When the Tennessee arrived at Samana, there was no means of coaling, although a whole year had elapsed to make the preparation. The correspondent of the New York World says: After a week at Samana; our stay at which place was most unnecessarily prolonged by the incompetency and carelessness of the United States coaling agent at Samana Bay, the Commission reached the city of Santo Domingo on Tucsday, January This is the way business is done here.

A bay is leased, under the false pretence of a necessity for a coaling station in the West Indies, and after over a year of possession, when a vessel of war goes there to coal, she is detained six days, because there are no coals in the so-called coaling station. But the people's money has been divided among the jobbers, and now a wail comes up from the Commission, that more hundreds of thousands are needed to keep up Baez, and, of course, to gorge his greedy confederates. — Washington Patriot.

CHERRING FACTS FOR THE BILIOUS .- Every day demonstrates more clearly that liver complaint, in all its distressing forms, can be controlled and cured without difficulty or inconvenience. It is an obstinate disease, but its obstinacy is not proof against the pertinacious, remedial and restorative operation of Hostetter's Stomach Bitters. That genial corrective compels the organ to do its duty. It must secrete regularly and healthfully under the influence of the Bitters. Their action brings it back from a state of rebellion into perfect harmony with the laws of health. If perfect harmony with the laws of health. If there is costiveness, it disappears; if there is side-ache or back-ache, it ceases; if the skin and the whites of the eyes are tinged with superfluous bile, they recover their natural hue; if the appetite is gone, it returns; if the digestion is impaired, it is restored; in brief, whatever the symptoms of the complaint may be, and whatever the phase it has assumed, a cure is certain. Such are the uniform effects of this preparation where bilious disease has been already developed; but in cases where there is merely a constitutional tendency to liver complaint, it may be prevented throughout life by the regular use, in small quantities, of this palatable antidote. These are proven facts, and should be seriously pondered—or, rather, they should be promptly acted upon—by all persons of vilious habit.

Good Health---Long Life.

Good Health---Long Life.

THERE is a difference between good blood and bad blood—a difference of Life and Death. Bad blood is full of humors, producing corrupt Sores, Ulcers, Boils, Carbuncles, Spots, Blotches. These are indications of a diseased condition of the system, and unless removed, will prey upon the body and make it a diseased and loathesome thing of flesh. Without pure blood no flesh is free from disease. The Pale and Shrunken Forms, Yellow Faces, Weak Stomachs, Diseased Livers, Crippied Rheumatics, Nervous Hypochondriacs, Dyspeptic Victims of Headache so common in this country, is owing entirely to the humors of the blood.

HEINITSH'S QUEEN'S DELIGHT is the only sure medicine. 20,000 bottles sold at home bespeaks for it a popularity unexampled in the history of medicine. For purifying the Blood and invigorating the Liver, no better or cheaper medicine has ever been discovered. Heinitsh's Queen's Delight is a Purifier of the Blood and an Invigorator of the Liver, two things essential in preserving Health and in curing Disease. It invigorates the Liver and cures all disorders of the Stomach and Bowels, purifies the Blood and repairs the waste of the Body, imparts Strength and gives Vigor to diseased and enfeabled systems.

HEINITSH'S QUEEN'S DELIGHT.

The people approve, and physicians sanction its use, because it possesses merit, and is what it seems to be—a household blessing to the sick.
