BETTER THAN OF OLD

The recent proposition of Munroe & Chambliss, bankers, to loan the school board as much or as little money as they may need for the ensuing year at 6 per cent. interest, which was accepted by that body, is certainly very gratifying to the public. Formerly the school board had more or less trouble to get money advanced them at 10 per cent. interest and have paid as high as 12 per cent., and now comes a solid banking institution both able and willing to let them have all that may be wanted for 6 per cent., with another firm, the Commercial Bank, bidding for their business at 8 per cent. This speaks well for the credit of the county.

### CAPITAL REMOVAL

Special Meeting of the Central Committee

The members of the central capital removal committee held a meeting yesterday afternoon to discuss what should be the action of the special committee at their conference this evening in Palatka with delegates from other aspiring towns. As Ocala made the proposition for this meeting and suggested primaries as a basis to settle the strength of each aspirant and the strongest aspirant in that primary to be the candidate east of the Suwannee as the one to contest against Tallahassee for the capitol site.

General Bullock read a letter from friends at Deland, members of the Bryan club, saying the Jacksonville capitol association had arranged with the acting mayor of that city, Rev. Mr. Fisher, for a meeting at that place August 22, which would be addressed by Frank Clark and A. G. Hartridge in favor of Jacksonville and extending to Ocala a hearty invitation to be represented. While all agreed it would be just the thing, especially as Gainesville was invited, too, in the same manner, yet as it was a Jacksonville arrangement we could not go without an invitation from that city's organization.

The sentiment was unanimous that an effort should be made whereby all aspirants for capitol honors should meet on a common platform, hold union meetings all over the territory and jointly discuss the merits and claims of the various cities competing. The Palatka committee was authorized to secure the services of a stenographer, so that a verbatim report of the meeting could be had. Several reports were made, showing that Ocala was the central and favorite point for the capital.
