FOSTAL CHANGES .- A new postoffice bas been established at Brown's Store, on the route between Gowdeysville, in Union County. Mr. A. A. Hammett, the mail agent on the Spartanburg and Union Railroad, has been appointed Postmaster at Unionville, vice J. Larkin, resigned.

FINE PASSAGE.—The commercial line schooner Virginia, Captain Ross, consigned to Messrs. H. F. Baker & Co., arrived off this port on Saturday, having left New York on Wednesday alternoon last-thus making the trip in the rapid time of about seventy-two hours. The Virginia brings a valuable general cargo to our city merchants.

DISORDERLY .- Jennie Toomer and Fannie Faker, two colored girls, were arrested on Saturday night, charged with keeping a riotous and disorderly house in Church street. An officer was passing along the street, and the two women, to gratify an old feud, poked their heads out of their window and abused him in the most unqualified terms. They are held for trial this morning before the Mayor.

THE SUDDEN TUMBLE OF NEW STATE BONDS The New York Herald, of Friday last, in its review of the stock market on the preceding day,

The Southern State bonds were heavy and lower under the depressing influence of a sharp decline in the new South Carolina sixes, which tell from 54½ to 50, rallying to 52. The cause decline in the new South Carolina sixes, which fell from 54½ to 50, rallying to 52. The cause of this decline was the peremptory sale of a large amount of the bonds which had been hyp thecated for borrowed money, which the percover could not return on demand.

USING HIS KNIFE .- Ned Russell and John Brown, two colored youthe, quarrelled about some trivial matters on Friday night, in Columbus street, near the rallroad track. They soon came to blows, and during the fight Russell drew his pocket-knife and stabbed Brown in the right cheek, giving him a severe gash. Brown yelled for the police, who quickly came to the rescue, and carried the two combatants to the Guardhouse. They were brough before the Mayor next morning, and Russell was sent to the House of Correction for twen-Dy days. Brown got off with ten days and the cut in his cheek.

SAILING OF THE GEORGIA.-This capacious iron steamship sailed on Saturday for New York with a full cargo of cotton, rice, navai stores, &c. The steamships of this line mark the progress of the cotton movement. Beginning early in the month with one thousand bales, it shows weekly figures of twelve han dred, fourteen hundred and now sixteen hundred bales; so that at the same steady ratio of increase we expect to see a repetition of las year's twenty-five hundred bale cargoes, which made the Iron Liue famous in the coastwise trade. In spite of prejudicial rumors, this port shows favorable shipping figures, being noted last week, as on several previous weekly cotton bulletins, as second only to New Orleans in

THE COLUMBIA RING .- From the Columbia Phoenix we gather that:

1. The committee of the Board of Trade have been allowed to have access to the pians and specifications of the City Hall and the new market. In the case of the City Hall, the conmarker. In the case of the City Hall, the condition is annexed that Mr. Parkins be present, and that the committee of the Board of Trade pay his expenses to Columbia. The committee of the Board of Trade accepted the offer. Captain J. C. Bell and Messrs. Fry and Troy—all experienced builders—have been requested to assist the committee in making an estimate of

the new market.

2. Mr. James M. Allen offers to sell out hiz contract for \$25,000. The Phœnix adds:

We, at least, have no desire to buy Mr. Allen out. We hope to make his shoes so hot that no other man would like to put his feet in

them.
3. Comptroller-General J. L. Neagle has now with him in New York \$250,000 worth of new bonds of Columbia City, 'ssued to him lot the loan of \$75,000 to the city council. These bonds have been surreptitiously issued, and. thus far, no announcement of the fact has been made by the authorities.

THE CHRIST CHURCH MURDER-ANOTHER IN-QUEST .- Owing to certain informalities in the proceedings, and the want of authority on the art of Trial Justice Kinloch to hold the inquest, Coroner A. M. Mackey repaired on Friday to the Bermuda Plantation, in Christ Church Parish, the scene of the murder, for the purpose of holding an inquest over the body of Peter Johnson, the murdered freedman. The body, which had been buried since Tuesday, was exhumed, and a post-mortem examination held by Dr J. E. Dawson, of Mount Pleasant. The wound was, as before stated, a round hole in the left side, between the hip and lower rib, which must have caused his death in a short time. The grudge spoken of as existing between the two men was owing to the fact that Johnson had formerly been Mr. Heath's foreman, but About three weeks since the two men had quarrelled in reference to cotton-picking, and on examination it was found, as usual, that a woman was at the bottom of the affair, and jealousy had doubtless a good deal to do with the consequent crime. Susan Vanderhorst testified also, that on the night of the murder she had heard the deceased and Davenport quarrelling again, a tew minutes tefore the gun was discharged. No other evidence of importance was elicited. The jury rendered a verdict that the deceased came to his death, on the night of the 24th instant, from the effects of a gunshot wound produced by a gun in the hands of James Davenport. All search for Davenport has hitherto proved futile, and

