

**WEATHER FORECAST**  
Partly cloudy tonight and Thursday with probably local thunder showers north and central portions.

## TRAMMELL WILL PROBABLY WEAR THE TOGA

### Seems to Have Beaten Bryan in the Race for the Senate

### CONTEST BETWEEN KNOTT AND CATTS IS CLOSE—DRANE SEEMS TO HAVE WON IN THE FIRST DISTRICT—SMITHWICK LEADS IN THIRD, AND IN FOURTH LAKE IS CROWDING SEARS

(Associated Press)

Tampa, June 7.—With about 60 per cent of the returns from yesterday's primary in, Governor Trammell is far ahead of Senator Bryan, Perry C. Wall and former Governor Albert W. Gilchrist for United States senator.

Congressman Sparkman is probably re-nominated in the First District, J. H. Smithwick leads in the Third, and Congressman Sears is closely pressed by Forest Lake in the Fourth district.

Sidney J. Catts apparently swept the state for governor. Vice President Marshall won over Governor Major of Missouri for the vice presidential nomination.

#### TRAMMELL HAS THE TOGA

(Special to the Star)

Jacksonville, June 7, 1 p. m.—Early returns indicate that Trammell has beyond a doubt been elected United States senator.

Catts and Knott are running close for gubernatorial honors. Farris is falling far short of the expectations held out for him.

The second choice vote will determine the gubernatorial nomination.

Fogarty, Lake and Sears are all running well for congress in the fourth district. Lake headquarters claims a lead of 800 out of those so far heard from.

Luning, Crawford and Sheats are apparently re-elected but early returns indicate that Cockerell is facing defeat.

Smithwick in the third and Drane in the first are running in first places for congress, it seems.

#### SAYS SPARKMAN IS SAFE

(Special to the Star)

Tampa, June 7.—With the results of yesterday's democratic primary over the state coming in only in fragmentary form and with the second choice votes taken into account only in a few places, there is little certainty as to the results. It does appear certain, however, that the following have been nominated.

United States senator, Park Trammell.

Congress first district, S. M. Sparkman by small majority over H. J. Drane.

Congress second district, Frank Clark, unopposed.

Governor, S. J. Catts.

Secretary of state, H. Clay Crawford.

Attorney general, Thos. F. West, no opposition.

National committeeman, Cromwell Gibbons.

Justice supreme court, R. S. Cockerell.

In the third congressional district, J. H. Smithwick is leading and may be nominated. There are three others in the race, Watson, Kehoe and Stephens.

In the fourth congressional district Congressman W. J. Sears appears to be in the lead with Forest Lake of Sanford, a close second. Dr. J. N. Fogarty of Key West in probably eliminated.

For comptroller the returns show Allie J. Angle of Tampa in the lead, with State Auditor Ernest Amos second.

For state superintendent of public instruction the race between W. H. Sheats, the present incumbent, and Dr. J. L. Kelley of Gainesville, is close, with the indications favoring Mr. Sheats.

For state treasurer it is probable that the present incumbent, J. C. Luning has won, although J. S. Griner of Starke has run a very strong race.

For railroad commissioner, A. S. Wells appears to be leading, with Royal Dunn a close second.

Tampa Times.

Now is the time to take a good spring tonic and VINOL is the best. Sold only at The Court Pharmacy.

## BELIEVES IN WORK ON COMMON SENSE BASIS

### ATLANTIC COAST LINE OFFICIAL SAYS HIS ROAD IS READY TO CO-OPERATE WITH PEOPLE OF OCALA

J. C. Murchison, division superintendent of the Atlantic Coast Line, says that he is ready and anxious to meet at any time with the people of Ocala with a view to working out on a "common sense" basis the problems that confront the city and his road, and in so saying he has particular reference to the much debated question of improvements in the freight yards here. He thinks that the city and his road can reach decisions that will be of benefit to both, and does not believe that anything can be accomplished by the city and railroads working apart.

Mr. Murchison is here today with Robert Taylor, a former Ocala, traveling freight agent of the Coast Line. Asked if he was here for any special purpose, Mr. Murchison said that he was here merely to look things over in a general way. He said that his road did not contemplate any changes in the freight yards at once, but said that he would come to Ocala at any time that the people of the city desired to have a conference on any matter.

"I believe in working these things out on a common sense basis," Mr. Murchison said. "That is the way I shall work."

Mr. Murchison referred to the differences that have existed between his road and the city, and he said that he hoped that under his administration as general superintendent of this division it would be possible to reach agreements satisfactory to all parties concerned.

