C. L. BITTINGER,
Editor and General Manager.

R. R. CARROLL,
City Editor and Business Manager.

Mr. Lou Green is circulating a petition asking Major L. T. Izlar to make the race for mayor for the second term. He has made a creditable official, fully alive to the needs of the town and his recommendations have always been timely and to the point. This done it was for the council to act. It has long been the custom in the city of Ocala that if a mayor did his services well to the city to give him a second term as an endorsement. This Mayor Izlar deserves. That there might be no question about candidates, the editor of the Star signed his petition, as he did that of Mr. John D. Robinson. We want some rivalry in nominees so that the voter can have a choice of voting for a man of his choice, or at least a choice between two men.

Mr. Henry Snowden, of Oxford, was in town this morning and reports that Bob Nichols, one of Oxford's truckers, is busy shipping tomatoes, for which he is receiving satisfactory prices. Gene Parham will be on the carpet in a few days with a fine crop of love apples. Mr. Snowden reports the planting of cabbage by the Oxfordites on a liberal scale; that the people of Oxford will get up a strong petition asking the S. A. L. railroad to permit passengers to ride on train No. 10, which is scheduled to leave Oxford for Ocala at 6:10 a. m. and will enable the people from Wildwood and the surrounding neighborhood to have at the least from three to four hours in the Brick City and get back home the same day.

Mr. and Mrs. B. E. Raysor, who have been to New York and other northern cities on their wedding trip, returned Saturday, but instead of coming on to Ocala, stopped at Lowell, where Mr. Raysor engaged a force of orange packers, and took them to Palatka on Sunday's train, to commence packing oranges this morning. The reason for the sudden return of Mr. and Mrs. Raysor is that "Ben" took so many orders for fruit while in the north that he had to hurry back to Florida and begin shipping at once.

Rev. F. C. Edwards is recovering from his long illness, and will probably be able to fully attend to his business soon. Mrs. Edwards, however, has been sick for the last few days. During her husband's sickness, which has lasted nearly two months. Mrs. Edwards has not only been nurse and housekeeper, but has attended to much of the business and editorial work on the Southern Witness. The physical and mental strain upon her has been heavy, and few could have performed her numerous duties so well.

Clarence McDavid is again at his home in this city, arriving yesterday from Montana, which rigorous climate he was compelled to leave by an attack of sickness that threatened his lungs. Clarence has seen much of the world since he left Ocala six years ago, and thinks he will remain here.

Mrs. C. L. Lyvers, of Summerfield, was in town today visiting her mother, Mrs. Nancy Wallace, and doing some trading. She reported that her daughter, Miss Genevieve Lyvers, was married at her home November 7th to Mr. Leroy Murdough, by Rev. Freeman. The only person present outside the family was Mr. Dixon, a close friend of the groom. The groom is one of the valued employees of the McGehee sawmill at Summerfield. On their wedding journey the happy pair went to St. Augustine and Jacksonville.

Irvine Billups, of Dallas, drove in today and reported that his father, Uncle Dick Billups, who has been under the weather for some months, went hunting last week and became so enthused with the case outran and captured the deer gazelle and since then feels like a new man and believes he will outlive his physical troubles.

The Homosassa train, which has been meeting the southbound A. C. L. train at the depot now, since the schedule has been changed leaves the depot at 2:30 and meets the southbound train at the water tank near the Y. Today five back loads of people bound for Dunnellon and other points on that road had to drive out to catch the departed train. All travelers for points named should remember the change in schedule, or they will get left.

MRS. A. T. SWARTZ

The Star hears with deep regret of the death of Mrs. A. T. Swartz, which occurred at the home of the family in the first ward. Mrs. Swartz died of heart failure. Mrs. Swartz's health had been failing for some time and she was taken with her last sickness about ten days ago. She leaves a devoted husband and two children, a boy and a girl, and many friends to mourn her death.

ROBERT BISHOP

Robert Bishop, brother of Messrs. J. W. and Thurlow Bishop, died suddenly Saturday afternoon in the Marion County Hospital. Mr. Bishop was in the employ of the Dunnellon Phosphate Company in charge of one of their mines, where he was taken sick with hemorrhagic fever Thursday. He was immediately brought to Ocala and rendered all the medical aid possible, but to no avail. Mr. Bishop was a fine young man, only twenty-three years of age. The remains were taken to Reddick Sunday afternoon and laid to rest by the side of his father. Rev. R. V. Atkinson, of Ocala, conducted the funeral services. To the sorrowing ones the Star extends his sincere sympathy.

