POPULATION OF OCALA AND MARION COUNTY

According to the state census the population of Ocala is 5370, a gain of an even thousand since the federal census was taken in 1910. The population according to the state census in 1905 was 4493.

The population of Marion county is 28,757, an increase of 1818 over 1910 and an increase of 2134 over 1905.

According to these figures, the population of Ocala decreased from 1905 to 1910 by 123, but increased almost 20 per cent from 1910 to 1915. During the five years from 1905 to 1910, the population of Marion county increased by only 216, but from 1910 to 1915 it increased by 1818.

According to the 1915 census, the population of Gainesville is 6737; of Orlando, 6449; of St. Petersburg, 7188; of Lakeland, 7287. It will surprise many to know that the population of St. Augustine is only 5471. Tallahassee, the capital, has 5192.

Miami has the greatest increase of any town in the state, from 5471 in 1910 to 15,437 in 1915.

Alachua county has 35,365 people; Citrus has 5226; Lake has 12,468; Putnam has 15,949; Sumter, 7517.

Jacksonville is the biggest city in the state, with a population of 66,850. Tampa is second, with 55,978. Pensacola has 23,247 and Key West 18,695.

COMING TO THE FAIR

Mrs. Tweedy, assistant secretary of the Marion Fair association, has received very kind and courteous letters from the managements of the big Gasparilla Fair at Tampa and the coming Volusia County Fair at DeLand. These good folks are boosting our fair in their respective communities and promise to attend if possible.

SHOWING FRATERNAL SPIRIT

The Times-Union and Tampa Tribune of Sunday printed the Marion Fair program in full in their Sunday editions, which leave none of Florida uncovered.

"As Light As a Feather"

Talk about light, fluffy, tempting and wholesome Jelly Rolls, Cakes, Biscuits and other good things! My! but

CALUMET BAKING POWDER

certainly beats the band for sure results — for purity, economy and wholesome bakings. Tell your mother to try Calumet Baking Powder on the money-back guarantee.

Cheap and big can Baking Powders do not save you money. Calumet does — it's pure and far superior to sour milk and soda.

CLARK IS COMING

Hon Champ Clark will deliver his lecture at the Temple Theater Wednesday night at 8 P. M. Tickets on sale at Court Pharmacy under Management Redpath Lyceum Bureau.

Don't fail to hear this famous orator.

J. D. Rooney, Secretary.

OCALA FAIR OFFERS GOLDEN OPPORTUNITY

Says the Tampa Times, always ready to speak a good word for a neighbor county:

Principal among the features of the Marion County Fair, which opens at Ocala Tuesday and closes Friday, will be the livestock exhibit, which will include the finest beef and dairy cattle, horses, mules and hogs to be found in Florida, with the exception of those in the neighboring county of Alachua, also a magnificent poultry exhibit.

Marion county, which won the first prize for a general exhibit at the first state fair, held in Tampa in 1905, has for years taken the lead in the breeding of fine livestock, in which her businessmen farmers have endeavored to interest citizens of other counties. Never before has so much interest been manifested in Florida in the production of high-grade livestock, and the Marion County Fair offers those interested in the industry a golden opportunity to study the different breeds and the advantages for raising them in this state and section.

The Times sincerely hopes livestock fanciers, representatives of boards of trade and other interested parties will take advantage of this opportunity and visit Ocala while the fair is in progress.

SUITS MR. SCOTT

Mr. G. S. Scott, many years a resident of Ocala and one of our most conservative and hard-headed business men, is in favor of the city bonding to build the trolley line to Silver Springs and for the city to own and operate the road. Mr. Scott says if the line never paid a cent of dividends and had to be put into cold storage, as it were, it would still be a big paying investment, in the broad sense of the word, for it would either get more of the freight to haul via the water route and thence to Ocala, or it would have forced the railroads to have met the rate and give Ocala what she has been trying for thirty years to get—a water rate. This would benefit every person who makes his or her living in Ocala and every commodity and every person will reap the benefit of it, whether such freight ever sees the road or not.

ROAD BOOSTERS AT RODMAN

Dr. Weaver tells the Star about a well attended road meeting at Rodman last Thursday. Some 250 people from Marion and Putnam counties were present. The reason for the meeting was to build or rather rebuild the road from Palatka to Orange Springs. Speeches were made by Messrs. Rooney and Weaver of Marion and Tilghman, Elliott and others of Putnam. Mr. Murphy, of the reorganized New South Farm and Home Co., pledged the help of his company in the good work. The meeting ended with a sumptuous dinner given by the Rodman Lumber Co.