Mr. Taylor said that Ocala looked good to him, and he expressed himself as pleased to hear of the enterprises and developments here.

#### SEWERAGE WORK IS SATISFACTORY

Engineers Henny and Drake Have Given It Careful Inspection

Mr. David Henny, of Twombly & Henny, engineers, informed council last night that, with City Engineer Drake, he had inspected the sewerage work in the city proper and found it satisfactory. Acceptance of the sewerage system in the city proper, including the Imhoff tank, was recommended. This was done, and council paid to Twombly & Henny and to Bryan & Co., the contractors, sums due them on the work.

Mr. Henny pointed out that extras on the entire sewerage work would be about \$700, which he thought was very low.

North Ocala's system has not yet been completed.

#### AMERICANS NUMEROUS IN THE RUSSIAN ARMY

Headquarters of the Russian Seventh Army, June 7.—American automobiles, auto trucks and motorcycles are to be found in great numbers all along the Russian front. At an aviation camp are stored dozens of motors and spare parts for aeroplanes—all American. Similarly at every point behind the front a profusion of products of various sorts testify to the activity of American manufacturers in grasping trade opportunities opened to them by the war.

## TERRIBLE WORK OF THE TORNADO

### Storm that Swept Middle Southern and Western States was the Worst Felt in Many Years

(Associated Press)

Kansas City, June 7.—A death list exceeding 150 is indicated by additional reports from communities of the states struck by the tornado. One hundred and twenty-six deaths are reported in Missouri, Mississippi, Tennessee and Illinois. Others reported as missing are believed to be dead.

Only forty-five survivors were accounted for in checking the passenger list and crew of the Mississippi river packet Eleonore, sunk twelve miles above Memphis. Thirty or more are believed to have perished.

## SEWER BOND MONEY FOR WATER MAINS

### City Attorney is of the Opinion that Funds can be Used if Necessary

Frederick Hocker, city attorney, is of the opinion that the city can use a part of the sewer bond money in laying water mains, provided that the water mains are necessary to put the sewerage system in operation.

The city attorney was asked for this opinion recently when council had under consideration the additional water mains needed to flush the sewers. It was said at the time that a bond issue of about \$25,000 might be necessary for the purpose of laying the water mains.

#### DECIDED IN FAVOR OF THE CITY

Judge Bullock has decided in favor of the city in the case against R. L. Anderson in the matter of street paving certificates. The demurrer filed by Mr. Anderson has been overruled by the court, and this, according to the city attorney, means that the city will win the fight that was begun about 1909.

The case against Mr. Anderson involves street paving certificates to the amount of about \$1000. A test case was brought by the city to foreclose a lien against paving on North Magnolia street involving \$300, and Mr. Anderson filed a demurrer.

Two people from the Ocala Seed Store will be treated to our delicious and refreshing drink, coca-cola in bottles if they will call at Williams' candy store and present this notice. The Ocala Coca-Cola Bottling Works.

## RESULTS OF THE PRIMARY ELECTION

### CARN, NUGENT, SMITH, AYER AND STRIPLING ARE CHOSEN--SHERIFF, AND SUPERINTENDENT ARE IN DOUBT

Counting the votes in the primary election was a strenuous undertaking, but not so difficult in Marion as was expected. Possibly, we have more efficient election boards than other counties. At any rate, by three o'clock this morning those who remained awake until that hour could form a tolerably fair estimate of the results.

By that time it was apparent that Carn had won for commissioner in the first district; that Nugent had won for clerk with Sistrunk and Carney second and third.

Galloway was in the lead for sheriff with Adams pressing him close. Galloway has a safe majority of first choice votes, but the second remain to be counted.

Brinson was ahead for superintendent and Grantham was his most formidable competitor.

That Wm. E. Smith shall have another term as county judge.

That Uncle Alfred Ayer will establish the Marion county record for holding one office, his constituents having elected him over Phillips.

That Stripling had a small but safe majority over Colbert.

That the silver tongue of Zewadski would not ring in the next meeting of the legislature.

That Marion county Light will be thrown on all measures that come before the next house.

Following is the vote in Ocala precinct:

Commissioner: Carn, 312; Carmichael, 241; Pickett, 26.  
Clerk Circuit Court: Carney, 61; Nugent, 303; Sistrunk, 223.  
Sheriff: Adams, 125; Galloway, 173; Gordon, 112; Lewis, 83; Priest, 83.  
Superintendent of Public Instruction: Brinson, 265; Ervin, 78; Grantham, 132; Miller, 101.  
County Judge: Bell, 158; Smith, 320.  
Tax Assessor: Ayer, 370; Phillips, 207.  
Tax Collector: Colbert, 263; Stripling, 319.  
Representative: Light, 238; Titcomb, 157; Zewadski, 175.  
County Surveyor: Marsh, 304; Moorhead, 270.

