This time next month the losers will be explaining how it happened.

The battleship Georgia will be launched at Bath, Me., tomorrow.

The peace congress at Boston adjourned Saturday, but none of the wars have adjourned yet.

The trial of the militia officers, who are accused of allowing the Statesboro lynching, is in progress at Savannah.

Tom Watson says he prefers Roosevelt to Parker for president. Tom is certainly helping the former more than the latter.

The grand jury of Alachua county has brought in a true bill against W. M. Holloway for criminal libel. The case will be tried this week.

Governor Odell of New York says he is tired of office, and according to the democratic papers of his state, the office is tired of him.

J. Emmett Wolfe has accepted the nomination of the executive committee, and will make the race for state superintendent of public instruction.

A convict guard named Dawkins is under arrest in Pensacola for causing the death of two negro convicts by inhuman treatment. He should be severely punished.

Japan must borrow \$250,000,000 before the year closes, and estimates the war will cost \$1,000,000,000. And the Russian bear has just got his second wind.

Ex-United States Senator Matthew Ransom of North Carolina, a statesman of national fame, died at his home near Garysburg, N. C., Saturday. During the war he was a general in the Southern army and did good service.

Say what you will about the corruption and inefficiency of the Russians, they are evidently working that long, single-track railroad across Asia, supplying 200,000 men, better than Americans worked two railroads into Tampa, supplying 30,000 men, in 1898.

GOOD FOR CHILDREN

The pleasant to take and harmless One Minute Cough Cure gives instant relief in all cases of Cough, Croup and LaGrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure, life-giving and life-sustaining oxygen to the blood and tissues. Sold by William Anderson, Ocala, Fla.

The staid and sober town of Springfield, Mass., had a Wild West experience Saturday. Dr. Edward J. Bell, a prominent physician, shot Judson Strong, a real estate man, and Benjamin Jackson, a medical electrician, wounded the former severely, and the latter slightly, and then took a fatal dose of carbonic acid.

PILL PLEASURE

If you ever took DeWitt's Little Early Risers for biliousness or constipation you know what pill pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not gripe, sicken or weaken, but pleasantly give tone and strength to the tissues and organs of the stomach, liver and bowels. Sold by William Anderson, Ocala, Fla.

A CLEAR SKIN

NECESSITATES GOOD BLOOD
About fifty per cent. of the people of the United States have some imperfection of the skin—due solely to impure blood. Many persons are ignorant of the great purifying qualities contained in sulphur. Hancock's Liquid Sulphur, nature's greatest germicide, is so compounded that it may be taken internally, or applied directly to the skin to be absorbed through the pores.

MAKES A CLEAN SWEEP

There's nothing like doing a thing thoroughly. Of all the Salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures Burns, Sores, Bruises, Cuts, Bolls, Ulcers, Skin Eruptions and Piles. It's only 25c., and guaranteed to give satisfaction by the Anti-Monopoly Drugstore.

The chariot races of Ancient Rome would have looked like 30 cents compared with the great automobile race in the Long Island suburbs of Greater New York, Saturday. Multi-millionaires were the charioters and their petroleum-driven steeds spurned the ground at the rate of sixty to 100 miles an hour. The course was thirty miles of public highway, with several sharp curves and two railroad crossings. The autos went around this course ten times, making a race of 300 miles in length. There were eighteen contesting cars, running from No. 1 to No. 18, there being no No. 13, in deference to popular superstition. Nevertheless, auto No. 5, owned and steered by George Arents, came to grief, its tires slipping. Both Arents and his chauffeur were thrown from it like stones from slings. The chauffeur was killed and Arents fatally hurt. The race was won by George Heath, an American, in a 90-horse power Panhard, imported French automobile. The prize was the W. K. Vanderbilt cup. Heath's time was five hours and twenty-six minutes.

CHAMBERLAIN'S COUGH REMEDY

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectively and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by all druggists.

CAN YOU EAT?

J. B. Taylor, a prominent merchant of Christman, Tex., says: "I could not eat because of a weak stomach. I lost all strength and ran down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by the use of Kodol Dyspepsia Cure, I concluded to try it. The first bottle benefited me, and after taking four bottles I am fully restored to my usual strength, weight and health." Kodol Dyspepsia Cure digests what you eat and cures. Sold by William Anderson, Ocala, Fla.

MR. RAWLS IS STILL SINGLE

Berlin, Fla., October 10, 1904.
Editor Star: I notice through the columns of your paper the announcement of my marriage, and as it is untrue I desire you to make a correction of the same. It is not only embarrassing to the young lady, but to myself as well. It was no doubt a joke gotten up by my friends, but one which I think has gone too far. Please make the proper corrections in daily and weekly paper, and oblige.
Ernest C. Rawls.

PRESIDENTIAL ELECTION

WILL MAKE NO CHANGE
No matter which candidate is elected, Foley's Honey and Tar will remain the people's favorite remedy for coughs, colds and incipient consumption. It cures colds quickly and prevents pneumonia. A. J. Nushbaum, Batesville, Ind., writes: "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." Sold by the Postoffice Drugstore, Ocala, Fla.

A BIRTHDAY PARTY

One day last week, at her pleasant home in the first ward, little Miss Nellie Beckham gave a party to about twenty-five of her little friends, in honor of her ninth birthday. Cake and ice cream were served, jolly games were played on the lawn and all of the little ones enjoyed themselves to their hearts' content, and no one more so than the happy little hostess.

CURES WINTER COUGH

J. E. Gover, 101 N. Main street, Ottawa, Kan., writes: "Every fall it has been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got her a bottle of Horsehound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stop the cough and she is able to be up and well." 25c., 50c., \$1. Sold by the Anti-Monopoly Drugstore, Ocala, Fla.

ALBERTUS' SHARE OF THE SWAG

Tampa Tribune
Dunnellon, Oct. 8.—Albertus Vogt, who discovered phosphate at Dunnellon, has cleared \$300,000 on a land deal in three years' time.
Three years ago Mr. Vogt, Dan L. B. Smith and D. R. Janney of Crowley, La., bought, on speculation, a tract of land in Louisiana, for \$900, taking equal shares.
The land is now located in the great Jennings oil field, and Mr. Vogt received news today from his partners that they had sold the land for \$300,000, one-half being paid in cash and the balance to be paid in four months.
Mr. Vogt thus received \$100,000 on an investment of \$300 three years ago. His friends are extending their congratulations.

CAUSE OF LOCKJAW

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin, as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is aroused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one-third the time required by the usual treatment. Sold by all druggists.

CRUELTY TO ANIMALS

An interesting little story is going the rounds among the young married women of Ocala about the son of a well known society couple. The youngster was taught to always treat animals kindly, above all things, and not to hurt the dumb beasts, and to follow in the goodness of the teachings laid down by the Ocala Band of Mercy. It happened that he spent a few weeks over at Seabreeze last summer. One day the mosquitoes were insufferable and they tantalized the little fellow to the point of distraction. "Why don't you kill them?" inquired his mother. "Oh, no," murmured the boy, and his eyes opened wide with horror at the very thought. "It would never do to murder the poor little things. What would Miss T say when I got back home?"

A THOUGHTFUL MAN

M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c. at the Anti-Monopoly Drugstore.
