THE PORT ROYAL RAILROAD.—We regret that we are unable to accept President Millett's courteous invitation to participate in the excursion to-day over the first forty miles of the Port Royal Railroad.

RELIEF SOCIETY.—An adjourned meeting of the society for the relief of the widows and orphans of the clergy of the Protestant Episcopal Church in the State of South Carolina, will be held to-day, at one o'clock P. M., at the Masonic House, in Broad street.

CHURCH.—A meeting of Council has been called for this afternoon. The fishermen are catching writing of huge dimensions. To-day is the anniversary of the Trent affair.

COTTON FOR THE FOREIGN MARKET.—The first class merchant ship Kennebec, Capt. in Curtis, of 1185 tons, was cleared yesterday for Liverpool by Messrs. Street Brothers & Co., with 3631 bales of upland cotton. The Norwegian bark Drauer, for Liverpool, was cleared by Messrs. W. B. Smith & Co., with 1601 bales of upland cotton.

THE CITY RAILWAY.—At the regular annual meeting of the Charleston City Railway Company, held on Monday, the 6th inst., the following gentlemen were elected directors for the ensuing year: John S. Riggs, William Alken, Henry Buis, W. L. Trenholm, H. H. DeLeon, Andrew Simonds, F. J. Peizer and A. L. Tobias. Yesterday morning the board of directors held a meeting, at which Mr. John S. Riggs was re-elected president of the company.

CLUBS AND STARS.—Lizzie Jones, the undutiful child of color, who resisted the attempt of her mother to correct her, to the alarm of the neighborhood in Glee street, was sent to the House of Correction for ten days.

Jane Walker, a forlorn being, who was drunk and unable to take care of herself in Beaufain street, was discharged.

James Grant, lodged for being drunk and raising a disturbance in King street, was sentenced to a fine of one dollar, or go to the House of Correction for five days.

THE GRAND LODGE.—The annual communication of the M. W. Grand Lodge of A. F. M. of the 21st of November in this city, has been postponed until the 15th of December, when the corner-stone of the new Masonic temple will be laid. The Lodge will be opened on the 21st instant, by the R. W. Deputy Grand Master R. S. Bruns, and then called off until the 19th of the ensuing month. The worshipful masters, wardens, and delegates, past masters and grand officers residing out of the city are not expected to attend until the December communication.

THE REAL ESTATE MARKET.—The house and lot of land at the southwest corner King and Market streets, twenty-one and a half feet on King street, by one hundred and thirty feet deep, were sold at auction yesterday morning by Leitch & Bruns, for \$2350; one-third cash, and the balance in one and two years, with interest.

The same brokers effected a private sale of a house in Rutledge avenue, for \$3000 cash. The tone of the real estate market has improved since the installation of the new Council, and holders are more anxious to sell. The pieces of property above mentioned brought good prices, and all real estate is "tending upwards."

LARGE COTTON CARGO.—The American ship Reunion was cleared yesterday, for Liverpool, by Messrs. Street Brothers & Co., with 3631 bales of upland cotton, weighing 1,640,701 pounds, and valued at over \$300,000. This ship has received almost unprecedented dispatch at the hands of her agents. She arrived from the Friday of the 20th October, and commenced taking in cargo on Saturday, the 21st. On Tuesday, the 27th November, she was loaded, being only fifteen working days from the time of starting. Messrs. G. B. Stoddard & Son did the stevedores' work, and have done themselves and Charleston credit by putting in her 40,000 pounds more cotton than she has ever carried when loaded at New Orleans and Mobile.

AN HONORED PRESIDENT OF THE HOPE.—The Hope Fire Company, President W. H. Smith, have lately placed on the northern wall of their hall a neat and appropriate tablet bearing the following inscription: "In memory of W. P. Patterson—born in 1816, died 31st March, 1871, aged fifty-three years, an honored and distinguished member of the Hope Fire Engine Company for twenty-six years." Mr. Patterson was one of the oldest members of the Hope Company, having joined it a few months after its organization, and held nearly every position in the gift of the company, including the presidency. He was always energetic, and even performed active duty up to the very day of his illness. It was through his exertions that the City Council bought the present site of the engine-house of the Hope Fire Company, and erected the beautiful building which now ornaments the western end of Market street. Mr. Patterson was also an out-and-out Democrat, an ardent advocate and supporter of State rights doctrines. This very month, eight years ago, he lost a very promising son, by the falling in of a portion of the wall of Fort Sumter, caused by a shell from the enemy's batteries at Morris's Island. The tablet was made by Mr. M. Gannon, Queen street, and the workmanship is neat and tasteful.

