THE BURIED TREASURE AND ARCHIVES OF THE CONFEDERACY.—The Theta Delta Chi fraternity, which met at the Astor House, New York, in February last, listened to an oration by Wm. L. Stone, who, in the course of some interesting reminiscences of the rebellion, spoke of David Tilghman as the officer selected by the Confederate Government to take charge of the treasure and archives.
On the morning of Mr. Davis' capture, says Mr. Stone, Tilghman waited upon him at his bedside and said: "Mr. Davis, by this map you may see that the enemy are here; such and such is the situation of the roads. If you come with me, you will be able to leave the country in safety. If you do not, you will be captured in five hours." To Mr. Davis replying, curtly, that he "knew his own business best," Tilghman continued, "Very well, sir, I have been entrusted with the treasure and archives, and propose to secure them, even at the peril of the loss of your favor and of my life. I shall start at once, by the route I have marked out."
The result is well known. In less than five hours Mr. Davis was a prisoner; but the archives were safe. When, a few weeks after, in the recesses of the forest, Tilghman learned that all was lost, he alone, and with his own hands, buried the treasure and archives; and, unless, during the four days that elapsed between parting with me and his untimely death, he revealed the spot, the secret as to the whereabouts of the archives is forever buried; and as long as they shall be kept from the pen of man, so long shall the story be a monument to our brother's unswerving fidelity. This is the true history of the archives of the Southern Confederacy, although rumors are from time to time set afloat of their being now in the vaults of this bank, and now of that.

In order to show the enormous magnitude of the public debt of this country, the Hon. J. Proctor Knott produces the following curious statistics: "Each greenback dollar bill is about seven inches in length. Place 2,500,000,000 of them in a line and it will be over 250,000 miles long! It is 25,000 miles around the earth. The public debt would therefore make a band of greenback dollars that could encircle the globe more than ten times! It is 240,000 miles to the moon. If this is so, our debt would make a rope of greenback dollars long enough to cable the moon to the earth, and have over 10,000 miles to sag!"

There were thirteen murders, stabbing cases and burglaries in the unconstructed city of New York on Sunday and Sunday night last, with several wards to hear from.

TESTIMONIALS.
TUSKEGEE, ALA., November 21, 1869.
Mr. J. H. Bradfield—Sir: Please forward us, immediately, another supply of Bradfield's Female Regulator. We find it to be all that is claimed for it, and we have witnessed the most decided and happy effects produced by it. Very respectfully,
LUSTER & ALEXANDER.
ATLANTA, GA., December 29, 1868.
Dr. J. Bradfield—Dear Sir: I take pleasure in stating that sometime previous to the late war, I used, with utmost success, on a servant girl, your Female Regulator, prepared then at Bradfield's Drug Store, West Point, Ga. She had been suffering severely from suppressed menstruation, and this medicine restored her to health. She is, to-day, living in Atlanta, sound and well.
I will state further, that I know of its being used, with equal success, in other cases. I do not hesitate to endorse your preparation for the purpose for which you recommend it.
Yours truly,
JOHN C. WHITNER.
GAINESVILLE, GA., March 23, 1870.
Bradfield & Co., Atlanta, Ga.:—Dear Sirs: I take pleasure in stating that I have used your Female Regulator for some time, and I am putting up, known as Dr. J. Bradfield's Female Regulator, and consider it the best combination ever gotten together for the diseases for which it is recommended. I have been familiar with the prescription both as a practitioner of medicine and in domestic practice, and can honestly say that I consider it a boon to suffering females, and can but hope that every lady in our whole land, who may be suffering in any way peculiar to their sex, may be able to procure a bottle, that their sufferings may be not only relieved, but that they may be restored to health and strength.
With my kindest regards, I am respectfully,
W. B. FERRILL, M. D.
ATLANTA, GA., March 12, 1870.
I have examined the recipe of Bradfield's Female Regulator, and from my knowledge of the ingredients, believe it a most excellent Medicine, and well suited to that class of diseases designated. I have no hesitation in advising its use, and confidently recommend it to the public.
JOEL BRANHAM, M. D.
NEAR MARIETTA, GA., March 21, 1870.
Messrs. William Root & Son—GENTLEMEN: Some months ago I bought a bottle of Bradfield's Female Regulator from you, and have used it in my family with the utmost satisfaction, and have recommended it to three other families, and they have found it just what it is recommended. The females who have used your Regulator are now in perfect health, and are able to attend to their household duties, and we cordially recommend it to the public.
Yours respectfully,
REV. H. B. JOHNSON.
NEAR MARIETTA, GA., March 21, 1870.
Messrs. William Root & Son: About one year ago I bought a bottle of Bradfield's Female Regulator from you, for one of my daughters, who had been suffering with suppressed menses for some time. I have had several Physicians attending, but met with no success until I was persuaded to try a bottle of the Regulator, and it is the very thing for which it is recommended. She is now in perfect health. I hope all suffering females will, at least, try one bottle, and have health again.
Yours respectfully,
D. DOBINS.
We could add a thousand other certificates; but we consider the above amply sufficient proof of its virtue. All we ask is a trial.

SOLUBLE MANURES.
The Sulphuric Acid and Super-Phosphate Company, of Charleston, S. C.
HAVING completed their extensive Manufactory, are now prepared to furnish Soluble Fertilizers, no other kinds being available to planters for immediate returns for their investments.
This Company, under the direction entirely of Southern men of high character, offers inducements which will recommend it to Southern planters. Their works are among the largest and most complete in the United States, and enable them to prepare at home an abundant supply of the proper solvent for the South Carolina native Bone Phosphates which are in soluble Phosphates than those made from raw bones, and containing more than twice the quantity of Super-Phosphate of Lime found in the best average Manures heretofore offered for sale, the rates at which we offer them being no higher than the average price of other Fertilizers, while the Manures contain twice as much fertilizing material; they are in fact much cheaper to the consumer. They are offered on the market in two forms, with a guarantee that the material in each will correspond to the advertisement.
ETIWAN, No. 1.—Soluble Phosphate, containing from eighteen to twenty-five per cent. of Pure Soluble Phosphate of Lime, and furnished at sixty dollars per ton.
ETIWAN, No. 2.—Peruvian Super-Phosphate, containing from sixteen to twenty per cent. of Soluble Phosphate, and two to four per cent. of Ammonia, at seventy dollars per ton; for approved acceptance, bearing interest, or such other security as may be acceptable to the sub-agents. Orders to be forwarded immediately to the Agents, and delivery made as directed on and after 1st January next.
G. G. MEMMINGER, President.
The Fertilizers of this Company will be branded ETIWAN, No. 1. and ETIWAN, No. 2

Beer! Beer!!
SOME dealers in this city have been in doubt that I could hold out supplying them with Beer this summer. I now inform the public that I have a large supply of old Lager Beer on hand, which I put against any Beer brought from the North, or even imported from Germany, as to purity and strength. I am ready to test it by the Beer scale.
