MISS WIMBERLY

The entertainment given last night in the opera house for the benefit of the Ocala public school library was a great success in an entertaining sense and not displeasing in a financial way. The receipts of the evening were \$70 and the net result \$30, which will add quite a number of volumes to the library of the school. Miss Wimberly, an elocutionist of reputation and an artist in negro dialect, was the principle attraction, though the amateur performer, Miss Jessel Martin, on the piano, did herself great credit. Other duties detained and we were only present at the last number on the program. Miss Wimberly depicting how a negro girl got religion. Her interpretation of the same greatly pleased the audience. In speaking this piece she thanked the audience for the splendid attention given her and hoped to return to Ocala some day and see the same faces beam upon her with many new ones. She explained why she gave the religious phrase of the negro character, not in any way to detract from the sacredness of so momentous and desirable event in any one's life, but to illustrate a characteristic of the race as she saw it exemplified in her Georgia plantation home. Principal Workman was instrumental in bringing Miss Wimberly to Ocala and he has the thanks of the patrons of the school. A good cause is always worthy of consideration and support, and none more so than our public schools and for this reason it is our regret that the house was not packed. Miss Wimberly, by the thoughtful kindness of friends, was taken to see the beauties of Silver Springs, which she enjoyed with the enthusiasm of a lover of nature.