RESOLUTIONS OF SYMPATHY

At a meeting of the Kings Daughters held at Ocala, Florida, November 15th, 1907, the following resolutions were unanimously adopted:

Whereas, our Heavenly Father, in his infinite wisdom has taken unto himself the beloved son of Mrs. Tydings, our valued co-worker, and this society desiring to express to our sister our profound sympathy in her bereavement; therefore, be it

Resolved, That the Kings Daughters of Ocala, Florida, in meeting assembled hereby extend to our sister our formal expression of our tender sympathy and condolence;

Be it further resolved, that a copy of these resolutions be spread upon the minutes of this society, that the same be published in our city papers and that a copy be delivered to our bereaved sister.

Mrs. E. Van Hood,
Mrs. H. L. Anderson,
Committee.

A NOTEWORTHY EVENT

The coming out convention of candidates at Ocala was a very noteworthy and important event. A good many aspirants were there, many happy speeches made, a delightful banquet enjoyed and oodles of political history laid down on the ways. Nothing whatever occurred to mar the harmony and symmetry of the occasion, and the universal voice among the attendants it that it was good to be there.—Tampa Times.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality, causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. In stamps for sample to The Herpicide Co., Detroit, Mich.

HARD ROADS IMPROVE THE COUNTRY

Marion county's hard roads are one of her greatest blessings. Soon after the completion of one of these thoroughfares, people begin building homes along the route, and the travel, to and from the city over them is continuous. One of the most thickly settled hard roads in the state, outside of city limits, is the Martel hard road, leading west from Ocala, which all the way out, looks like a village street.

"IN GOD WE TRUST"

"It shall be lawful for the director of the mint, with the approval of the secretary of the treasury, to cause the motto, 'In God We Trust,' to be placed on such coins hereafter to be issued as shall admit of such legend thereon."

This provision originated in an act on Congress approved in 1865 and has never been repealed or amended.

The Paper Told the Tale.

A certain Greek adventurer some years ago undertook to palm off upon the public some false copies of the gospel manuscripts. Many learned men were deceived, but not Dr. Cox, librarian of the Bodleian library at Oxford. How he detected the fraud was related in his own words in the Spectator: "I never really opened the book, but I held it in my hand and took one page of it between my finger and thumb while I listened to the rascal's account of how he found this most interesting antiquity. At the end of three or four minutes I handed it back to him with the short comment, 'Nineteenth century paper, my dear sir.' and he took it away in a hurry and did not come again. Yes, I was pleased, but I have handled several ancient manuscripts in my time, and I know the feel of old paper."

Effect of Whistle on Rattlesnakes.

"Should you ever encounter a rattlesnake and he shows fight just begin to whistle softly and the reptile will uncoil and lay with his eyes closed and body quivering," said a Tennessean. "On more than one occasion I have run across rattlesnakes and have always taken the fight out of them by whistling. The snake seems to become absolutely helpless when he hears a soft whistle and will make no attempt to spring upon you. This whistle appears to soothe his anger and robs him of fighting power. I saved my life on one occasion in this manner. Try it and you'll find that I tell the truth."—Nashville Tennessean.

What, indeed?

A duchess requiring a lady's maid had an interview with one, to whom, after having examined her appearance, she said, "Of course you will be able to dress my hair for me?"

"Oh, yes," replied the girl; "it never takes me more than half an hour to dress a lady's hair."

"Half an hour, my child!" exclaimed the duchess in accents of terror. "And what on earth, then, should I be able to do with myself all the remainder of the morning?"—Dundee Advertiser.

His Diagnosis.

A London curate the other day received an astonishing answer to an inquiry after a parishioner's health. "Well, sir," said the parishioner, "sometimes I feels anyhow, sometimes I feels nohow and there be times when I feels as stiff as a himmidge."

His Point of View.

Landlord—Sir, the other tenants will not stay in the flat if you insist on playing the cornet. Mr. Toots—I'm glad of that. They were very annoying.—Cleveland Plain Dealer.
