Mississippi Legislature.
JACKSON, Miss., October 16.—The State Legislature met and organized to-day its long term. It was expected that Gen. Humphreys would be inaugurated as Governor of Mississippi this evening.

Martial Law Removed from Kentucky.
CINCINNATI, October 17.—A large meeting of the citizens of Kentucky was held on yesterday, and expressed thanks for the removal of martial law from that State. Speeches were made by Gen. Houston and others, and resolutions were adopted thanking the President and endorsing his reconstruction policy.

Latest from Europe.
NEW YORK, Oct. 18.—Liverpool dates to October 6th have been received. The sales of cotton for the week ending on the 6th instant, amounted to 180,000 bales, of which 100,000 were for speculation and export. Middling cottons are quoted at 25d. 3f. Sales on the 6th instant, 25,000 bales. Consols 88 3/4 a 88 7/8. The Bank of England has advanced the rate of discount to 6 per cent.

Presbyterian Synod.
LOUISVILLE, October 17.—A resolution was offered in the Kentucky Presbyterian Synod, on Thursday, by the Rev. R. J. Breckenridge, that this Synod adjudge that the action of the majority of the Louisville Presbyterians, by adopting a paper styled "declaration and testimony," assumed such open rebellion against the church as unfits each and every one of them to act as members of this or any other court of the Presbyterian Church. After several days' discussion, it was voted down.

From Mississippi.
JACKSON, Miss., Oct. 14.—Last evening, a party of guerrillas attacked a Government wagon train near Bolton, between this city and Vicksburg. One teamster was killed and four mules stolen. Captain Heaton, District Quartermaster, was a few hundred yards in the rear. Guerrilla operations are being resumed with renewed vigor. Fifty counties have sent in returns. General Humphreys is five thousand votes ahead. Reynolds is elected to Congress in the Northern District. The Vicksburg *Journal* has changed hands. L. B. Montove, late colonel in the rebel service, is the present editor. He sustains Gov. Sharkey's proclamation, favoring the admission of negro testimony in the courts of justice. He says that it is only simple justice to the negroes. General Humphreys has been pardoned, and is, consequently, eligible to the office of Governor.

Affairs in Tennessee.
NASHVILLE, TENN., October 19.—Major-General Houston has arrived here, and it is understood that he will soon assume command of the District of Middle Tennessee. General Fiske, Superintendent of the Freedmen's Bureau in the State of Tennessee, announces that after the passage of the bills by the Legislature of that State, permitting the negroes to testify in the Courts, that he will abolish in his department all matters in regard to the civil status of the negro. The United States District Court opened its session in Nashville on the 19th instant, and a large number of indictments for treason were presented for its disposal.

General Episcopal Convention.
PHILADELPHIA, October 14.—The General Episcopal Convention met at the usual hour this morning and proceeded to business. Honorable Horace Binney introduced the following resolution:
Resolved, That this House, in most cordially concurring, as it has done, in the resolution of the House of Bishops appointing a day of thanksgiving for the return of peace to our country and unity to the Church, most respectfully expresses to the House of Bishops its earnest desire that in the religious services to be appointed for that day, especial thanks be offered to Almighty God for the re-establishment of national authority over our whole country, and for the removal of that great occasion of national dissensions and estrangement to which our late troubles were due. Honorable Horace Binney said there were truths to which no utterance had as yet been given. He was loudly called to order. Rev. Dr. Goodwin asked if the question had been taken; if it had, he asked for its reconsideration. Judge Battle, of North Carolina,

moved to lay the motion to reconsider on the table.

Dr. Cummings rose to a question of privilege, but was loudly called to order. Judge Chambers moved to lay the motion on the table. The ayes and nays having been called for, they were taken. The question being on the motion to lay the motion to reconsider on the table—the effect of the passage of which would be to prevent the question being taken up again during the sessions of the present Convention—the result of the vote by Dioceses is as follows: Clerical, 20 ayes and 6 nays; Lay, 15 ayes, 7 nays.

