Club Meeting.

At a regular meeting of the Demo-

cratic Club of Spartanburg, held on

Monday, July 20, 1868, the follow-

ing resolutions were offered by Wm.

K. Blake:

Resolved, That we cordially ap-

prove and endorse the declaration of

the great and fundamental principles

of civil liberty and constitutional

government, and the national policy

for their enforcement, as set forth in

the platform of the National Demo-

cratic party.

Resolved, That we congratulate the

people of the whole United States,

that the National Democratic Con-

vention has selected as our candi-

dates, the Hon. Horatio Seymour, of

New York, and Gen. Frank P. Blair,

of Missouri; and that to their elec-

tion, and the restoration of our Gov-

ernment to the hands of those who

will administer it in accordance with

constitutional law, and with a due

regard to the rights of the States, we

pledge our earnest, untiring and self-

sacrificing support.

Resolved, That all the Democratic

Clubs of this District, be invited to

unite on sales-day next, in a grand

rally for the ratification of the action

of the late National Democratic Con-

vention; and that Col. Thomas, of

Columbia, be invited to address the

people on that occasion.

The following resolution was offered

by Col. T. Stobo Farrow:

Resolved, That in the opinion of

this club, it is all important that a

State Convention should be held as

soon as practicable, for the purpose

of nominating Presidential electors,

and for consultation upon questions

involved in the approaching canvass.

Resolved, That the Secretary be

requested to forward the above resolu-

tion to the State Central Executive

Committee, and urge upon them the

necessity of calling a Convention at

as early a day as will admit of general

and timely notice to be given.

The following resolution was also

offered by T. Stobo Farrow:

Resolved, That each Democratic

Club of the District be requested to

send five delegates to meet at the

Court House, on sales-day, for the

purpose of organizing a District Cen-

tral Club.

The following resolution was offered

by Col. G. Cannon:

Resolved, That the several clubs of

the District be requested to hold

mass meetings at all practicable

points, during the Presidential cam-

paign.

ANNUAL CONVENTION OF THE BNAI

BERITH.—A short time ago a call was

issued by the Grand Saor, or Chief,

of the Bnai Berith—a Hebrew or-

ganization formed for benevolent and

religious purposes—inviting the dele-

gates of all the lodges of the order

to assemble in convention, in New

York, for the purpose of taking into

consideration the advisability of

adopting a new constitution with a

view to extend the operations of the

brotherhood and of increasing its

membership. In response to the

call, the convention commenced on

Sunday. One hundred and five

delegates, representing twelve hun-

dred lodges, were in attendance. At

9 o'clock in the morning, Mr. P. W.

Frank, the Grand Saor, called the

meeting to order, and a committee

on credentials was then appointed.

The following permanent officers

were elected: Adolph Moses, of

Quincy, Ill., President. Vice-Presi-

dents—S. W. Rosendale, G. Ern-

stein, Jacob Miller, D. B. Wolfe and

B. Simpson, of Washington. Sec-

retaries—M. Ellinger, Alfred T.

Jones and Louis Abrahams.

It is stated that over 15,000 per-

sons attended the national cam-

paign, on Sunday, at Manheim,

Pennsylvania.

COLUMBIA AND AUGUSTA RAILROAD.

We are pleased to learn that track-

laying on this road is progressing

rapidly. President Johnson, who

has been sojourning in our city for a

few days, informs us that forty-one

miles of iron have been laid—four

miles on the line near the South Car-

olina Railroad, at Graniteville, and

thirty-seven miles on the Columbia

end. A contract has been made with

the Scranton Iron Works, of Scrant-

on, Pa., for the delivery of the whole

of the iron requisite by the 1st

of October, and the iron will be laid

down as fast as received. There is

but little doubt but the whole line,

from Graniteville to Columbia, will

be completed and running by the 1st

of November. Indeed, the Presi-

dent is already extending an invita-

tion to stockholders to a free ride

over the road at the next annual con-

vention in November.

The line from the South Carolina

Railroad junction to Augusta has

been surveyed, and the contracts let.

The distance is a little less than

twelve miles. It is expected that

this part of the work, grading and

superstructure, will be completed by

next New Year's Day.

We are informed that the bonds of

the company meet with ready sale,

and that a prominent banking-house

of New York is investing largely in

the stock of the company, having

recently purchased 500 shares at

market prices.

"Fire your guns," said a poor

laboring man in Detroit, while the

radicals were ratifying Grant's no-

mination; "you can't fool me any

longer. I voted your ticket until it

takes three dollars to buy what I

used to get for seventy-five cents,

and now I think it's about time for a

change."

SPECIAL NOTICES.

NATURE IS THE GREAT PHYSI-

CIAN.—This is now admitted, by the me-

dical profession, as a fundamental princi-

ple of healing science. It is wisely

provided by the human economy that

whenever anything is wrong in the physi-

cal system, the natural forces of the body

are brought to bear to expel the disease.

The great aim, therefore, is to strengthen

the natural powers. This has been kept

in view by the skillful compounders of

HOSTETTER'S STOMACH BITTERS,

which operates to give fresh vitality to all

the organs of the body. The effect of this

medicine upon the stomach, the liver and

the kidneys, is prompt and decisive. The

patient, who is wise enough to quit drug-

ging and try the Bitters, soon feels as if

he had taken a new lease of life, and as he

continues the use of the article he is over-

joyed to find the streams of health cours-

ing through his frame. It is prepared

with great care, and its component parts

are entirely vegetable. It is free from the

objections so often urged against prepara-

tions of the kind. As a medical agent it

has no equal, while its pleasing flavor and

healthful effects have made it a general

favorite. It is free from all properties

calculated to impair the system, and its

operations are at once mild, soothing and

efficient. All who have used Hostetter's

Stomach Bitters attest its virtues and

commend it to use.

Even those who are in the enjoyment of

perfect health frequently have need to

have recourse to tonics as preventives of

disease. We are never too well armed

against the assaults of "the ill that flesh

is heir to." In health or sickness this

tonic cannot be taken regularly without

giving vitality and elasticity to the sys-

tem.

"MANHOOD."—Another New Medical

Pamphlet from the pen of Dr. Curtis. The

Medical Times says of this work: "This

valuable treatise on the cause and cure of

premature decline shows how health is

impaired through secret abuses of youth

and manhood, and how easily regained. It

gives a clear synopsis of the impediments

to marriage, the cause and effects of ner-

vous debility, and the remedies therefor."

A pocket edition of the above will be for-

warded on receipt of six stamps, by ad-

dressing Doctor Curtis, No. 139 F street,