THE WOODS MYSTERY.—George Woods, the gay boy for some time past had been staying at the Charleston Hotel, and was arrested on Monday while attempting to make his escape on the railroad, was brought before the Mayor yesterday morning under the name of Patrick McMan. He had assumed this name when interrogated at the Guardhouse, and under it he was charged with swindling Mr. E. H. Jackson, the proprietor of the Charleston Hotel, out of two hundred and ten dollars and forty cents—about a week's board at the rate at which Woods had lived. The Mayor turned the prisoner over to the custody of the sheriff, in whose hands bad writs had been lodged against Woods. The latter saw he was caught, and gave up all of his valuables at once to his creditor. These consisted of a gold watch and a lot of jewelry, worth about one hundred and twenty-five dollars in all. There being nothing more to be gained by him, the prisoner was allowed to retain his valuables and money enough to purchase a ticket for the New York steamer. At one o'clock yesterday he was escorted down to the James Adger, and left in that ship for New York, his usual home, quite favorably impressed with the hospitality of the City by the Sea. While talking over matters, Woods confessed that his real name was Harmon Bearman, and this was further corroborated by the marks upon his clothing. He says he came over from Liverpool about two years ago, and for some time back has been a waiter in the Clarendon Hotel, New York, where he perhaps acquired, by close observation, those airs and graces which made him so popular at the Charleston Hotel. He was anxious to go on to Savannah on the fair, but this was too far South to please his friends here. New York is the only place worthy of his talents.

THE HEALTH OF THE CITY.

FIRE ON MORRIS ISLAND.—About dusk yesterday evening an extensive fire was to be seen raging on Morris Island. The line of flames seemed to stretch clear across the island, and at times the fire would burst forth at different points with great brilliancy. The cause of the conflagration could not be ascertained, but it is supposed that the thick grass on the sandhills must have been accidentally ignited.

THAT FLAG.—The white flag with a crimson square in the middle, which was hung out yesterday afternoon from the weather observer's office, on Broad street, portended neither the rapid approach of a hurricane nor a heavy black flag. It was merely an office flag, which was being sent and tried to see how it would work. When the flag is raised as a cautionary signal it will float from the flag-staff erected on the roof of the building.

TELEGRAPHIC CONNECTIONS.—The telegraph line on the Greenville and Columbia Railroad has, by contract, been connected with the Western Union Telegraph Company, and the business for that line will now be received at and transmitted from the office of the latter in the building of the Carolina National Bank in Columbia. As an additional convenience to the public, and especially to visitors to the fair, the Western Union Telegraph Company have extended their wires and opened a branch office at the fair grounds.

MACKEY'S NATIONAL FREEMASON.—We have received from Mr. J. E. Bolster, of the Up-town News Depot, Nos. 1 and 2 of this new Masonic Monthly, devoted to the Science, Philosophy, History, Symbolism and Jurisprudence of Masonry, edited by Dr. Albert G. Mackey, who promises "to devote all of his energies and abilities to the production of a work which each successive number shall contain matters interesting and instructive to the craft." Besides the editor, a number of distinguished Masons write for this magazine.

MISSING.—The Wilmington Star is in receipt of a letter from a lady in Chester, S. C., in which she states that her father, Major James Pagan, left his home at that place very suddenly on business more than a week before; that he was not well when he left, and the family feared that he may have a court suddenly worse. The missing gentleman is thirty years old, six feet high, with very white hair and beard, blue eyes, and wore when he left home a gray suit of clothes. If this should meet the eye of any one who knows anything about him, he will communicate with Miss Mary A. Pagan, Chester.

TRIBUTE OF RESPECT. CHARLESTON MECHANIC SOCIETY, November 6th, 1871. The death of a friend is at all times a startling event, but especially is it so under circumstances like those that accompany the official announcement of the sudden decease of our late esteemed fellow-member, Mr. Henry Clark, who was, at the time of his death, with one exception, the oldest member of this society.

