"THOU SHALT NOT
COMMIT ADULTERY"

Rev. C. C. Carroll, the earnest, eloquent and faithful pastor of the Baptist church, preached the seventh sermon on the ten commandments yesterday morning to a full house, an attentive and appreciative audience.

A synopsis, however clear, would do an injustice to his earnest heart-yearning and eloquent pleading for the purity of man and honor and glory of his home in faithfulness to his marriage vows. He said therefore only indicate the line of thought so beautifully and eloquently expressed by Rev. Carroll.

He first drew a striking picture of God, his loving kindness to man and the terrible retribution with which he visited the sins of the world, when his commands were disobeyed and ruthlessly trampled under foot. He then depicted man in his purity and the fallen man and the depths to which he could sink his being. How man, intellectually, when he goes off after the baser, sensuous passions becomes lower than the beasts of the field. The condition of the world in sin and sensuality when Christ came and his labors to reform it were clearly portrayed. He said man should love his wife as Christ loved the church. The ideal of heaven should be the home on earth.

He deplored the moral laxity among the people of the present time and referred to the fact that Ocala was for a long time the only place in the county that tolerated houses of ill fame. He said the thought was terrible when there is no law on the statute books protecting this degrading institution. He touchingly referred to the par outcasts that were inmates of those places.

He appealed to the men for the safety and honor of their daughters and dangers that lurked in such surroundings. The argument of men that the social evil was necessary was a disgrace to their humanity. He believed in the single standard that man should be as pure as woman. No other thought could be tolerated if God's word meant anything against this nefarious indulgence. He had one desire in discussing this great question, that the marriage vow should be honored, strengthened and every woman exalted. How degrading and unjust the worldly opinion that man's laxity of morals should go free and woman's transgressions for the same cause make of her an outcast. He said society should frown down divorce for any cause but that which God sanctioned.

His logic was perfect, his conclusions irresistible and all found in the word of God. That sermon will do good. His subject next Sunday morning will be "Thou Shalt Not Steal."

Hon. B. E. McLin, of Tallahassee, commissioner of agriculture of the state, Mr. S. A. Rawls, lessee of the state convicts, came down last night, stopped at the Ocala House and this morning, in company with Mr. R. S. Hall in Mr. Hall's touring car went out to Salt Springs to inspect the convict camp there. Mr. McLin who has charge of the prison department at Tallahassee says whenever the opportunity offers itself he likes to visit the camps of the convicts in person. Mr. McLin says the prison system is running very smoothly there being few complaints and those of a minor character and the convicts seem to be in good condition and spirits.

The Ocala G. A. R. post Saturday, at its regular meeting, among other business transacted, was the election of Hat Barnett, of Maitel, commander of the post to take the place of the deceased and much loved commander, the late Thomas J. Owen. Mr. Barnett was a valiant soldier in Company C, Ninth New York Regiment and made an honorable record during his term of service. The new commander is one of the most genial of men and is ever overflowing with incidents of the amusing and comical side of soldier life. Saturday he couldn't help telling his experiences with the shad wagons that passed near the memorable chain bridge at Washington and he was acting as guard. The counter-sign for the wagon drivers was the word "shad" and the drivers had to give three shad to the guards of duty, which the guards took and baked to a turn in their morning camp fires.

Henry Mason of Conner was up today and made the Star a pleasant call. He told of the result of the race his boat, the Oregonian, made Saturday with Pat Randall's Venona. Mr. Mason's boat beat Randall's boat. He is not satisfied with the race with the Merry Widow and will give her another trial. Next week Mr. Mason expects to take a crowd to Jacksonville to see the carnival and enjoy a hunt along the river and run over to Lake George and visit Salt Springs. Here is an opportunity to enjoy a ride that will be a delight to the participants.

Mr. J. Waters, an aged Union veteran, died yesterday at the old homestead, four miles west of town, where the family, three brothers and two sisters have resided for forty years.

The Messrs. A. B. and D. B. Kibler, J. A. Grumblers and others, came in early this morning from Dunnellon in automobiles.

We regret to hear that Miss Artie Marlowe, the accomplished stenographer in Attorney Anderson's office, is having a severe attack of neuralgia.

Our readers will please note by the theatrical advertisement in today's Star that the "Devil" will be in town Saturday night. Of course, we have heard so much of his satanic majesty that we will all want to see him to see if we have any of his spirit in us.

