The Indianapolis Leader, possibly the ablest of our colored exchanges, comes to us gushing with joy at the Republican victory achieved in its State, especially in the election of Hon. J. S. A report gained circulation Wednesday afternoon that Mrs. Brown was dead, and a large number called at the Jail during the day to view the remains. Among the callers were several reporters of the daily papers, who were anxious for an item. The alarm was false, and Mrs. Brown was found standing at the window, smiling, and seemingly in the best of health.

Hon. J. S. Hinton's election will do away of the lucrative offices in this County and city at the next election. The people of this County are not particular about the color of a man's hair or skin, they only want honesty, competency and efficiency.

It is a ghastly wound, and his physicians, Doctors Commingore and Elbert, express little hopes of his recovery.

Upon being interrogated by the reporter, he gave the following version of the affray I visited the house of my wife about 6 o'clock this evening, and knocked upon the door, but receiving no answer and knowing that she was in. I concluded to remain until admitted or refused admittance by her. In a short time she came to the door, Frank Dupee following behind her with some bedclothes under his arm. I said to him, "Frank, I've told you not to come here any more." At this, without any warning, he jumped at me and cut me with a razor. POLITICAL NOTES

Hon. J. S. Hinton, Representative elect, has been making speeches during the week. It is a glorious thing to know that Indiana is once more a Northern State. Let's keep her that way.

What is the name of the next Democrat who is sure to be elected Sheriff of Marion county. Reisner, Bright, Lemon,-next! Many Democrats who voted for Landers will refuse to vote for the American representative of the English and Irish landlord

Governor Porter's plurality is 6,953. Governor William's majority was 5,550, so we see the Republican gain is over 12,500. Garfield ought to have 20,000 majority. Mr. English does not wish to have crip-pled soldiers "bothering" around his office. Crippled soldiers will not be liable to bother themselves very much about voting for him