At the inquest previously held in the case, by Trial Justice Kinloch, the jury returned . similar verdict, and the reason why this irlech had not been deputized by the coroner, and the law only empowers a trial justice to hold an inquest on pressing occasions, and est praise-believing him to have been when the coroner is more than fifteen miles distant from the place of the death.

THE HEALTH OF THE CITY.

Decline of the Fever. The number of certificates of death from yellow fever, received and reported by Dr. Lebby, the city registrar, during the week ending at noon on Saturday last, is 29, viz: Sunday's report 5, Monday's report 5, Tuesday's report 5, Wednesday's report 5, Thursday's report 3, Friday's report 3, and Saturday's report 3. But, according to the dates given us, only 20 of these deaths occurred during the current week, viz: Sunday 2, Monday 5, Tuesday 5, Wednesday 3, and Thursday 5. The five deaths reported on Sunday, September 24, as well as three of the five deaths reported on Monday and one of the five deaths reported on Tuesday, (nine in all.) took place in the week end ing on Saturday, September 24, and were included in the 30 deaths, for that week, reported officially by the registrar in THE NEWS of Wednesday last. Yesterday no deuths were reported, so that the current week begins well. We annex our usus, table of comparative

These figures show that the mortality this eason compares very favorably with the ightest yellow fever year of which we have record. It will be noticed also that in the seasons of 1854, 1856 and 1858, there was a steady decrease in the number of deaths after the end of September.

Howard Association.

The executive board met on Saturday last, and the following report of a special commit-

The committee appointed to consider the expediency of opening a ward in the Roper Hospital for the reception and treatment of patients under the care of the Howard Asso-ciation, and to confer with the trustees of the Roper Hospital upon the feasibility of doing Roper Hospital upon the feasibility of doing so, report that on Friday afternoon, the 29th of September, ultimo, they met the trustees of the hospital. The trustees generously offered the use of a ward in the hospital, with beds, bedding and 'urniture sufficient for about wenty-five patients, should it be deemed extwenty-five patients, should it to determed ex-pedient by the association to open such ward, and at the same time expressed a regret that under certain legal proceedings the trustees were enjoined from using the funds, and hence they could not offer to bear any part of the expenses.

The committee, after such conference, met and considered the question of the expediency of opening such a ward, and are unanimously of opinion that, at present, such course is no edient. Many reasons could be assigned for the conclusion at which the committee has arrived; but the fact that, in the opinion of the committee, there is no need for it, will

The committee recommend the adoption of the appended resolutions.

Respectfully submitted,

S. A. NELSON, BENJAMIN F. EVANS, THOMAS M. HANCKEL, WILLIAM G. WHILDEN. Resolved. That in the opinion of the execu tive committee there is no present necessity for opening a ward in the Roger Hospital for the reception and attendance upon patients under care of the Howard Association.

Resolved, That the thanks of the executive committee are gratefully returned to the trus-ters of the Roper Hospital for their generous tender of the use of a ward in said hospital. The report and resolutions were then unant mously adopted.

DEATH OF THE REV. T. WILLARD LEWIS. This gentleman died on Saturday last, on Sullivan's Island, where he had been temporarily sojourning, and was buried yesterday. His remains, which had been brought over from the island in a small boat, were met at Moreland's wharf and escorted to the Centenary Church in Wentworth street, where the funeral took place. The services were conducted by the Rev. W. Weston and were attended by an immense crowd. The church was heavily draped in mourning, and much feeling was manifested by the congregation as the impressive ceremony proceeded. At the conclusion the remains were escorted up to the Magnolia Cemetery and there interred in a lot bought for the purpose by the congregation of his church. was recently superseded by Davenport. The procession was one of the largest ever seen in the city, and the immense numbers who followed the remains to the cemetery, together with the numerous vehicles of all descriptions, showed in what high esteem the deceased was held among the colored portion of our community.