IN MEMORIAM

The following preamble and resolutions were adopted by Ocala Post, No. 17, Department of Florida, G. A. R., at its regular meeting on Saturday, Oct. 17th, 1908:

Whereas, In the mysterious working of the divine will our honored comrade and comrade, Thomas J. Owen has suddenly been removed from earth to that undiscovered country, of which we know so little and speculate so much, but which we believe the poet saw with clearer vision when he gave voice to those beautiful words: "There's a land that is fairer than day"

And by faith we can see it afar," and trusting that our departed comrade has there found sweet rest; therefore, be it

Resolved, That whilst we grieve at this dissolution of our earthly ties, we rejoice in the memory of the many admirable qualities of our departed comrade. His charity was broad, his generosity, bounded only by his means with a willing ear and ready hand in response to all appeals from the unfortunate or distressed; a warm-hearted comrade, a worthy citizen and an exemplar in all good words and deeds, he may have had faults, if so, these will easily be forgotten. If so, we emulate his virtues we shall do well. Be it further

Resolved, That we sympathize deeply with the bereaved members of his family and especially with the sisters, who, since the death of his dear wife, one short year ago, have made his welfare the particular object of their solicitude; and, be it further

Resolved, That a memorial page be set apart in the journal and a copy of these resolutions given to the Ocala press, with a request for their publication.

THE RUBICON

William White's recent illness adds point, though fortunately not the touch of prophecy, says the New York Evening Post, to his verses in Putnam's "The Rubicon. They are entitled "The Rubicon."

One other bitter drop to drink, And then—no more!
One little pause upon the brink, And then—go over!
One sigh—and then the lib'rant morn Of perfect day!

When my free spirit, newly born, Will soar away!

One pang—and I shall rend the thrall Where grief abides, And generous Death will show me all

That now he hides; And, lucid in that second birth, I shall discern What all the sages of the earth, Have died to learn.

One motion—and the stream is crossed, So dark and deep, And I shall triumph, or be lost In endless sleep.

Then, onward! Whatsoever my fate, I shall not care!
Nor sin nor sorrow, Love nor Hate Can touch me there.

For JUSTICE OF THE PEACE

I wish to announce to the public that I am a candidate for the office of justice of the peace for district No. 1, to be voted for at the general election, Tuesday, November 3rd, 1908, in place of the regular democratic nominee, Mr. Bishop, removed by death. I respectfully ask the support of the voters.

Respectfully, Hal G. Eagleton.

REAL STATE
AND INVESTMENTS
Rooms 27 and 28, Holder Block
OCALA, FLORIDA

The man who waits for a proven, producing proposition before investing will always pay every cent the stock is worth. It's the man who takes a chance on the ground floor that really gets the cream. Always investigate and act with due caution but you will lose out entirely and every time if you wait for a "cinch." Equal parts of nerve and common sense will be found a very palatable dose and a combination hard to beat.

If you want to buy a home in Ocala, I can offer you one of the very few places on the market on Oklawaha avenue.

Frontage is 96 feet and the lot runs back 480 feet. House is one story containing five rooms, kitchen and bathroom; city water, gas, electric light and modern plumbing; stable and servant's house in yard. Price, \$2,300, half cash and balance spread over three years.

If you want to build a store building to rent I have a lot on Fort King avenue between the Pittman building and the new building just erected by Guerrant & Carmichael. Frontage is 43 feet by 110 feet deep. The building now on it is old but rents for enough to pay interest on the investment. Price is \$850.

OAKRIDGE lots on the Shady Grove hard road and within the city limits can be bought for \$75 to \$90; 100 feet front by 125 feet deep; 10% cash and \$1 per week. Free deed in case of death. No taxes to pay until 1909. Map and prices on application.

WOODMAR. This property is on the most beautiful lake in Florida, on a bluff which rises from 25 feet to 75 feet above the level of the lake. The A. C. L. railroad runs between the edge of the lake and the bluff. Four years ago when I platted this property and offered to sell lots I was laughed at by many and the word "fool" more than once dropped in connection with this property. Try and buy back for me the lots I have already sold and come and see me. I have raised the prices once and will raise again until another Mr. Flager sees the beauties of the place and then he can have it if he will pay the price. The streets are all planned to shade trees and water works installed—good water too. Buy a lot now. You can buy on terms but you can't buy them at a discount. Map and prices on application.

FREE CORRESPONDENCE COURSE

The University of Florida offers a free correspondence course in agriculture for teachers. The course will begin November 1, 1908, and end June 1, 1909.

Teachers may work singly or in groups. Every teacher taking the course, however, must register.

Recognizing the fact that teachers are busy people the course will be conducted so that each teacher or group of teachers working together will be at liberty to devote only as much time to study and experiment as other duties will permit. No time limit for the completion of any portion of the course will be enforced, and therefore the amount of work accomplished will depend entirely upon the individual teacher pursuing the course.

The course is intended to meet the immediate needs of teachers. First, a foundation must be laid. Therefore, the course will deal with fundamental principles and their applications. Simple experimental exercises, suited to class use, will form a part of the course.

The correspondence course in agriculture now offered by the University is timely, since State Superintendent W. M. Holloway has announced that in June, 1909, applicants for first, second and third grade certificates will be examined in agriculture. The course will aid teachers in fitting themselves for giving instructions in agriculture and in preparing for teachers' examinations in agricultural subjects.

Teachers wishing to register for the course should apply to J. J. Vernon, Professor of Agriculture.
