

IS FENOLE A HOUSEHOLD NECESSITY?

This question can best be answered by any one of the thousands of housewives in Tampa and elsewhere who have been using Fenole exclusively as an insecticide and disinfectant in their homes. They have found it to be the most economical, safe, effective and convenient preparation that they have ever used.

Fenole is economical to use, because distributed as it is with a spray pump there is absolutely no waste; it goes farther and kills more insects to the gallon than any other preparation on the market. It is safe to use anywhere and everywhere; insects killed with Fenole will not lie around as a menace to the lives of your pets or children, it does it work quickly and then evaporates completely. It can be sprayed all over the furniture, carpets and clothing and will neither stain or injure the most delicate fabrics. Fenole is very effective in its work. You can not only kill all the insects in sight, but the fine vapor penetrates the smallest cracks and crevices, destroying the nests and eggs completely. It is always ready to use; you can "shoot" the troublesome pests on sight or suspicion, without hesitation or preparation.

As a Disinfectant, Fenole is invaluable. The fine vapor from the sprayer searches out and kills germs and microbes in the air, on the floors and walls; its use around the kitchen sink, in the toilet, around the garbage can, etc., will immediately dissipate odor and germs and will quickly evaporate, leaving everything cleanly and odorless. Sometimes a person buying Fenole for the first time will ask: "Is it dangerous to breathe the vapor or odor of Fenole in one's lungs?" The answer is: NO POSITIVELY NO. Its powerful antiseptic composition makes it absolutely beneficial to breathe. In fact, the free use of Fenole around the house will go a long way toward preventing the contraction of contagious diseases, especially those which affect the throat and lungs.

We repeat: Use Fenole freely. Use it according to directions. You will discover a thousand and one uses for it, and be more than pleased with the good results obtained. You will then agree with thousands of others that FENOLE IS A HOUSEHOLD NECESSITY.

Men Pay Homage to Mother's Friend

"I am not surprised to observe the number of men who come into the store to purchase 'Mother's Friend,'" remarked a leading druggist. It is a happy thought to send a hubby to the drug store. "Mother's Friend" is applied externally over the abdominal muscles. It is a gentle, soothing lubricant, penetrates to the finenetwork of nerves beneath the skin and has a marked tendency to relieve the muscular strain to which these broad, flat abdominal muscles are subjected. The cords, tendons and ligaments are thus permitted to stretch without the corresponding surface strain so often involved during the period of expectation. This in part accounts for the entire absence, in many cases reported, of nausea, morning sickness and other distresses, such as laceration of the epidermis so often the case when this gentle form of lubrication is neglected. "Mother's Friend" has been highly recommended by a host of women who know from experience and by men who know from observation. Write Brad's Regulator Co., 308 Lamar Bldg., Atlanta, Ga., and we will send you a valuable little book to expectant mothers.

CHAPTER XXII.

Rene Comes.
The afternoon passed slowly. We discussed the chances of escape, yet knew so little of our surroundings as to gain slight satisfaction. If we could be certain that there were no Indians on the opposite bank of the river we might venture an attempt. But we were far from sure.

Thus far all had been failure, our mission useless, our sufferings vain; Schults had given up his life, Brady was wounded and suffering, and I, as well as he, a helpless prisoner. Yet even this could be borne with patience if only I could perceive some way to become of service, some means by which I could warn St. Clair of this tornado of savagery about to sweep down upon him. I wrestled with the problem, searching vainly for some avenue of escape, some unguarded opening by which I might hope to penetrate through the watchful red lines.

Slowly, insensibly, the vision of mademoiselle came. What a life had been hers from childhood, and yet how the true, sweet womanhood had conquered all savage environment. It was to me a miracle. Indian she claimed herself, and yet it was her French forebears who had marked her face and character.

She was in my mind still, a soft, tender memory, when the skin concealing the entrance was lifted and she stood in the narrow opening looking in. I could see her slender, lightly poised form outlined against the fire, but seemingly her eyes could not penetrate the darkness within. An instant she hesitated, leaning slightly forward. "Monsieur."

"Yes," I said eagerly, already on my feet. "I was longing for you to come." She came forward cautiously, guided by the sound of my voice, leaving the entrance open, permitting me to glimpse the guard without, facing the opening.

"You have come to help us, mademoiselle?" I whispered, bending so close her hair brushed my lips. "You feel that our need is that desperate?"

"I must do right," she answered, yet without lifting her eyes to mine, "as God tells me. I pray to him for guidance. You are white men and Christians; you came to the Wyandots on a mission of peace. What is my duty, monsieur? I also am Christian, and only a drop of Indian blood flows in my veins. Yet all my life have I been Indian. How can I turn against my own people?"

"I cannot think that you do," I urged as she paused, breathing heavily. "The Wyandots have been falsely led, deceived. They have been driven into this war by the lies of white men. Would we be in danger now if our fate was left to a council of Wyandot chiefs?"

"No; they would listen to me, and believe. It is Hamilton and his white aides who refuse to hear the story. I went to his tepee twice, and was turned away—the last time with insults, as though I were an unknown squaw."

"How, then, did you gain permission to come here?"

"I waited until he left the camp. There are but two white men here tonight, and one of them is Girty. I like not the man, but he seems friendly to you, and so I trust him. He suggested that I come, and told me something which gave me courage. He had heard a word dropped by Hamilton which made him suspect your lives were at stake. He dare not act openly, but he sent me to tell you this, and to whisper to you his plan. It was easy for me to come here with Hamilton away. The guards are Wyandots, and I had only to ask the chief to let me dress Monsieur Brady's wounds. He had not been warned against me, and suspected nothing. The Englishman who was left in command was led by Girty to the other end of the village. When the chief sought him, he was not to be found, and so I was given permission."

She stepped silently back to the entrance, and glanced out into the firelight, returning as swiftly to clasp my sleeve.

tree that overhangs the water. It will be in shadow, and concealed by brush. He has promised to put into it food, paddles and one gun. You must hide during daylight—are you sure you understand all?"

"Yes; that is clear, but I must ask a question—where is St. Clair?"

"I do not know exactly, but he is marching toward the little Wabash; he seeks to destroy the Miami towns."

"With what force?"

"Less than two thousand, the scouts say. He only expects to meet the Indians of the Wabash."

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months. I cannot tell you how I suffered with my head, and with nervousness and womanly troubles. Our family doctor told my husband he could not do me any good, and he had to give it up. We had another doctor, but he did not help me. At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing. I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.