"WAMBLES IS STILL DEAD"

After reading the following from the DeLand News, we will not be surprised to hear of a lynching in DeLand, nor will we blame the lynchers: "Court adjourned for the term yesterday. About 80 veniremen from all over the country had been summoned as a special venire to try Lassiter and Daly, charged with the horrible murder of Wambles, whom, if the stories be true, they ill-treated and then hung from the bridge over the road, by a rope taken from the automobile, which was stolen from its owner. Attorney Murray Sams, for Lassiter, presented an affidavit showing that Lassiter had been wounded in the head a couple of years ago, and according to Dr. W. H. Woods was not responsible while drinking, further, that Woods was out of the state and could not be secured to testify at this session of court. A postponement of the trial was granted by the court. Wambles is still dead. The case has so far cost the county, probably, \$1,000."

The American officials of the Hamburg-American Line are on trial in New York for conspiracy. It is alleged against them, with strong proof, that after war had been declared they sent out of the port of

New York fifteen ships laden with supplies for German cruisers, which was a violation of neutrality. The charge against them is that they deceived and defrauded the American government in obtaining clearance papers.

WANTS A MUNICIPAL RAILROAD COMMISSION

Dr. Chas. R. Tydings, on being asked if he favored building the railroad to Silver Springs, said he emphatically did, and believed it would be a great help to the city.

If it is built, however, he wants it put in the hands of a commission of men who understand the railroad business. He does not want it left in the hands of the council. Mr. Tydings has served on the council, says he knows nothing of railroad affairs, would not be willing to try to run a railroad and doesn't want a body of men who know no more about it than he does to run one for him and his fellow citizens.

POSTMASTER ROGERS' BROADER PROPOSITION

A Star reporter, Saturday, consulted Postmaster Rogers in regard to the plan to build a railroad to Silver Springs.

Mr. Rogers said he was in favor of the plan; thought the road would be an excellent investment for the city and a benefit for the people. He said, however, that he thought if we went into such an enterprise it would pay to broaden into a plan, which he set forth as follows:

He referred to the fact that over a year ago the people of the city voted a bond issue of over \$75,000 for the purpose of building a new electric current plant. This plant would now be built and in operation if the interference of parties anxious to promote their own interests had not tied the bond issue up in the courts, where it yet remains.

Mr. Rogers says he is indignant at this sacrifice of public welfare, and says the people generally share his indignation. He thinks that it would be best to give up this bond issue, and for the council to make an estimate of how much it would take to build a combined light and water plant and also a trolley line to the Springs, and submit a bond issue for it to the people. He believes that utility and necessity of the plan as well as the indignation of the people at the manner in which the road to their welfare has been blocked would carry the bond issue thru a whooping.

TEN CENTS TOO TRIVIAL

The boys who run the public autos ask the Star to give their side of the case relating to rates to the fair grounds. They say they can't afford to make the trip for ten cents, as they often take only one passenger, and ten cents wouldn't pay for the time, gasoline and wear and tear on the machine. They say they offered to make a round trip rate of 25 cents, if the fair management would let them put up an office and sell interchangeable tickets. The Star agrees with the boys that ten cents is not enough for the trip, and hopes that a proper arrangement can be made by next year.

Dr. C. E. Terry of Jacksonville, city health officer, who is well known in Ocala, has been made a member of the general board of directors of the association for the study and prevention of infant mortality.

The famous Liberty Bell, on its way from San Francisco back to Philadelphia, had a narrow escape from destruction in a fire at Paducah, Ky., Saturday night.

A dispatch from Petrograd says that Russia will have 700,000 fresh troops in the field in a month and 2,000,000 by next spring.

Dodge Brothers' Motor Car will be exhibited at the fair grounds this week in charge of Mr. P. L. Billingsley, whom you all know. 22-3t

Syrup cans, all kinds, Marion Hardware Company. 11-16

Fresh seeds of all kinds at the Ocala Seed Store. 20-1t

CALLING ON THE CHAIRMAN OF THE STREET COMMITTEE

If anything could make the smile come off the face of genial Mike Reoss it would be the remarks made by his fellow citizens on Oklawaha avenue, some of whom are swearing like "our army in Flanders" over the condition of the street. They want him to have that street fixed and have it fixed quick, if he has to take a writ of habeas corpus and a double-barreled shotgun in order to do it. The "army in Flanders," by the way, is not much worse muzzed up in muddy ditches than the unfortunates who dwell on Oklawaha.

PATTERSON HAS COME BACK

Malcolm R. Patterson, who a few years ago retired from the office of governor of Tennessee under a cloud, has come back. In the democratic primaries for United States senator Saturday, he was the second man, and will in the final contest run against Kenneth D. McKellar, member of congress from the tenth district. Luke Lea, now filling the office, was third in the race, and will be eliminated in the second primary. A few years ago, Patterson couldn't have been elected state dog catcher.

