

Paris, May 25.—The elections have resulted so far 193 for the Government; opposition 90. There was defeated.

London, May 25.—The press continue bitter Alabama claims articles. The Standard (Tory) bitterly assailed the radicals for addressing Americans in language of affection and admiration. The flatteries with which the Americans have been besmeared are the cause of their present menacing attitude. No man with English blood in his veins should deal with Mr. Sumner's speech in such a feeble and unmanly strain. America had been deceived into the belief that England would meekly endure insult and humbly submit to chastisement, and had all but committed itself. A message addressed to such a nation as England could only be answered by a challenge. America had the plain facts of the late war, and cannot be humbugged into the belief that the bulk of the English people approved of such assertions, to make Americans believe that England is telling lies to escape from a thrashing. We are never guilty of the meanness of denying the sympathies we entertained, in order to escape the displeasure of a successful party. The educated classes are the nation; the masses are only their followers.

St. Thomas, May 18.—The steamer Arango has arrived, to tow the Peruvian men-of-war to Barbados. The vomito is raging at Guadalupe.

Cabral has crossed the Haytien frontier, and the whole republic is in arms. Aux Cayes was again unsuccessfully bombarded.

Important from Cuba.

Havana, May 25.—General Dyer assumed duty as chief of ordinance at Havana, on the 24th. The following official account of the landing of filibusters in the Eastern department has been made public: 700 men disembarked on the night of the 16th, in the Bay of Nipe, and took possession, mounting six guns and fortifying three houses. They remained undiscovered thirty-six hours. Captain Mesco attacked them with 120 men, using bayonets, stormed one of the houses, and captured a flag, but was finally obliged to retire—his ammunition giving out. The filibusters lost 60 killed and 160 wounded; the Spaniards had four killed. The *Beura* adds: The filibusters fired three cannon shots into the steamer *Marsella* damaging her hull and rigging. The flag captured by Captain Loso was inscribed, "Rifle Ros Libertad," and was presented by "Amelia Casanova." It is now said the troops took the six guns and turned them against the filibusters, and spiked the guns before they fell back. Four war steamers, with troops, have sailed for the Bay of Nipe. There is a rumor that the rebel General Quesada has been captured and shot. Plumb assumed the duties of United States Consul-General to-day. The United States flagship *Contoocook* and the steamer *Yantic* have sailed for Matanzas. The *Saratoga* is waiting here to carry Minister Nelson to Mexico. The *Narraganset* has gone to Nuevitas, to bring away American residents desirous of leaving. Twenty-two prisoners captured on the prize *Galvanic* have been sent to Spain.

New York, May 25.—Dr. Beatty, of the Old School Committee, in addressing the New School Committee, which rose to receive him, amid great applause, said this will probably be the last assembly to be called upon to interchange civilities, inasmuch as in future they will both be one. This remark elicited spontaneous applause. The steam tug *William Parker* exploded to-day, foot of Dock street. Four persons were killed.

Montgomery, May 25.—Judge Busted is in town, holding a term of the United States Court here. The Congressional Committee, to investigate his conduct, are expected here to-night. Mobile, May 25.—The Presbyterian Assembly, on Monday, appointed commissioners to revise a form of government and discipline. The committee reported in part to-day to the assembly, and recommended its presbyteries to throw their licentiates so far as practicable into destitute fields. On the subject of co-operation with the General Assembly of the old School in labor among the freedmen, the following was unanimously adopted: That inasmuch as the correspondence of the Secretary of the Committee on Freedmen of the General Assembly of the Presbyterian Church in the United States of America, with the Secretary of Sustentation of our church, has devolved no practical mode of co-operation between the two churches, in their efforts to evangelize the freedmen, this General Assembly is not prepared to take any steps contemplating the proposed concert of action. The Secretary of Sustentation is merely instructed to communicate the foregoing to the Committee on Freedmen of the General Assembly of the Presbyterian

Church in the United States of America. A resolution of maintenance of simplicity in church music, was laid over. A missionary meeting was held on Monday night. A plan was reported for insuring the lives of ministers in our convention, and a resolution was introduced looking to an amendment in the charter of the church. At the meeting to-night, several addresses were made on the subjects of education and publication.

The road was knocked off at \$2,050,000. Mr. Whitney announced that it was the intention of Mr. Morgan, who was present, to immediately set about extending the road to the Sabine.

The Commercial Convention adjourned over till Wednesday, and delegates are on an inspection tour to the mouth of the Mississippi to-day.

LIFE INSURANCE.

A HOME ENTERPRISE. THE PIEDMONT LIFE INSURANCE COMPANY OF VIRGINIA.

HAS determined to establish a BRANCH OFFICE in South Carolina. The Branch Office is designed to give us the full benefits of an entirely HOME COMPANY, by investing in the State all the funds received in it. In fact, it is better than a new company, because the PIEDMONT is a success already established, with ample capital and assets.

So far, Edgefield heads the list, FOUR HUNDRED persons having insured in this favorite Southern Company in the last six months. Abberville numbers little less than TWO HUNDRED. Will not the people of Columbia, and other sections of the State, emulate the example of these two Districts, by coming forward, without delay, and take out policies in this Company, and secure to themselves the benefits of the BRANCH OFFICE, by having it located at Columbia?

The Piedmont has declared a DIVIDEND OF FORTY PER CENT. The dividend could have safely been larger, but with the prudence and caution which has ever guided this Company, it has deemed it proper, being the first dividend, to hold a surplus beyond the reserve fund.

In short, the Piedmont has no superior, and with a BRANCH OFFICE in our midst, there can surely be no possible excuse to justify a Southern man to commence, or continue, to send his money off for Life Insurance. S. L. LEAPHART, Agent.