Vice President of the United States: Marshall, 404; Major, 76.  
United States Senator: Bryan, 256; Gilchrist, 55; Trammell, 156; Wall, 105.

National Committeeman: Crawford, 328; Gibbons, 178.  
Governor: Catts, 91; Farris, 184; Hudson, 49; Knott, 195; Wood, 57.  
Secretary of State: Crawford, 364; Jordan, 170.

Controller: Amos, 103; Angle, 4; Gwynn, 47; Thagard, 404.  
Treasurer: Griner, 242; Luning, 288.

State Superintendent of Public Instruction: Kelly, 198; Sheats, 346.  
Justice Supreme Court: Browne, 337; Cockerell, 162.

Railroad Commissioner: Bryan, 96; Dunn, 306; Ford, 63; Wells, 173.

The Ocala election board consisted of Messrs. J. J. Gerig, L. O. Booher and F. W. Ditto, inspectors, and W. W. Clyatt, clerk, at box 1; B. H. Seymour, C. H. Lloyd and W. H. McConn, inspectors, and W. C. Blanchard, clerk, at box 2. They had a long and strenuous task counting the votes, but they attended to it with a rapidity and accuracy was an example. The polls opened at 8 o'clock and closed at 6:30. J. C. Jackson was the first man to vote, and H. A. Fausett the last.

Supervisor Barco said this morning that the second choice votes would be counted and full results announced probably tomorrow.

DUNNELLO A GOOD TOWN

The Star is informed that Dannelon gave a good majority for Bryan and Knott. It stood loyally by its fellow citizen, Titcomb for the legislature.

According to the best reports we have the figures for legislators are as follows: Light, 747; Titcomb, 439; Zewadski, 378.  
For sheriff: Galloway, 512; Adams, 446.  
For school superintendent: Brinson, 501; Grantham, 368.

RAILROAD COMMISSIONER BLITCH IN THE CITY

Mr. N. A. Blicht, member of the state railroad commission, is at the Harrington, and will be glad to meet and confer with our citizens in regard to the union station.

U. D. C. Meeting

Dickson chapter U. D. C. will meet with Mrs. B. A. Weathers on Friday afternoon at 4 o'clock. Members are requested to be on time as the business session will begin at the appointed hour, 4 p. m.

Fresh seeds of all kinds, at the Ocala Seed Store.

## ARMY OF CZAR MARCHING ON

### Gathered Up Forty Thousand Austrians in Its New Offensive in Galicia

(Associated Press)

Petrograd, June 7.—The Russians have captured more than forty thousand men in their new offensive, it is officially announced.

FRENCH SAY ATTACKS FAILED

London, June 7.—Powerful German attacks on Fort Vaux on the Verdun front continue. The French war office asserts the German attack last night was repulsed with heavy losses. The violent bombardment of Vaux continues. Artillery duels are reported at hill 304 and in the Cumières wood.

FRENCH DESTROYER SUNK

Paris, June 7.—It is reported here that the French destroyer Fantassin has been sunk in a collision. The crew was saved.

Berlin accounts of Emperor William's speech to the sailors of the fleet at Wilhelmshaven quote him as saying that the great naval battle off Jutland destroyed British sea supremacy.

BERLIN SAYS WARSPRITE WAS SUNK

Berlin, June 7.—Semi-official dispatches say that Kiel dispatches continue to assert the British dreadnaught Warsprite was sunk. They claim the battleship Koenig sank the Warsprite.

ing that the second choice votes would be counted and full results announced probably tomorrow.

DUNNELLO A GOOD TOWN

The Star is informed that Dannelon gave a good majority for Bryan and Knott. It stood loyally by its fellow citizen, Titcomb for the legislature.

According to the best reports we have the figures for legislators are as follows: Light, 747; Titcomb, 439; Zewadski, 378.  
For sheriff: Galloway, 512; Adams, 446.  
For school superintendent: Brinson, 501; Grantham, 368.

RAILROAD COMMISSIONER BLITCH IN THE CITY

Mr. N. A. Blicht, member of the state railroad commission, is at the Harrington, and will be glad to meet and confer with our citizens in regard to the union station.

