ON MARRIAGE.—HAPPY RELIEF FOR YOUNG MEN from the effects or Errors and Abuses in early life. Manhood restored. Nervous debility cured. Impediments to Marriage removed. New method of treatment. New and remarkable remedies. Books and Circulars sent free, in sealed envelopes. Address, HOWARD ASSOCIATION, No. 2 South Ninth Street, Philadelphia, Pa. Dec 27 Smo

PERIODIC DISORDERS.—The proximal maladies which are characterized by heat and cold, prevail extensively at this season, and it is a curious fact, that in many parts of the country where they are prevalent, other diseases, that bear no general resemblance to fever and ague, or remittent fever, assume a periodic type. Thus, in many sections infested with chills and fever, rheumatism, neuralgia, hysteria, diarrhoea, &c., sometimes become intermittent, thereby indicating that they have been engendered by the same poisonous exhalations which produce the first named disease.

In all those masked cases of ague—for such they are—as well as in the regular intermissions, the most safe and reliable remedy that can be administered is Hostetter's Stomach Bitters. Neither quinine nor arsenic are needed. Both are in the highest degree dangerous, and are sure to leave sad traces of their poisonous action in the system, whether they arrest the paroxysms or not. In many instances, all the so-called specifics of the "regular" or "materia medica" fail to "break up" the intermission, and remit the disorder. But the great vegetable Tonic never fails. The spasm of the minute blood-vessels which causes the chill, is the result of nervous weakness, produced by the debilitating operation of an unwholesome atmosphere, and the loss of vigor given to the nervous system by the Bitters, enable it to throw off the disease. The wise policy, however, is to anticipate attacks of this nature, by arousing all the latent energies of the body at the commencement of the moist and chilly season, with this incomparable antidote. By pursuing this course, intermittents, remittents, rheumatism, colic, biliousness, dyspepsia and pulmonary affections may always be prevented. M 8 45

MAKE HOME ATTRACTIVE.—Nothing adds more to the handsome appearance of a house outside, and to its cheerfulness inside, than good clear window glass, and a bright-colored ornamental glass at the sides and over the tops of the doors. The first lets in all the bright warm light of the sun, while the latter admits the light at the same time that it shuts off the view of prying eyes. The best French and American glass, both plain and ornamental, as well as doors, sashes, blinds, balusters, awnings, &c., are to be had of Mr. P. P. TOALE, No. 20 Hayne street, Charleston, S. C.

Sale of King's Mountain Railroad. Theodore D. Wagner and Asbury Coward, Trustees, vs. the King's Mountain Railroad Company.—Foreclosure of Mortgage.

By H. H. DeLEON. IN pursuance of the terms of a Mortgage executed by the King's Mountain Railroad Company, on the 15th day of March, 1866, and by virtue of the powers therein granted, we will sell, at public auction, at Charleston, S. C., on WEDNESDAY, March 20, 1871, at 11 o'clock, at corner East Bay and Broad streets.

The entire RAILROAD of the said Company, including the buildings and superstructures of said Road, the materials used in construction, the stations, station-house, depot, store-houses, work-shops, machinery and fixtures thereon, and all the engines and rolling stock, together with all the rights, privileges and easement belonging or appertaining to said Railroad Company.

Forms cash; purchasers to pay for papers and stamps. THEODORE D. WAGNER, ASBURY COWARD, Trustees.

Clear and Harmless as Water. NATTANS' CRYSTAL DISCOVERY FOR THE HAIR.

A PERFECTLY clear preparation in one bottle, as easily applied as water, for restoring to Gray Hair its natural color and youthful appearance; to eradicate and prevent dandruff; to promote the growth of the Hair and stop its falling out. It is ENTIRELY HARMLESS and perfectly free from any poisonous substance, and will therefore take the place of all the dirty and unpleasant preparations now in use. Numerous testimonials have been sent us from many of our most prominent citizens. In everything in which the articles now in use are objectionable, Crystal Discovery is perfect. It is warranted to contain neither Sugar of Lead, Sulphur or Nitrate of Silver. It does not soil the hair or scalp, is agreeably perfumed and makes one of the best dressings for the Hair in use. It restores the color of the Hair "more perfectly and uniformly than any other preparation," and always does so in from three to ten days, virtually reaching the roots of the Hair with all the nourishing qualities necessary to its growth and healthy condition; it restores the decayed and induces a new growth of the Hair more positively than anything else. The application of this wonderful discovery also produces a pleasant and cooling effect on the scalp, and gives the Hair a pleasing and elegant appearance.

We call special attention to the fact that a limited number of small trial bottles can be had by those wishing to try it. You will notice that in pursuing this course, our aim is to convince by the actual merits of the article. ARTHUR NATTANS, Inventor and Proprietor, Washington, D. C. For sale in Columbia by Dr. C. H. MOTT, and Druggists generally. Nov 24 Hy

Regular Line Liverpool and Charleston Packets.

THE undersigned have now FOUR BARKS, of light draft, in addition to the VINCO, already well known in the trade, which they propose to run regularly between the above ports, leaving Liverpool every month, or oftener, if sufficient freight offers; and it is earnestly requested that importers will order their goods shipped direct by this line, thereby saving extra freight and other expenses, now paid on goods via New York, and also increase the commerce and prosperity of our port. All orders sent to the undersigned, and executed on the most favorable terms. For full particulars, apply to Messrs. JOHN S. Prussia, it is reported, possesses a source of wealth which enables her to conduct wars without as great sacrifices as have to be borne by less favored countries. This source of wealth consists in the possession of the means of obtaining a sufficiency of horses. In December, 1857, in the entire kingdom of Prussia there were 2,313,817 horses, while the province of Prussia alone, constituting 18.5 per cent. of the entire area, and containing one-eighth of the population, had at the same time 580,721 horses. Just previous to the Franco-German war the average price paid for army horses was only \$120.

The New York Sun says that every day seems to consolidate the coalition between the Liberal Republicans, the Democrats and the old Whigs or Conservatives on an honest Republican for President of the type of Horace Greeley, Lyman Trumbull, Gratz Brown, David Davis, James F. Wilson, of Iowa, or Jacob D. Cox, of Ohio.
