The Grand Lodge of Ancient Free Masons, of South Carolina, assembled at Masonic Hall to-day. There are representatives present from seventy-five lodges. The Grand Master, Gov. Orr, in his address, declares the condition of Masonry in this State encouraging, and acknowledges contributions from the North and West for the benefit of distressed brethren.

RALEIGH, November 19.—The election passed off quietly, without disturbance. The negroes behaved with the utmost propriety. A strong military and police force was stationed at the polls, and paraded the streets all day. It is impossible to tell the result. To-day's voting will amount to about 1,200—the votes being cast mostly by negroes, and all radical, with but two exceptions. The whites have reserved their strength for to-morrow. Many of the blacks forgot the names registered, and lost their votes. The votes will not be counted until to-morrow evening.

MONTGOMERY, November 19.—The Reconstruction Convention Committee on Militia reported an ordinance to organize a State volunteer militia, to be subject to the orders of the Governor. The question of substituting the minority report on the franchise question for the majority report, was decided in the negative, by a test vote of 19 yeas to 76 nays. The majority report will carry; it disfranchises all persons who do not vote on the new Constitution, and binding the voter not to contest negro suffrage hereafter, and not to maltreat any person on account of past or present support of the United States Government or the policy of Congress.

What is this Medicine, called "Heinitsh's Queen's Delight?"
IT is a valuable compound of Roots and Gums, discovered and prepared on pharmaceutical principles by a practical chemist. It is found, upon trial of more than 2,000 cases, to be the only sure blood purifier, and will cure all those inveterate and stubborn diseases which arise from impurity of the blood; and whilst it does this, it exerts a powerful influence over the whole system, invigorating and restoring the weak and crippled organs of the body to healthy action.