Mr. Lewis was a minister of the Methodist Episcor al Church (North.) a native of Massachusetts, and a member of the New England Conference. He had been here ever since the war, laboring among the colored people. In politics he was an extreme Republican and came to the South fully imbued with all the prejudices of an original Abolitionist; and, to do him justice, he retained most of these prejudices to the day of his death. From the very nature of his position, he was thrown into antagonism with existing ecclesiastical organizations here, and it was chiefly owing to this that he formed but few social ties during his nest was not held legal, was that Mr. Kin- six or seven years' residence in South Carolina. Those who knew him best, however, speak of him in terms of the nigh-

a true man, a pious Christian, and a

zealous minister of the Gospel. He enjoyed

unbounded confidence among the colored people, and founded a number of churches both in this city and in other parts of the State. Both "Centennary Church," in Wentworth street, and "Claffin University," in Orangeburg, owe their origin largely to his individual efforts. To all intents and purposes he was a missionary in partibus, for in his eyes, and in the eyes of thuse who sent him, we were all heathens. He had generally spent his summers hereto fore at the North, but this year he would not go, because he deemed it his duty to remain at his post. Although we could not agree with him in many of his one-sided views, we can honor his manhood, and his Christian courage and fidelity, and chronicle with real regret his

THE FORT JOHNSON TRAGEDY—DEATH OF THE VICTIM AND INQUEST .- Simon Grant, the colored man who was found with his head broken in, lying beside a flat on the beach at Fort Johnson, last Sunday morning, died on Friday night, at a quarter-past 7 o'clock, at the City Hospital. Since he was brought to the hospital, on Monday last, the unfortunate man has lain in a state of stupor, and died at length without having once been conscious or able to speak and clear up the mystery attending the affair. A jury of inquest was impanelled by Coroner Mackey next morning for the investigation of the case. Grant had been living on the plantation of Mr. John B. Bee. on Goosecreek, which place he left on the 19th instant, with a flat load of wood for this city, managing the flat himself. He arrived safely, landed at Gadsden's wharf, sold his wood, and started on his return home on Saturday night in company with Moses Washington. The finding of his body next morning on the beach has been already described. What occurred in the interval of their leaving the Spanish vessel and the finding of the body has not been explained, and there is nothing to account for it but the evidence of the prisoner, Moses Washington, the companion of the deceased in the flat, who is now held for examination on the charge of murder. It being necessary to summon several witnesses from James Island, the further examination before the inquest was postponed until 10 o'clock this morning. A post-mortem examination of the deceased has been held, and the result will also be given before the jury of inquest this morning.

TRIBUTE OF RESPECT.

At a meeting of Washington Lodge, No. 1. I. O. G. T., held on Wednesday, September 27th, the following preamble and resolutions were adopted:

When death strikes down a member of a society and removes from amongst his colleagues one whom long and familiar association has endeared to them, the broken ties of individual friendship awaken sorrow and grief in the hearts of the survivors; but when one is taken away from us whom we knew but as a stranger in a strange land, until that portal was passed which brought him within the pale of our order, only a few months ago, and ere we had opportunity of knowing him well, we are necessarily most impressed with the melanchely circumstance of his dying far from his home and those to whom he was bound by ties of kindred, while we cannot but feel grateful that we, as Good Templars, have been permitted to extend to him, in his last days. the friendly hand and hearty sympathy of

brothers. Therefore, be it Resolved, That in the death of Brother George Kittson, who died of yellow fever on the 23d of September, 1871, Washington Lodge, No. 1, 1, 0, of G. T., has been deprived of a brother whom we shall hold in remembrance, because in his connection with the lodge and early death thereafter has exemplified the highest barnefierace of our next must have

surope as in America, have never latest owns and retain the confidence of parents and guardians.

Nothing will be left undone in imparting to the pupils confided to their care a thorough education, in the highest sense of the word—not alone instructing the intellect, but with maternal care building an 1 training the heart.

The situation of the Convent is all that can be desired for health and beauty. The buildings are on elevated ground, about two miles from the Capital, and in the midst of an oak grove of twenty acres. It is within half an hour's drive from the depot, where omnibusses and baggage wagons await the arrival of passengers.

No distinction of religion will be made in the admission of pupils, nor will any undue infuence be used over their religious principles; but, for the maintenance of good order, all will be required to attend the exercises of Divine Worship prescribed for the Academy.