MAXWELL TOURING CAR MADE A RECORD RUN

A record trip from Detroit to Indianapolis and return has been made by McNamara in a stock Maxwell touring car. The outgoing trip from Detroit was made in 8 hours and 58 minutes, while the return trip was made in 10 hours and 4 minutes. The Maxwell was checked out of Detroit by W. D. Edenburn, American Automobile Association representative, at 3:11 a. m. It was checked at the Soldiers' Monument in Indianapolis—311 miles away—at 12 p. m. by Jack Baci, a local newspaper man. The return trip was checked by the same men, the car leaving at 12:23 p. m. and arriving at Detroit at 11:12 p. m. The machine in which the run was made is one of the first 1916 models turned out by the Detroit plant, and had already been run more than 17,000 miles, including one trip across the continent.—Automobile Topics.

Woodmen meet Friday evening.

TO CHANGE YOUR SKIN!

How to Develop the Highest Degree of Vital, Nervous and Muscular Vigor.

Snakes throw off their outer skin once a year. Human beings change their skin perhaps nine times in a year; that is, they have a new skin about once in six weeks.

The value of a clean skin in maintaining health is not properly understood by the majority of people. Cleanliness is a part of health. You cannot be healthy unless you are clean not only externally, but also internally.

The blood should also be assisted occasionally, like the skin, in throwing off poisons so that the system may not get clogged and leave a weak spot for disease germs to enter. When the blood is clogged we suffer from what is commonly called a cold.

Dr. Pierce's Golden Medical Discovery purifies the blood and entirely eradicates the poisons that breed and feed disease. It thus cures scrofula, eczema, boils, pimples and other eruptions that mar and scar the skin. Pure blood is essential to good health. The weak, run-down, debilitated condition which so many people experience is commonly the effect of impure blood. Doctor Pierce's Golden Medical Discovery not only cleanses the blood of impurities, but it increases the activity of the blood-making glands, and it enriches the body with an abundant supply of pure, rich blood.

Take it as directed and it will search out impure and poisonous matter in the stomach, liver, bowels and kidneys and drive it from the system through the natural channels.

It will penetrate into the joints and muscles, and dissolve the poisonous accumulations. Bad blood is driven out. It will furnish you with rich, pure blood full of vital force—the kind that increases energy and ambition, that rejuvenates the entire body.

J.H. CUTLER WHISKIES

MENU FOR DINNER

To be Served at the Fair Grounds by Ocala Ladies Tuesday, Nov. 23

- Chicken Pillau..... Chicken Fried Sliced Ham
- Celery..... Heintz' Variety Pickles
- Boston Baked Beans..... Candied Sweet Potatoes
- Bread..... Butter
- Home-Made Assorted Pies..... Coffee
- Extra..... Tea

Oysters, Stewed or Fried
Hostesses: Mrs. George Rentz, Mrs. George Martin.

School of Expression will Give a Play in Ocala

The Columbia School of Expression of Columbia College, Lake City, will present "Billy's Bungalow," a comedy in three acts, at the Temple theater in Ocala, sometime within the next two weeks. The exact date will be announced later.

The scene is laid at Billy's new bungalow, on Cedar island, where "Billy Middleton" and his wife, "Peggy," who have been married only three months, are giving a house party to a crowd of jolly young folks.

Among those invited are: Miss Kitty Campbell, the little flirt, not "out" yet—(Miss Thelma Schell.) Miss Dorothy French, a rich American girl, Peggy's sister—(Miss Emma Williams.)

Theodore Thurston, Billy's friend—(Mr. Landis Blitch.) Gordon Middleton, a college chap—(Mr. William Collier.)

Miss Laura Cauldwell, the unexpected guest—(Miss Rosalie Swandbe.)

Col. George VarPer, from Washington—(Mr. Lounis Blitch.) The Hon. Francis Fairweather Spaulding, engaged to Miss French—(Mr. Homer Howard.)

There are many amusing episodes which take place during the house party, and the situations are both serious and ludicrous, and the climax is extremely effective. Professor Irvin, who has the chair of French, Greek and German in Columbia College, plays the part of "Billy," builder of the bungalow, and Miss Edna Albritton as "Peggy" is quite a charming hostess.

WINESAP APPLES

We have just received 10 barrels of choice winesap apples, the best eating apple grown. While they last 60 cents per peck. Carn-Thomas Co. 19-2t

Hunting season opens Nov. 20th. Buy guns, leggins, hunting coats and shells now and be ready. Marion Hardware Company. 11-16