U. D. C. Meeting

Dickson chapter U. D. C. will meet with Mrs. B. A. Weathers on Friday afternoon at 4 o'clock. Members are requested to be on time as the business session will begin at the appointed hour, 4 p. m.

Fresh seeds of all kinds, at the Ocala Seed Store.

## OPENED CONVENTION SINGING AMERICA

### Republican National Meeting Most Quiet on Record

### SHADOW OF IMPENDING DEFEAT SEEMS TO HOVER OVER THE GRAND OLD PARTY AT CHICAGO

(Associated Press)

The Coliseum, Chicago, June 7.—With the most remarkable lack of demonstrations in the history of the party, the republican national convention opened at 11:25 o'clock this morning. The convention was called to order by Chairman Hilles of the national committee. The audience stood and sang two verses of "America." Rev. John Stone of Chicago, offered a prayer.

Chairman Hilles then asked every one to stand to be photographed. The convention was photographed, while seated, however.

Secretary Reynolds was applauded as he read the call. There were no demonstrations as the leaders entered the hall before the convention opened. Messrs. Lodge, Crane, Penrose, Hitchcock and others entered unrecognized. Senator Depew was received with hand clapping by the New York delegation.

There were large vacant spaces in the galleries. The favorite sons delegations were seated directly before the speakers' platform. From right to left were Michigan, Missouri, Illinois, Ohio, New York, Pennsylvania and Iowa. The first cheer of the day came when every one arose as the band played the Star Spangled Banner. Then all was quiet and the aisles cleared.

Chairman Hilles presented the name of Senator Warren G. Harding as temporary chairman. Applause followed. This was the first demonstration of the convention. There were no other nominations and Harding was declared elected.

IN FAVOR OF A BIG NAVY

Chairman Harding spoke for an hour and twenty minutes. There was a sustained demonstration when he declared for a navy fearing none in the world. Temporary officers were approved, and adjournment was taken at 11 o'clock until tomorrow.

No outward evidence marked a change in the situation as the convention convened. Peace talk is still in the air. Most of the republicans expect nominations to begin Friday, though some think eleventh hour peace negotiations may delay this feature until next week.

WATER TANK WAS NEAR DRY LAST SATURDAY

Between One and Two O'Clock There was Only Six Inches in the Standpipe

For the first time in probably a long time the city water tank was nearly empty Saturday afternoon. Between 1 and 3 o'clock there was about six inches of water in the tank. It seems that Engineer Sparmer of Bryan & Co., turned on water to flush the new sewers, and in doing so turned on the wrong cocks, which drew the water out of the tank. The reservoir at the water station was full, however, and would have taken care of a fire.

When the matter was brought up in council last night, at the instance of Councilman Meffert it was decided that in the future no one be allowed to turn on water from the mains except the superintendent of the waterworks, or the chief of the fire department, or persons having permission from these two authorities.

Carter's Butternut Bread is made of pure flour, sugar, yeast, malt, milk, lard and salt; it is made and wrapped by machinery and baked with steam.

Reported that a Number Were Killed by Greasers in the Big Bend District

El Paso, June 7.—A report has just reached here to the effect that a large party of Mexican raiders has again invaded the Big Bend district, and that nine United States citizens were put to death at Glenn Springs, the scene of the raid that brought about the American punitive expedition.

SILVER MEDAL CONTEST

There was a silver medal contest at Electra Sunday night. The house was full to overflowing of interested people, and all were pleased with the program. Rev. Gorbett had come to preach, but he gave way for the contest, and we believe the talk he made on the subject of temperance did as much good as his regular sermon would have done. It was one of the best talks on that subject that we have heard for many a day. The speaking was all good and the medal was awarded to Miss Marzella Mock, and was presented by Mr. Gus Waters. The judges were Messrs. Stana-land, Ellis Simmonds and Miss Emma Washburn. The contest had been announced for several weeks, and the crowd came from all the surrounding country, the use of the numerous automobiles making this possible.

Mrs. G. D. Washburn.

We give prompt and accurate service on all prescription work. Tell your doctor to leave yours with us. The Court Pharmacy. 1f

## OCALA STAR VOTING COUPON

5 THIS COUPON IS GOOD FOR FIVE VOTES IN LIBRARY CONTEST—5 VOTED FOR

Cut out, fill in name of church, lodge, school or other organization you wish to vote for, and deposit in ballot box at THE COURT PHARMACY.

The official judges of the contest are Messrs. George Pasteur, Herbert Lattner and Ed. C. Bennett.
