The most unfortunate man in the world is now living in Arkansas. He is condemned to be hanged, but all the carpenters in the neighborhood refuse to build the scaffold. He is himself a carpenter by trade, and the sheriff proposed that he should put up the gallows. He swears, however, that it is asking too much of him, and that he won't do it—that he will go unhanged a thousand years first. We think he is a little fas-tidious about the matter, but under the circumstances, which are rather peculiar, he is probably not so much to be blamed as one might suppose.

KILLED STEALING CABBAGES.-A CO-KILLED STEALING CABBAGES.—A colored preacher, named Jake Gaillard, was shot and instantly killed yesterday morning, between one and two o'clock, on the farm of E. L. Roche, Esq., in the subnrbs, by Israel Parker, the colored patrol. While guarding the vegetable patch, Parker saw a couple of colored men enter it with bags and begin to fill them. He hailed them repeatedly, and finding they were about to fly with their plunder, he raised his musket and fired, with the result as stated.—Charleston with the result as stated. - Charteston

ARTIFICIAL TEETH.

REYNOLDS' IMPROVEMENT.

THOSE who have lost several Natural Teeth, and have been advised to part with remaining sound ones, as the first step towards obtaining artificial substitutes, are requested, before submitting to a practice, cruel in itself and often unnocessarily porformed, to convince themselves of its fallacy, by looking closely into a matter of so much importance.

The above improvement was designed to realst so deplorable a practice, and after a thorough test of more than three years, is found capable of accomplishing what no other system of Artificial Dentistry has heretofore done. It is now possible to obtain partial cases, which will save for years Natural Teeth, and be at the same time reliable in every respect.

An invitation is hereby given to such as feel interested to call at our Operating Rooms, and examine duplicate specimens of cases now in actual use.

Be on Your Guard .- The unexampled success which for twenty years has accompanied the use of Hostetter's Stomach Bitters provokes the envy of ignorant nostrum-mongers in all parts of the country, and the counterfeiting business having been measureably played out in consequence of the numerous suits instituted against the offenders, a new system of tactics has been adopted. In the South and West especially, a legion of "Biters," prepared from worthless materials and bearing a variety of names, have been got up by irresponsible adventurers, with the hope of substituting them to some extent for the Standard Tonic of the Age. In some cases country druggists are the concocters and proprietors of these unscientific and trasby compounds, which are warmly recommended by the venders, who endeavor to palm them off upon the credulous in lieu of the great specific which has never yet had a successful competitor either among proprietary preparations or the medicines prescribed in private practice. This notice is intended to put the public on their guard against persuasions of partices engaged in the attempt to substitute mere rubbish for the most efficient stomachic and alterative at present known. At this season of the year, it is of the greatest consequence that no tricks should be played with depressed and enfeebled systems. Ask, therefore, for Hostetter's Stomach Bitters, the great vegetable invigorant and alterative, and reject, with deserved contempt, the worse than useless medleys offered in its place. It is as important to the public as to the proprietors of the famous restorative, that this advice should be heeded. of substituting them to some extent for the
