were witnessed by a limited number of invited guests.

The order of exercises was as follows—the prizes being distributed by Rev. Father Garsché, who was introduced by Rev. Father Bermingham, in the following graceful remarks: "Young Ladies—The Right Rev. Bishop Lynch intended to have the pleasure of awarding your premiums in this academy to-day; but other duties, which he could not postpone, have called him away."

Consulting your next greatest pleasure, and my own, I have invited the Rev. Father Garsché to represent Bishop Lynch, and to deliver your premiums. This worthy and eloquent Father, during his short time in Charleston, has made himself familiar with the lives of saints and sinners, and the beloved of both.

True to his vocation, and never weary of doing good, he visits your academy as the friend of education, to give honor to whom honor is due. He now stands before you, young ladies, as benefactor, to reward your application and studies. And I am convinced that your respective merits will exact as high a rate of medals, more ribbons, more crowns, more distinctions and honors, than have been conferred by any people or monarch in Europe during the last ten years.

Order of Exercises. Exhibition March—(Bergers)—Misses Armstrong and Powers. Hymn to the Virgin—(Ave Maria.) Opening Address—By Miss M. Chazal. Prizes—Misses Mary Devereux, Miss Sarah McGary, Miss Sarah Wells, Miss Sarah Duffie, Miss Sarah McGary, Miss Sarah Wells, Miss Sarah Duffie, Miss Sarah McGary, Miss Sarah Wells, Miss Sarah Duffie.

Second Honor—Misses Sarah Williams and Julia Sullivan. Misses Bennett and L. Levy, honorable mention.

THE TENNESSEE.

Where and How She Lies—The Damage by Fire and Water—She is to be Taken Up, Carried to Philadelphia, and Re-paired. From parties who have just returned from the wreck of the steamship Tennessee, we learn that she lies in an upright position, on a smooth beach, four hundred yards from the low water line of the shore. At mean low tide, there are about ten and a half feet of water in her lower hold, fore and aft, and in her machinery compartment, but at high water she is submerged to within four feet of her upper deck line. The heat of the fire has had no effect apparently upon either the hull or machinery below the water line, the middle water-tight compartment, containing the machinery, having been submerged before the fire swept over it between decks, as was also the lower hold, aft.

The Tennessee lies in the exact position where she first ran ashore, and the heavy southwest gales which prevailed there for two days did not affect her position. The statement to the effect that she was "burnt to the water's edge" is altogether incorrect. The cabins, between deck, and the cargo, were entirely destroyed by the fire; but the hull, which is of iron entirely, of course remains, only slightly warped on the upper line.

A steamship, with tugs, lighters, steam pumps, and other necessary wrecking material, left New York on Friday last, and will probably be at the wreck to-day. It is believed that when the water in the several compartments is pumped out, the Tennessee will float at once. If so, she will be towed to Philadelphia, where she will be docked and thoroughly examined by the underwriters. If her hull prove uninjured, she will be refitted without delay.

The great advantages of iron hulls are evidenced by the disaster to the iron steamship San Jacinto, of the New York and Savannah line, which, it will be remembered, went ashore on Body Island, near Hatteras, in the fall of 1869. After being exposed on the beach to several weeks of stormy weather, she was lightened and towed to Wilmington, Del., and upon examination her hull was found to be in comparatively good condition. She was subsequently refitted, and is now running successfully between New York and Savannah.

We learn upon inquiry that there was no compressed cotton in the forward lower hold of the Tennessee when the fire was first discovered; it was full of uncompressed cotton, the lower hold aft containing the 450 bales of compressed cotton which was aboard.

GONE TO BEAUFORT.—Yesterday morning the United and Union Star Fire Companies left for Beaufort on the steamer St. Helena, where they will spend the Fourth. They were escorted to the boat by the Niagara Fire Company.

ANNIVERSARY CELEBRATION.—Yesterday afternoon the anniversary celebration of the Sunday School of the Citadel Square Baptist Church came off at the church. After singing and prayer the usual report of the superintendent, John G. Milnor, Esq., was read. It shows that the school consists of four officers, ten male and twelve female teachers, ninety-one male and one hundred and ten female scholars; total number of scholars two hundred and one, with an average attendance of one hundred and sixty. During the past year the school lost one female teacher and one female scholar by death; and the names of eighty-seven male and sixty-eight female scholars were stricken from the roll because of irregularity in attendance; while thirty-two male and thirty female scholars were added to the school. Seven male and five female scholars were added to the church during the year. Connected with the school are three Bible classes—one for young men, and the other two for young ladies.

After the reading of the report there was an interesting address from the Pastor, Rev. Dr. Winkler; after which prizes were distributed, the hymn, "Like a Shepherd Lead," sung, and the audience were dismissed with the benediction.

THE POLICY-HOLDER'S LIFE ASSURANCE COMPANY has hitherto been little heard of by the general public, owing to a clause in the charter, requiring that applications for insurance amounting to \$1,000 should be received before the company could issue a policy. The officers and agents of the company have been quietly but perseveringly applying themselves to securing the required sum, and now that more than the amount required has been applied for, Pankin's ink is flowing at the office, No. 29 Broad street, in the fitting up and signing of policies, and printers ink, too, has come into requisition as will be seen by reference to the company's advertisement in another column of this morning's News. We are glad to chronicle the fact that the company is no longer an experiment. Its popularity has carried it to the goal of success, notwithstanding the dead weight of the above restriction. On the 26th of March last, it fulfilled the requirement of the very important law of its existence, by depositing \$50,000 in the stocks and bonds of the State, in the hands of the comptroller-general; last month the million condition referred to above, was fulfilled, and now the company is fully "armed and equipped according to law," for the business of life assurance.

We refer our readers to the advertisement for some of the advantages this company offers to the insuring public, and to its Charter and By-laws for others. We will only add that it is a purely mutual company; all its surplus belongs to and will be equally divided among its policy-holders annually. It is the only life company chartered by the State, and it commands itself to the patronage of the insuring public, not only from this consideration, but from its intrinsic merits, and the security they will enjoy in the integrity and ability of its board of trustees, among whom will be recognized the very best business ability of the city and State. We learn that Mr. John Hume Simmons has received the appointment of local agent.

CLOSING OUT SALE OF CHROMOS.—On Wednesday next the chromos, pastels and engravings, remaining at the gallery of Messrs. Quinby & Co., will be sold at auction by Messrs. Leitch & Bruns. These specimens comprise some as beautiful pictures as have ever been exhibited in Charleston. All in want of ornaments for their parlors should attend this sale.