HONEY! HONEY! HONEY! Fine New Country HONEY, to be had in quantity to suit purchasers, of H. H. BAER, No. 121 Meeting Street.

of him among the remembrances of the past, and to offer a tribute of respect to his memory. Be it, therefore, Resolved, That in the death of Mr. Henry Clark this society recognizes the loss of one who for the long period of forty-seven years was associated with it in its benevolent operations, who faithfully served it in various positions of usefulness, and having earned the award of a unanimous "well done," presided with dignity and earnestness over its deliberations in the days of its highest prosperity.

Resolved, That in testimony of his appreciated worth a page upon our Minute Book be dedicated to his memory. Resolved, That a copy of this preamble and resolutions be sent to the nearest relatives of the deceased, and that this testimonial to the memory of our respected ex-president be published in one of the daily papers of the city.

TRIBUTE OF RESPECT.

At a regular meeting of Dan Lodge, No. 93, I. O. E. B., convened November 5, 1871, the following tribute of respect to the memory of the late Alexander H. Abrahams was unanimously adopted:

Death has invaded the circle of our brotherhood, and for the first time in the history of our society we are called upon to deplore the loss of a member. Our late brother, Alexander H. Abrahams, after a long and useful life, exemplifying in its daily practice the liberal and beneficent principles of our Order, has been gathered to his fathers. Of an unobtrusive nature, his distinguishing trait was his active zeal, in the cause of charity. This in him was not the generous and feeling impulse of the moment, but the pervading principle of his life. To its demands the privacy of domestic life yielded, and the adoption of two orphans amid the cares of a large family attested its depth and earnestness. His sympathy was nicely attuned to human wants, and his inspiration from a play like genial and forbearing, truthful and self-sacrificing. The veil that covers the sanctity of a private life may not be lifted; but the virtues that adorned his character shed their most fragrant bloom around the family hearth.

No tear can thaw the frost that binds his head, but the tribute of our respect and gratitude is due to his memory. Therefore, be it Resolved, That in the death of our late brother, Alexander H. Abrahams, our Lodge has lost a valued member; the cause of charity a zealous advocate, and the community a useful citizen.

Resolved, That a testimonial to his affectionate and sympathetic in their bereavement. From the Minutes. J. E. M. CHURCH, Acting Secretary.

NATHL LEVIN, President.

HELMBOLD'S EXTRACT BUCHU,

FOR WEAKNESS ARISING FROM EXCESSES OR EARLY INDISCRETION,

attended with the following symptoms: INDISPOSITION TO EXERTION, LOSS OF POWER, LOSS OF MEMORY, DIFFICULTY OF BREATHING, General Weakness, Horror of Disease, Weak Nerves, Trembling, Dreadful Horror of Death, Night Sweats, Cold Feet, Wakefulness, Dimness of Vision, Languor, Universal Lassitude of the Muscular System, often Enormous Appetite with Dyspeptic Symptoms, Hot Hands, Flushing of the Body, Dryness of the Skin, Pallid Countenances and Eruptions on the Face, Pain in the Back, Heaviness of the Eyelids, Frequently Black Spots flying before the Eyes, with temporary Suffusion and Loss of Sight, Want of Attention, Great Mobility, Restlessness, with Horror of Society.

Nothing is more desirable to such patients than Solitude, and nothing they more dread, for fear of themselves; no repose of manner, no earnestness, no speculation; but a hurried transition from one question to another.

THESE SYMPTOMS, IF ALLOWED TO GO ON—WHICH THIS MEDICINE INvariably REMOVES—SOON FOLLOW LOSS OF POWER, FATIGUE AND EPILEPTIC FITS, IN ONE OF WHICH THE PATIENT MAY PERISH.

During the Superintendance of Dr. WILSON at the BLOOMINGDALE ASYLUM, this medicine resulted to two patients. One had had for a time left them, and both died of epilepsy. They were of both sexes, and about twenty years of age.

Who can say that their excesses are not frequently followed by those dreful diseases, IN SANITY AND CONSUMPTION? The records of the INSANE ASYLUMS, and the melancholy deaths by Consumption, bear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sallow and quite desolate; neither mirth nor grief ever visits it. Should a sound of the voice occur it is rarely articulate.

"With woful measures was despair Low sullen sounds their grief beguiled."

While we regret the existence of the above diseases and symptoms, we are prepared to offer an invaluable gift of chemistry for the removal of the consequences.