From Georgia.
NEW YORK, Oct. 12.—The steamer Cambria, from Savannah, has arrived. Savannah papers of the 7th contain the following:
 General Steadman has issued a document stating that all orders relative to contracts between individuals, (except those which interest freedmen,) or determining the right, title or possession of property of any description whatever, except property owned or claimed by the Government, are hereby suspended; and all officers on duty in this department are prohibited from adjudicating questions of contracts or conflicting claims to property, except when necessary to protect the rights and interests of the Government.

[This action of the commandant evidently results from a late order of the President, restraining the military in their arbitrary interference with private contracts, especially in such cases as the late cotton dispute between Messrs. Metcalf and other Augusta merchants with Mr. John Garsed, of Philadelphia, involving upwards of 12,000 bales of cotton. The order of the President peremptorily commands the military authorities to suspend all action in matters of private dispute, and to allow the parties the benefit of adjudication by the courts. The order of the President also forbids officers of the army or Government being interested in any sales of cotton or contracts therefor, or other products of the State of Georgia.—Eds. Baltimore Sun.]

The Georgia State railroad was turned over to the State on the 25th ultimo. The United States very liberally proposed to furnish running stock, machinery, tools, &c. The commissioners took seven locomotives, two stationary engines, one hundred box cars and fifty platform cars, and could have obtained more had they asked for them. Car shops and all necessary machinery were also secured. This stock is an advance made to the road by the Government at prices exceedingly liberal. The commissioners have let out contracts for building fourteen bridges on the road, to be completed by the 15th of December. These contracts were all given to Georgians.

Headquarters, Ass't Commissioner,
 BUREAU REFUGEES,
 FREEDMEN AND ABANDONED LANDS,
 SOUTH CAROLINA AND GEORGIA,
 Charleston, S. C., October 5, 1865.

SCHOOL CIRCULAR NO. 1.

TO THE PEOPLE OF SOUTH CAROLINA: In entering upon my duties as Superintendent of Education for the State of South Carolina, in accordance with Special Orders No. 19, Assistant Commissioner, Bureau Refugees, Freedmen and Abandoned Lands for South Carolina and Georgia, it is my earnest desire to secure the co-operation of all persons in the State.

It is admitted on all hands that no work is of more importance as affecting the future prosperity of the country than the removal of the mass of ignorance which now weighs down the laboring classes throughout the South. The sooner this work is begun, the better for all parties concerned.

In the present crippled financial condition of this State, it is not expected that she can assume the responsibility of providing the means of education of all within her borders. It is, therefore, in no spirit of arrogance or self-sufficiency that the various benevolent associations of the North propose to assist in the work of educating the ignorant classes of this and of other States in the South. The proposition is made with the sincere desire of bearing their share of the burdens Providence has put upon us all, and for the purpose of securing a brighter and more prosperous future.

These associations now stand prepared to furnish teachers whenever the Agents of this Bureau shall call for them.

I therefore earnestly request all persons in any part of this State, who may feel an interest in this work, to communicate with me, furnishing me with all the information they can give as to the facilities for establishing schools in their respective neighborhoods.

Wherever residents of the State are willing to accept positions as teachers, and are otherwise qualified, they will be employed.

Surely no argument is needed to convince the intelligence of this State that education is the prime condition of its future safety and prosperity, and that the work of education cannot be commenced too soon, or carried on with too much earnestness. If on no other ground than self-interest alone, this matter recommends itself to the attention of every planter in the State.

Let the freedmen on your plantations know that there is a school at hand, where their children may be educated, and you give one of the strongest inducements to contentment and steady industry.

The purpose of this Bureau, and especially this branch of it, is neither to destroy or unnecessarily interfere, but simply to assist in repairing the "waste places," and in laying sure the foundations of the future happiness and greatness of the people of this State and of the whole country. This is the spirit in which we shall labor, and we trust the people of South Carolina will meet us in a similar spirit, and co-operate with us in our efforts, so long as these efforts may be needed, to secure the ends for which this Bureau was established—the protection and education of the ignorant, and the well-being and safety of the whole community. REUBEN TOMLINSON, Superintendent of Schools for S. C. Oct 22 1
